

and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to consider limiting the amount of personal information that you provide in any voluntary submission you make to DHS. DHS may withhold information provided in comments from public viewing that it determines may impact the privacy of an individual or is offensive. For additional information, please read the Privacy Act notice that is available via the link in the footer of <http://www.regulations.gov>.

Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Extension, Without Change, of a Currently Approved Collection.

(2) *Title of the Form/Collection:* Genealogy Index Search Request and Genealogy Records Request.

(3) *Agency form number, if any, and the applicable component of the DHS sponsoring the collection:* G-1041 and G-1041A; USCIS.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* *Primary:* Individuals or households. The Genealogy Program is necessary to provide a more timely response to requests for genealogical and historical records. Form G-1041 is provided as a convenient means for persons to provide data necessary to perform a search of historical agency indices. Form G-1041A provides a convenient means for persons to identify a particular record desired under the Genealogy Program. The

forms provide rapid identification of such requests and ensures expeditious handling. Persons such as researchers, historians, and social scientists seeking ancestry information for genealogical, family history and heir location purposes will use Forms G-1041 and G-1041A.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The estimated total number of respondents for the information collection G-1041 is 3,847 and the estimated hour burden per response is 1,924 hours. The estimated total number of respondents for the information collection G-1041A is 2,920 and the estimated hour burden per response is 1,460 hours.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total estimated annual hour burden associated with this collection is 3,384 hours.

(7) *An estimate of the total public burden (in cost) associated with the collection:* The estimated total annual cost burden associated with this collection of information is \$25,376.

Revised Draft Environmental Impact Statement; Amendment to the 1997 Washington State Department of Natural Resources State Lands Habitat Conservation Plan and Incidental Take Permit; Extension of Public Comment Period

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; extension of public comment period.

SUMMARY: The U.S. Fish and Wildlife Service (Service) is extending the public comment period for the revised draft environmental impact statement (RDEIS) addressing an amendment to the 1997 Washington State Department of Natural Resources (WDNR) State Lands Habitat Conservation Plan (HCP) to cover the implementation of a Long-

Term Conservation Strategy (LTCS) for the marbled murrelet. The RDEIS also addresses an amendment to the Endangered Species Act incidental take permit for take of marbled murrelet resulting from the implementation of the LTCS. The Service jointly developed the RDEIS with the WDNR. The RDEIS is intended to satisfy the requirements of both the National Environmental Policy Act and the Washington State Environmental Policy Act. If approved, the proposed LTCS will replace an interim marbled murrelet conservation strategy that is currently being implemented under the WDNR HCP. Extending the comment period will allow more time for the public to review the RDEIS and submit comments.

DATES: The comment period for the RDEIS addressing an amendment to the 1997 WDNR State Lands HCP to cover the implementation of a LTCS for the marbled murrelet, which published on September 7, 2018 (83 FR 45458), is extended. Please send your written comments by 11:59 p.m. EST on December 6, 2018.

ADDRESSES: To view the pertinent documents for this proposal, request further information, or submit comments, please use one of the following methods, and note that your information request or comments are in reference to FWS-R1-ES-2018-N106.

- *Internet:* You can view the DEIS on the internet at www.fws.gov/WWFWO/ or at www.dnr.wa.gov/non-project-actions.

- *Hard Copy:* Contact one of the sources listed in **FOR FURTHER INFORMATION CONTACT** to request hard copies.

- *Email:* Comments may be submitted electronically to WDNR at <https://www.dnr.wa.gov/long-term-conservation-strategy-marbled-murrelet>. WDNR will transmit all comments received to the Service.

- *U.S. Mail:* Comments may also be submitted in writing to: SEPA Center, P.O. Box 47015, Olympia, WA 98504-7015. WDNR will transmit all comments received to the Service.

