

The annual burden for this information collection is estimated to be 572,791 hours. This represents an increase of 281,305 hours from the current burden estimate of 291,486 hours. This increase is not due to any new requirements imposed by the FDIC. Rather, it is due to FDIC's reassessment of the burden hours associated with responding to the existing requirements of the Rule and to guidance, feedback, and additional requests for information by the FDIC as part of the iterative resolution planning process. The revised estimates are informed by feedback received from the CIDs over the past year. Because submissions have been required no more frequently than biennially, the burden associated with the Annual Update has been multiplied by  $\frac{2}{3}$  to represent two Annual Update filings over the three-year period contemplated by this notice and renewal.

#### Request for Comment

*Comments are invited on:* (a) Whether the collection of information is necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. ### Federal Acquisition Regulation; FY 2019 FAR Reissue Posted to the Acquisition.gov Website

**AGENCY:** General Services Administration (GSA).

**ACTION:** Notice.

**SUMMARY:** This notice advises users that the FY 2019 Federal Acquisition Regulation (FAR) Reissue will be available for download at <https://www.acquisition.gov/browsefar>.

**DATES:** Applicable date: November 13, 2018.

**FOR FURTHER INFORMATION CONTACT:** The Regulatory Secretariat Division, at 202-501-4755; or via email at [GSARegSec@gsa.gov](mailto:GSARegSec@gsa.gov). Please cite 2019 FAR Reissue Posted to the Acquisition.gov website.

**SUPPLEMENTARY INFORMATION:**

Periodically, the FAR is reissued because of administrative necessity. Although the reissue does not alter the language of the FAR, it does contain several administrative updates to improve the user experience and increase accessibility. The following updates are to features that do not appear in the Code of Federal Regulations:

- Future Federal Acquisition Circulars (FAC) will be renumbered so that the next issued FAC will be FAC 2019-01. This reissue will replace the prior numbering system which used FACs 2005-01 through FAC 2005-101. Because of the renumbering, the Foreword section of the FAR will be updated to reflect the current FAC number.
- The FAR Looseleaf package will no longer be offered. Instead, a List of Sections Affected (LSA) will be included on the <https://acquisition.gov> website, and updated for each FAC.
- The matrix will continue to be available in the PDF version of the FAR. However, acquisition.gov will be releasing the new Smart Matrix. The new FAR Smart Matrix includes a filterable clause matrix, file saving options, improved search capabilities,

as well as hyperlinked clauses, provisions and prescriptions to the current version of the FAR.

- The FAR will be available in HTML, XML, Word, and PDF formats. Users intending to print the FAR can refer to the Adobe PDF file.
- FAR Proposed Rule Publications that are open for comments are available at [https://acquisition.gov/requesting\\_comments](https://acquisition.gov/requesting_comments).
- The Federal Alert Notices (FAN) are available at [https://acquisition.gov/fan\\_list](https://acquisition.gov/fan_list).

Although these changes do not alter the Code of Federal Regulations, they will provide smoother access to the FAR for new and experienced users alike. Please contact the Regulatory Secretariat Division with any questions or concerns.
