

Producer/exporter	Net subsidy rate (percent)
JSW Steel Limited and JSW Steel Coated Products Limited	4.24
"All-others" rate	6.12

Cash Deposit Requirements

Because JSW does not have a superseding cash deposit rate, *i.e.*, there have been no final results published in subsequent administrative reviews for JSW, Commerce will issue revised cash deposit instructions to CBP. Commerce will also instruct CBP to collect cash deposits for companies covered by the "all-others" cash deposit rate according to the table above.

Notification to Interested Parties

This notice is issued and published in accordance with sections 516A(c)(1) and (e), 705(c)(1)(B), and 777(i)(1) of the Act.

Dated: November 1, 2018.

James Maeder,

Associate Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations performing the duties of Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XG571

Endangered and Threatened Species; Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; availability of hatchery plan and request for comment.

SUMMARY: Notice is hereby given that the Bureau of Reclamation (Reclamation) and the California Department of Fish and Wildlife (CDFW) have submitted a Hatchery and Genetics Management Plan (HGMP) pursuant to the protective regulations promulgated for Pacific salmon and steelhead under the Endangered Species Act (ESA). The HGMP specifies the operation of a hatchery program rearing coho salmon in the upper Trinity River within the State of California. This document serves to notify the public of the availability of the HGMP and associated draft environmental assessment (EA) for comment prior to a

decision by NMFS whether to approve the proposed hatchery program.

DATES: Comments must be received at the appropriate address or fax number (see **ADDRESSES**) no later than 5 p.m. Pacific time on December 7, 2018.

ADDRESSES: Written comments on the application should be addressed to NMFS West Coast Region, California Coastal Office, 1655 Heindon Road, Arcata, CA 95521, or faxed to (707) 825-4840. Comments may be submitted by email to: *TrinityRiverHatcheryPlan.wcr@noaa.gov*. Include in the subject line of the email comment the following identifier: Comments on the Trinity River Hatchery plan.

FOR FURTHER INFORMATION CONTACT: Seth Naman, at phone number: (707) 825-5180, or via email: *Seth.Naman@noaa.gov*.

SUPPLEMENTARY INFORMATION:

Species covered in this notice:

Coho salmon (*O. kisutch*): Threatened, naturally produced and artificially propagated Southern Oregon/Northern California (SONCC).

Reclamation and CDFW have submitted an HGMP to NMFS describing a hatchery program that releases coho salmon into the upper Trinity River, in northern California, for consideration pursuant to Limit 5 of the ESA 4(d) rule for salmon and steelhead.

The hatchery program that is the subject of the NMFS evaluation would operate to produce coho salmon to mitigate for lost natural production that would have occurred in historic spawning habitat upstream of the Trinity River Dam and the Lewiston Dam (*i.e.*, habitat blocked since the dams were constructed). The program would propagate coho salmon smolts that are derived from the local coho salmon population in the Trinity River, matching natural-origin coho salmon with their natural counterparts whenever possible, and striving for a high proportion of natural influence (average greater than 0.67). Measures would be applied in the hatchery program to reduce the risk of incidental adverse genetic, ecological, and demographic effects on natural-origin salmon populations.

As specified in the July 10, 2000, ESA 4(d) rule for salmon and steelhead (65 FR 42422) and updated June 28, 2005 (70 FR 37160), NMFS may approve an HGMP if it meets criteria set forth in 50 CFR 223.203(b)(5)(i)(A) through (K). Prior to final approval of an HGMP, NMFS must publish notification announcing its availability for public review and comment.

Authority

Under section 4 of the ESA, the Secretary of Commerce is required to adopt such regulations as s/he deems necessary and advisable for the conservation of species listed as threatened under the ESA. The ESA salmon and steelhead 4(d) rule (65 FR 42422, July 10, 2000, as updated in 70 FR 37160, June 28, 2005), specifies categories of activities that contribute to the conservation of ESA-listed salmonids and sets out the criteria for such activities. Limit 5 of the updated 4(d) rule (50 CFR 223.203(b)(5)) further provides that the prohibitions of paragraph (a) of the updated 4(d) rule (50 CFR 223.203(a)) do not apply to activities associated with artificial propagation programs provided that an HGMP has been approved by NMFS in accordance with the salmon and steelhead 4(d) rule (65 FR 42422, July 10, 2000, as updated in 70 FR 37160, June 28, 2005).

Dated: November 1, 2018.

Angela Somma,

Chief, Endangered Species Conservation Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Evaluation of the Pacific Islands Managed and Protected Area Community (PIMPAC)

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before January 7, 2019.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW, Washington, DC 20230 (or via the internet at *prcomments@doc.gov*).

