SUPPLEMENTARY INFORMATION:

Background

On June 13, 2017, the Department of Commerce (Commerce) published the *Final Results* of its administrative review of the antidumping duty order¹ on certain circular welded non-alloy steel pipe from Mexico.² The period of review (POR) is November 1, 2014, through October 31, 2015. Commerce conducted an administrative review of mandatory respondents Maquilacero and Regiomontana de Perfiles y Tubos, S.A. de C.V./PYTCO, S.A. de C.V. (Regiopytsa),³ and non-selected respondents Conduit, S.A. de C.V. (Conduit), Productos Laminados de Monterrey, S.A. de C.V. (Prolamsa), and Ternium Mexico, S.A. de C.V. (Ternium).⁴ In the *Final Results*, Commerce found that there were entries of in-scope merchandise produced and/or exported by Maquilacero, S.A. de C.V. (Maquilacero) during the POR and calculated a 7.32 percent *ad valorem* margin for those entries. However, Commerce also stated its intent to “adjust the assessment rate for . . . certain entries of subject merchandise produced and/or exported by Maquilacero . . . to account for the total amount of duties that would have been collected on {Maquilacero’s} full universe of U.S. sales.”⁵

On July 12, 2017, Maquilacero timely filed a request for a for a NAFTA panel review challenging Commerce’s *Final Results*. Subsequent to Maquilacero’s request for this NAFTA panel review, Commerce determined that certain of

Maquilacero’s tubing products reported during the 2014–2015 administrative review are not within the scope of the *Order*.⁶

The United States and Maquilacero have now entered into an agreement to settle this dispute. The NAFTA Secretariat terminated the panel review with an effective completion date of October 11, 2018.

Assessment Rates

Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review pursuant to section 751(a)(2)(C) of the Tariff Act of 1930, as amended, and 19 CFR 351.212(b). Commerce intends to issue assessment instructions to CBP within 7 days after the date of publication of these amended final results of review in the **Federal Register**.

Commerce will instruct CBP to apply an *ad valorem* assessment rate of 7.32 percent to all entries of subject merchandise during the POR which were produced and/or exported, and imported, by Maquilacero. Commerce will further instruct CBP that certain entries for which suspension of liquidation continued may be of merchandise determined to be out of the scope of the antidumping duty order on circular welded non-alloy steel pipe from Mexico, and that CBP should liquidate those entries without regard to duties, as previously instructed.

The *ad valorem* assessment rates for all entries of subject merchandise during the POR which were produced and/or exported by Regiopytsa, Conduit, Prolamsa, and Ternium remain unchanged from the *Final Results*.

Cash Deposit Requirements

Because a new cash deposit rate has been calculated for Maquilacero in a subsequent administrative review,⁷ Commerce will not instruct CBP to change the cash deposit rate for Maquilacero.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)

to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred, and the subsequent assessment of double antidumping duties.

We are issuing this determination and publishing these amended final results of antidumping duty administrative review pursuant to settlement.

Deputy Assistant Secretary for Enforcement and Compliance.

Laminated Woven Sacks From the Socialist Republic of Vietnam: Postponement of Final Determination of Sales at Less Than Fair Value Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is postponing the deadline for issuing the final determination in the less-than-fair-value (LTFV) investigation of laminated woven sacks (LWS) from the Socialist Republic of Vietnam (Vietnam) until February 25, 2019, and is extending the provisional measures from a four-month period to a period of not more than six months.

DATE: Applicable October 23, 2018.

SUPPLEMENTARY INFORMATION:

Background

On March 27, 2018, Commerce initiated a LTFV investigation of imports of LWS from Vietnam.¹ The period of investigation is July 1, 2017, through December 31, 2017. On October

³ We treated Regiomontana de Perfiles y Tubos, S.A. de C.V., and PYTCO, S.A. de C.V., as a single entity for the *Final Results*; this remains unchanged in these amended final results.

⁴ Three additional companies were subject to review but were determined to have had no shipments of subject merchandise into the United States during the POR in the *Final Results*; that determination is unchanged in these amended final results.

⁵ See *Final Results*, 82 FR at 27040.

11, 2018, Commerce published its *Preliminary Determination* in this LTFV investigation of LWS from Vietnam.²

Postponement of Final Determination

Section 735(a)(2) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(b)(2) provide that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by the exporters or producers who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioners. Further, 19 CFR 351.210(e)(2) requires that such postponement requests by exporters be accompanied by a request for extension of provisional measures from a four-month period to a period of not more than six months, in accordance with section 733(d) of the Act.

On October 2, 2018, Duong Vinh Hoa Packaging Company Limited, a mandatory respondent in this investigation, requested that Commerce postpone the deadline for the final determination until no later than 135 days from the publication of the *Preliminary Determination*, and extend the application of the provisional measures from a four-month period to a period of not more than six months.³ In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because (1) the preliminary determination was affirmative; (2) the request was made by the exporters and producers who account for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination until no later than 135 days after the date of the publication of the *Preliminary Determination*, and extending the provisional measures from a four-month period to a period of not more than six months. Accordingly, Commerce will issue its final determination no later than February 25, 2019.⁴
