

requesting to operate a food establishment on a military installation, characterizes the types of foods, daily volume of food, supporting food equipment, and sanitary controls. Approval to operate the food establishment is determined by the installation's medical authority; the Preventive Medicine or Public Health Activity conducts an operational assessment based on the food safety criteria prescribed in the Tri-Service Food Code (TB MED 530/NAVMED P-5010-1/AFMAN 48-147 IP). Food vendors who are deemed inadequately prepared to provide safe food service are disapproved for operating on the installation.

Respondents are food vendors requesting to operate a business on a military installation or solicited by an installation command or military unit through the Army and Air Force Exchange Service (AAFES), Navy Exchange (NEX), Marine Corps Exchange (MCX), Family Morale, Welfare and Recreation (FMWR), or other sponsoring entity to operate a food establishment on the military installation or Department of Defense site. If the form is not completed during the application process, the Preventive Medicine assessment can only be conducted once the operation is set up on the installation. A pre-operational inspection is conducted before the facility is authorized to initiate service to the installation. Critical food safety violation found during the pre-operational inspection results in disapproval for the facility to operate. All critical violations must be corrected in order to gain operational approval; the installation command incurs the risk of a foodborne illness outbreak if a non-compliant food establishment is authorized to operate. The vendor's application to operate is retained on file with Preventive Medicine and does not need to be resubmitted by vendors whose services are intermittent throughout the year unless the scope of the operation has changed.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Exchange Retail Sales Transaction Customer Satisfaction Survey; OMB Control Number 0702-0130.

Needs and Uses: The information collection requirement is necessary to provide the Exchange with holistic views of customers' shopping experiences. The survey aids the Exchange's marketing directorate to address the effectiveness of providing goods and services in applicable service availability meeting the patron's wants and desires.

Affected Public: Individuals or Households and Federal Government.

Annual Burden Hours: 2,000.

Number of Respondents: 40,000.

Responses per Respondent: 1.

Annual Responses: 40,000.

Average Burden per Response: 3 minutes.

Frequency: On occasion.

Respondents are authorized customers of the Army and Air Force Exchange Service, who voluntarily provide opinions or comments regarding their recent shopping experience at an Exchange facility. The survey provides valuable data used to enhance the customer's experience. If the Exchange does not receive data through the survey, the Exchange's efforts to improve the customer shopping experience would not be as effective, efficient, or useful. Customer information is vital to the efficient and effective maintenance and improvement of the Exchange operations. The survey does not collect PII data.