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument and instructions should be directed to Michael Lameier, Habitat Conservation Division, Pacific Islands Regional Office, 1845 Wasp Blvd., Building 176, Honolulu, HI 96818, (808) 725 5085, michael.lameier@noaa.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

This request is for a new collection of information. The aim of the study is to understand the effectiveness of the capacity development efforts of the Pacific Islands Managed and Protected Area Community, as known as PIMPAC. The survey will assess to what extent PIMPAC has developed human and organizational capacities to enhance protected area management in the Pacific island region. Results of the survey are expected to help guide and improve the effectiveness of capacity development activities by PIMPAC for protected area management in the next ten years.

II. Methods of Collection

The survey will be conducted using in-person, one on one interviews and phone interviews.

III. Data

OMB Control Number: 0648–xxxx.

Form Number(s): None.

Type of Review: Regular submission (request for a new information collection).

Affected Public: Individuals or households, not-for-profit institutions; state, local, and federal government.

Estimated Number of Respondents: 80.

Estimated Time per Response: 30 minutes per survey and 1 hour per interview.

Estimated Total Annual Burden Hours: 50 hours.

Estimated Total Annual Cost to Public: \$0 in record keeping/reporting.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques

or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: November 1, 2018.

Sarah Brabson,

NOAA PRA Clearance Officer.

BILLING CODE 3510–22–P

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC–2012–0030]

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Testing and Recordkeeping Requirements for Carpets and Rugs

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995, the Consumer Product Safety Commission (CPSC) announces a submission to the Office of Management and Budget (OMB) requesting an extension of approval for a collection of information related to the CPSC's Standard for the Surface Flammability of Carpets and Rugs and the Standard for the Surface Flammability of Small Carpets and Rugs (OMB No. 3041–0017). CPSC previously published a notice announcing the agency's intent to seek an extension of approval of this collection of information. CPSC received no comments in response to that notice.

DATES: Written comments on this request for extension of approval for information collection requirements should be submitted by December 7, 2018.

ADDRESSES: Submit comments about this request by email: OIRA_submission@omb.eop.gov or fax: 202–395–6881. Comments by mail should be sent to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the CPSC, Office of Management and Budget, Room 10235, 725 17th Street NW, Washington, DC 20503. In addition, written comments that are sent to OMB also should be submitted electronically at <http://www.regulations.gov>, under Docket No. CPSC–2012–0030.

FOR FURTHER INFORMATION CONTACT: Bretford Griffin, Consumer Product

Safety Commission, 4330 East West Highway, Bethesda, MD 20814; (301) 504–7037, or by email to: bgriffin@cpsc.gov.

SUPPLEMENTARY INFORMATION: CPSC seeks to renew the following currently approved collection of information:

Title: Safety Standard for the Flammability of Carpets and Rugs and Standard for the Flammability of Small Carpets and Rugs.

OMB Number: 3041–0017.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.

Affected Public: Manufacturers and importers of carpets and rugs.

Estimated Number of Respondents: Out of 215 domestic manufacturers, approximately half, or 108 manufacturers, elect to issue a guaranty of compliance with the FFA. Additionally, of the approximately 6,000 firms that import carpets and rugs, approximately 1,500 elect to issue guaranties of compliance. Staff estimates that the average firm issuing a continuing guarantee under the FFA is required to conduct, at most, 200 tests per year, although the actual number of tests required by a given firm may vary from one to 200, depending upon the number of carpet styles and the annual production volume. To estimate burden, we selected the midpoint, 100 tests per year.

Estimated Time per Response: 2.5 hours to conduct each test, and to establish and maintain test records.

Total Estimated Annual Burden: The time required to conduct each test is estimated to be 2.5 hours, including the time required to establish and maintain the test records. We estimate the total annualized cost/burden to respondents could be as many as 160,800 tests per year (1,608 firms × 100 tests), at 2.5 hours per test, or 402,000 hours.

Total Estimated Annual Cost to Respondents: The total annualized costs to all respondents for the hour burden for collection of information is estimated to be as high as \$27,830,460, using a mean hourly employer cost-per-hour-worked of \$69.23 (Bureau of Labor Statistics: Total compensation rates for management, professional, and related occupations in private goods-producing industries, March 2018) (402,000 hours × \$69.23).

General Description of Collection: The Standard for the Surface Flammability of Carpets and Rugs (16 CFR part 1630) and the Standard for the Surface Flammability of Small Carpets and Rugs (16 CFR part 1631) establish requirements to reduce the flammability of carpets and rugs. The standards'
