Federal Register

Vol. 83, No. 213

Friday, November 2, 2018

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

COMMISSION ON CIVIL RIGHTS

Notice of Public Meeting of the Idaho Advisory Committee

AGENCY: U.S. Commission on Civil Rights.

ACTION: Announcement of meeting.

SUMMARY: Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights (Commission) and the Federal Advisory Committee Act (FACA) that a meeting of the Idaho Advisory Committee (Committee) to the Commission will be held at 12:00 p.m. (Mountain Time) Friday, December 7, 2018. The purpose of the meeting is to plan the implementation of the Committee's project on Native American voting rights.

DATES: The meeting will be held on Friday, December 7, 2018, at 12:00 p.m. MST Public Call Information:
Dial: 877-260-1479.
Conference ID: 3934836.

FOR FURTHER INFORMATION CONTACT: Alejandro Ventura at aventura@usccr.gov or (213) 894-3437

SUPPLEMENTARY INFORMATION: This meeting is available to the public through the number listed above. Any interested member of the public may call this number and listen to the meeting. Callers can expect to incur charges for calls they initiate over wireless lines, and the Commission will not refund any incurred charges. Callers will incur no charge for calls they initiate over land-line connections to the toll-free telephone number. Persons with hearing impairments may also follow the proceedings by first calling the Federal Relay Service at 1-800-877-8339 and providing the Service with the conference call number and conference ID number.

Members of the public are entitled to make comments during the open period at the end of the meeting. Members of the public may also submit written

comments; the comments must be received in the Regional Programs Unit within 30 days following the meeting. Written comments may be mailed to the Western Regional Office, U.S. Commission on Civil Rights, 300 North Los Angeles Street, Suite 2010, Los Angeles, CA 90012. They may be faxed to the Commission at (213) 894-0508, or emailed Alejandro Ventura at aventura@usccr.gov. Persons who desire additional information may contact the Regional Programs Unit at (213) 894-3437.

Records and documents discussed during the meeting will be available for public viewing prior to and after the meeting at <http://facadatabase.gov/committee/meetings.aspx?cid=245>. Please click on the "Meeting Details" and "Documents" links. Records generated from this meeting may also be inspected and reproduced at the Regional Programs Unit, as they become available, both before and after the meeting. Persons interested in the work of this Committee are directed to the Commission's website, <http://www.usccr.gov>, or may contact the Regional Programs Unit at the above email or street address.

Agenda

- I. Call to Order and Roll Call
- II. Adoption of Agenda
- III. Approval of Minutes From October 16, 2018 Meeting
- IV. Discussion of Implementation Plan for Project on Native American Voting Rights
- V. Public Comment
- VI. Discussion of Next Steps
- VII. Adjournment

Dated: October 30, 2018.

David Mussatt,

Supervisory Chief, Regional Programs Unit.

Foreign-Trade Zones Board

[B-67-2018]

Foreign-Trade Zone (FTZ) 158—Jackson, Mississippi; Notification of Proposed Production Activity; Calsonic Kansei North America (Automotive Parts), Canton, Mississippi

Calsonic Kansei North America (CKNA) submitted a notification of proposed production activity to the FTZ Board for its facility in Canton, Mississippi. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on October 25, 2018.

The applicant indicates that it will be submitting a separate application for FTZ designation at the CKNA facility under FTZ 158. The facility will be used to produce a variety of automotive parts and subassemblies for use in the automotive industry. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt CKNA from customs duty payments on the foreign-status components used in export production. On its domestic sales, for the foreign-status materials/components noted below, CKNA would be able to choose the duty rates during customs entry procedures that apply to: Safety, warning, and identification labels; glove box dampers; rubber grommets, mounts and seals; air filters; steel hex screws; polypropylene+talc plastic fuse covers; steel brackets; air vents; motor fan housings; air conditioner (a/c) blower fans; a/c evaporators with seals; a/c heater cores with seals; catalytic converters; evaporator expansion valves; electronic body control modules; plastic switch retaining brackets; airbag electronic control units; bumper brackets; center console boxes; plastic switch brackets; plastic covers; cover instruments; air duct center vents; dashboard speaker covers; cup holders; plastic lids; hinge plastic covers; console removable liners; air filter covers; windshield defrost ducts;

