[Docket No. CP17–470–000]

Freeport LNG Development, L.P., FLNG Liquefaction 4, LLC; Notice of Availability of the Environmental Assessment for the Proposed Train 4 Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an Environmental Assessment (EA) for the Freeport LNG Train 4 Project (Project). Freeport LNG Development, L.P. and FLNG Liquefaction 4, LLC (collectively referred to as Freeport LNG), request authorization (FERC Docket No. CP17–470–000) to site, construct, and operate pipeline, natural gas liquefaction and export facilities near Freeport in Brazoria County, Texas. The Project would be constructed as an expansion of Freeport LNG's existing Quintana Island Terminal (Terminal), as well as associated pretreatment and pipeline facilities, for the purpose of liquefying domestic natural gas for export.

The EA assesses the potential environmental effects of the construction and operation of the Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed Project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The U.S. Department of Transportation, U.S. Department of Energy, and U.S. Environmental Protection Agency participated as cooperating agencies in the preparation of the EA. A cooperating agency has jurisdiction by law or special expertise regarding environmental impacts involved with the proposal, and is involved in the NEPA analysis.

The EA addresses the potential environmental effects of the construction and operation of the following project facilities:

- One LNG train;
- one natural gas pretreatment unit;
- minor modifications to existing facilities, and
- 10.6 miles of 42-inch-diameter pipeline.

The Commission mailed a copy of the *Notice of Availability* to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes;