FOR FURTHER INFORMATION CONTACT: Please contact either of the following:

- Mark Ostwald, by telephone at 360-753-9564, by email at Mark_Ostwald@fws.gov, or by U.S. mail at Washington Fish and Wildlife Office, U.S. Fish and Wildlife Service, 510 Desmond Dr., Suite 102, Lacey, WA 98503; or

- SEPA Center, WDNR, by telephone at 360-902-1750, or by email at sepacenter@dnr.wa.gov.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service or FWS), have jointly developed with

the Washington State Department of Natural Resources (WDRN) a revised draft environmental impact statement (RDEIS) addressing an amendment to the 1997 WDRN State Lands Habitat Conservation Plan (HCP) to cover the implementation of a Long-Term Conservation Strategy (LTCS) for the marbled murrelet. The marbled murrelet (*Brachyramphus marmoratus*), a seabird, was listed as threatened in 1992 under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*).

The RDEIS also addresses an amendment to the ESA section 10 incidental take permit (ITP) for take of marbled murrelet resulting from the implementation of the LTCS. The RDEIS is intended to satisfy the requirements of both the National Environmental Policy Act (NEPA; 42 U.S.C. 4321 *et seq.*) and the Washington State Environmental Policy Act. If approved, the proposed LTCS will replace an interim conservation strategy for the marbled murrelet, which is currently being implemented under the WDRN HCP.

The RDEIS analyzes seven action alternatives and a no action alternative. If approved, the amended ITP would authorize incidental take of the marbled murrelet that would occur as a result of implementation of the LTCS over the remaining 50-year term of the WDRN HCP. The scope of the proposed amendment to the WDRN HCP and ITP, and thus of the RDEIS, is exclusively limited to consideration of the LTCS for the marbled murrelet. A **Federal Register** notice of availability (83 FR 45458) for the RDEIS was published for a 60-day comment period on September 7, 2018.

In addition to this notice, the U.S. Environmental Protection Agency (EPA) is also publishing a notice announcing the extension of the public comment period on the RDEIS, as required under section 309 of the Clean Air Act (42 U.S.C. 7401 *et seq.*). The original public comment period for this RDEIS is scheduled to close on November 6, 2018. In order to give the public additional time to review and comment on the RDEIS addressing an amendment to the 1997 WDRN State Lands HCP, the FWS is extending the public comment period. Comments previously submitted on the RDEIS need not be resubmitted, as they will be fully considered in preparing the final RDEIS addressing an amendment to the 1997 WDRN State Lands HCP.

For background information regarding the original EIS and HCP, the interim conservation strategy for the marbled murrelet, and next steps in this process,

see the September 7, 2018, **Federal Register** notice (83 FR 45458).

Public Comments

You may submit your comments and materials by one of the methods listed in **ADDRESSES**. We specifically request information and comments on the following:

1. Biological information on the marbled murrelet in the terrestrial and marine environments;
 2. Cumulative effects on the environment that might influence the status of the marbled murrelet in the ESA listed range;
 3. Resiliency of the alternatives in providing current and future marbled murrelet habitat in relation to climate change and future natural disturbance events such as fire and windstorms;
 4. Adequacy of the distribution of marbled murrelet habitat to provide conservation over the remaining term of the HCP;
 5. Other aspects of the human environment not already identified in the DEIS that may be affected, pursuant to NEPA regulations in the Code of Federal Regulations (CFR) at 40 CFR 1506.6.
 6. Other information and documents related to the RDEIS that WDRN has posted on their website at <https://www.dnr.wa.gov/long-term-conservation-strategy-marbled-murrelet>.
- Comments received from the 2016 DEIS public comment period were used to inform the RDEIS. Comments received on the DEIS and this RDEIS will be responded to in the FEIS. If you submitted comments during the comment period for the DEIS, you do not need to resubmit those comments.

Public Availability of Comments

All comments and materials we receive become part of the public record associated with this action. Before including your address, phone number, email address, or other personally identifiable information in your comments, you should be aware that your entire comment—including your personally identifiable information—may be made publicly available at any time. While you can ask us in your comment to withhold your personally identifiable information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety. Comments and materials we receive, as well as supporting documentation we use in preparing the

FEIS, will be available for public inspection by appointment, during normal business hours, at our Washington Fish and Wildlife Office (see **ADDRESSES**).

Authority

We provide this notice in accordance with the requirements of section 10(c) of the ESA and its implementing regulations (50 CFR 17.22 and 17.32) and NEPA and its implementing regulations (40 CFR 1506.6).

Katherine Hollar,

Acting Deputy Regional Director, Pacific Region, U.S. Fish and Wildlife Service.