dashboard pads; instrument panels; plastic center console pockets; motor fan splash guards; plastic radiator mount supports; radiator tank reserves; center console trays; air vents; plastic air intake doors; mechanical links and levers for intake doors; radiator with seals; steel mufflers end plates; steel exhaust tubes; steering column covers; steering members; radiator caps; air intake ducts; transmission oil coolers with seals; instrument cluster control switches, and instrument cluster finishers (duty rate ranges from duty-free to 6%). CKNA would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: Polypropylene+talc; blank labels; aluminum condenser seals; rubber radiator seals; vibration control rubber bumpers, mounting, and stoppers; steel flanges; zinc plated screw-taps; zinc plated bolts; steel screws; steel clips; steel brackets; flux cored wires; steel tubes; a/c blower fans; aluminum fan inserts; a/c blower fans with motors; air conditioner units; a/c amplifiers; connector liquid-tanks; heater cores with seals; evaporators; aluminum condenser pipe flanges; aluminum condenser header plates; condenser aluminum pipes; air filters; catalytic converters; steel catalytic converter housings; injection molds; muffler valves; evaporator expansion valves; electric fan motors; warning buzzers and speakers; radio units; antenna digital control modules; smart keyless antennae; air bag cut off indicators; capacitor-chips; resistors; printed circuit boards; instrument cluster switches; battery charging status warning indicators; audio control switches; manual a/c control units; automatic a/c control units; manual a/c controls; vehicle area network bridge controls; diodes; electronic frequency crystal-quartz; a/c controllers; body control module unit circuits; advanced driver assistance systems; electronic control unit occupant detection systems; integrated circuit-central processing units; airbag occupant electronic control units; sensors and diagnosis air bag service kits; air bag unit sensors; steering wire harnesses; a/c unit insulators; rear console finishers; instrument panel finishers; lid-fuse blocks; plastic instrument panel covers; door vents; a/c slide doors; steel radiator caps; aluminum radiator header plates; aluminum radiator core reinforcements; radiator with transmission oil coolers;

aluminum radiator tubes; steel inlets and outlet diffuser exhaust tubes; flanges; steel insulators; steel exhaust pipes; aluminum condenser adapters; polypropylene+talc center duct adapters; steel boss oxygen exhaust manifolds; steel exhaust cap convertors; polypropylene+talc front cases; plastic air conditioner unit clips; stainless steel motor fan clips; zinc plated steel radiator support mounting collars; body control module connectors; ignition switch covers; connector covers; low density polyethylene duct aspirators; fan control modules; urethane foam grommet heater pipes; polyacetal hinge pins; nylon antenna holders; acrylonitrile ethylene styrene glove box lamp housings; automatic transmission controls; exhaust manifold steel joints; polycarbonate/acrylonitrile butadiene styrene and polyvinyl chloride instrument cluster skin lids; glove box lids; a/c motor/actuators; polypropylene+talc connector covers; acrylonitrile butadiene styrene switch covers; instrument clusters; polycarbonate/acrylonitrile butadiene styrene dashboard finishers; acrylonitrile butadiene styrene+polyethylene furanoate+polyvinyl chloride console panel covers; thermistor type power temperature coefficient circuit breakers; instrument cluster pointer supports; a/c unit soft vinyl drain tubes; transmission oil cooler adapters; transmission oil coolers; intake sensor with clips; ambient in car sensors; sun sensors, and electronic a/c fan controls (duty rate ranges from duty-free to 7%). The request indicates that certain materials/components are subject to special duties under Section 232 of the Trade Expansion Act of 1962 (Section 232) and Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 232 and Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 12, 2018.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Christopher Wedderburn at Chris.Wedderburn@trade.gov or (202) 482-1963.

Dated: October 29, 2018.

Andrew McGilvray,
Executive Secretary.

Foreign-Trade Zones Board

[B-68-2018]

Foreign-Trade Zone (FTZ) 23—Buffalo, New York; Notification of Proposed Production Activity; Panasonic Eco Solutions Solar New York America, Subzone 23E, (Crystalline Silicon Photovoltaic Cells), Buffalo, New York

Panasonic Eco Solutions Solar New York America (PESSNY) submitted a notification of proposed production activity to the FTZ Board for its facility in Buffalo, New York. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on October 24, 2018.

PESSNY already has authority to produce crystalline silicon photovoltaic (CSPV) solar panels/modules within Subzone 23E. The current request would add a finished product (CSPV cells) to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific finished product described in the submitted notification and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt PESSNY from customs duty payments on the foreign-status materials/components in the existing scope of authority used in export production of CSPV cells. On its domestic sales, for the foreign-status materials/components (primarily silicon wafers and silver paste) in the existing scope of authority (duty rates range between duty-free and 5.8%), PESSNY would be able to choose the duty rate during customs entry procedures that applies to CSPV cells (duty free). PESSNY would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment. The request indicates that certain materials/components in the existing scope of authority are subject to special duties under Section 301 of the Trade Act of 1974 (Section 301),
