

at 40 CFR Subpart B (Section 82.30 *et seq.*). The information required to be collected under the section 609 regulations is: Approved refrigerant handling equipment; approved independent standards testing organizations; technician training and certification; and certification, reporting and recordkeeping.

Form Numbers: None.

Respondents/affected entities: The following is a list of NAICS codes for organizations potentially affected by the information requirements covered under this ICR. It is meant to include any establishment that may service or maintain motor vehicle air conditioners.

4411 Automobile Dealers

4413 Automotive Parts, Accessories, and Tire Stores

44711 Gasoline Stations with Convenience Stores

8111 Automotive Repair and Maintenance

811198 All Other Automotive Repair and Maintenance

Other affected groups include independent standards testing organizations and organizations with technician certification programs.

Respondent's obligation to respond: Mandatory (40 CFR 82.36, 82.38, 82.40, 82.42).

Estimated number of respondents: 45,902 (per year).

Frequency of response: On occasion, biennially, only once.

Total estimated burden: 4,130 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$218,009 (per year), includes \$0 annualized capital or operation & maintenance costs.

Changes in estimates: There is a decrease of 33 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease is due in part to a decrease in the number of new technician certifications and the time allotted for maintenance of the technician certification records. The time associated with the maintenance of these records has decreased, recognizing the move towards electronic recordkeeping which may be more efficient. Additionally, a decrease in the market for small containers of CFC-12 refrigerant has also decreased the burden.

Courtney Kerwin,

Director, Regulatory Support Division.

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; Trade Secrets Claims for Community Right-to-Know and Emergency Planning (EPCRA Section 322) (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency has submitted an information collection request (ICR), Trade Secrets Claims for Community Right-to-Know and Emergency Planning (EPCRA Section 322) (EPA ICR Number 1428.11; OMB Control Number 2050-0078) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through December 31, 2018. Public comments were previously requested via the **Federal Register** on June 11, 2018 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. **DATES:** Additional comments may be submitted on or before November 30, 2018.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-SFUND-2006-0361, to (1) EPA online using www.regulations.gov (our preferred method), by email to superfund.docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460, and (2) OMB via email to oir_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Wendy Hoffman, Office of Emergency

Management, Mail Code 5104A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: (202) 564-8794; fax number: (202) 564-2620; email address: hoffman.wendy@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: This information collection request pertains to trade secrecy claims submitted under Section 322 of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA). EPCRA contains provisions requiring facilities to report to state and local authorities, and EPA, the presence of extremely hazardous substances (Section 302), inventory of hazardous chemicals (Sections 311 and 312) and manufacture, process and use of toxic chemicals (Section 313). Section 322 of EPCRA allows a facility to withhold the specific chemical identity from these EPCRA reports if the facility asserts a trade secret for that chemical claim for that chemical identity. The provisions in Section 322 establish the requirements and procedures that facilities must follow to request trade secret treatment of chemical identities, as well as the procedures for submitting public petitions to the Agency for review of the "sufficiency" of trade secret claims.

Trade secret protection is provided for specific chemical identities contained in reports submitted under each of the following sections of EPCRA: (1) Section 303 (d)(2)—Facility notification of changes that have or are about to occur; (2) Section 303 (d)(3)—Local Emergency Planning Committee (LEPC) requests for facility information to develop or implement emergency plans; (3) Section 311—Material Safety Data Sheets (MSDSs) submitted by facilities, or lists of those chemicals submitted in place of the MSDSs; (4) Section 312—Emergency and hazardous chemical inventory forms (Tier I and Tier II); and (5) Section 313 Toxic chemical release inventory form.

Form Numbers: EPA Form 9510-1.

Respondents/affected entities: Manufacturer and non-manufacturer facilities subject to reporting under

sections 303, 311/312 or 313 of the Emergency Planning and Community Right-to-Know Act (EPCRA).

Respondent's obligation to respond: Mandatory if a respondent decides to make a trace secret claim for the chemical identity for any of the chemicals in any of the reports the respondent is required to submit under EPCRA sections 303, 311/312 or 313.

Estimated number of respondents: 272 trade secret claims.

Frequency of response: Annual, with reports submitted under Sections 312 and 313.

Total estimated burden: 2,584 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$151,047 (per year). There are no capital or operation and maintenance costs associated with this ICR.

Changes in the estimates: This ICR renewal estimates a total respondent burden of 2,584 hours, which is reduced from the previous ICR. The previous approved burden was 3,154 hours. The burden decreased because the actual number of claims submitted is lower than what EPA estimated in the previous ICR.

Courtney Kerwin,

Director, Regulatory Support Division.

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NESHAP for Inorganic Arsenic Emissions From Glass Manufacturing Plants (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency has submitted an information collection request (ICR), "NESHAP for Inorganic Arsenic Emissions from Glass Manufacturing Plants (40 CFR part 61, subpart N) (Renewal)" (EPA ICR No. 1081.12, OMB Control No. 2060-0043), to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a proposed extension of the ICR, which is currently approved through November 30, 2018. Public comments were previously requested, via the **Federal Register** (82 FR 29552), on June

29, 2017 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An Agency may neither conduct nor sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before November 30, 2018.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2014-0038, to: (1) EPA online using www.regulations.gov (our preferred method), or by email to docket.oeca@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460; and (2) OMB via email to oira_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit: <http://www.epa.gov/dockets>.

Abstract: The National Emission Standards for Hazardous Air Pollutants (NESHAP) for Inorganic Arsenic Emissions from Glass Manufacturing Plants (40 CFR part 61, subpart N) apply to each existing and new glass melting furnace that uses commercial arsenic as a raw material located at a glass manufacturing plant. These standards

do not apply to pot furnaces; in addition, the standards do not consider re-bricking as construction or modification for the purposes of 40 CFR Section 61.05(a). New facilities include those that commenced construction or reconstruction after the date of proposal. In general, all NESHAP standards require initial notifications, performance tests, and periodic reports by the owners/operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance with 40 CFR part 61, subpart N.

Form Numbers: None.

Respondents/affected entities: Glass manufacturing plants.

Respondent's obligation to respond: Mandatory (40 CFR part 61, subpart N).

Estimated number of respondents: 16 (total).

Frequency of response: Initially, occasionally and semiannually.

Total estimated burden: 3,100 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$382,000 (per year), which includes \$56,000 in annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is no change in labor hours or costs in this ICR compared to the previous ICR. This is due to two considerations: (1) The regulations have not changed over the past three years and are not anticipated to change over the next three years; and (2) the growth rate for the industry is very low or non-existent, so there is no significant change in the overall burden.

Courtney Kerwin,

Director, Regulatory Support Division.
