Petition for Exemption

Docket No.: FAA–2018–0911.

Petitioner: The Boeing Company.

Section(s) of 14 CFR Affected: § 91.527(a).

Description of Relief Sought: The Boeing Company seeks an exemption from § 91.527(a) at amendment 91–310 with respect to operating the 777–9 and 777–8 “777X” series aircraft in icing conditions. This exemption would permit The Boeing Company to operate such aircraft within the holdover times of the other critical surfaces of the aircraft without specific consideration of the folding wingtip (FWT) conditions. The exemption would be limited by the Airplane Flight Manual (AFM)—Miscellaneous Limitations notation that defines conditions under which takeoff without appropriate de/anti-icing treatment of the FWT is not permitted.
