

CFR 121.201. Based on Commission staff review of BIA/Kelsey, LLC's Media Access Pro Radio Database, 4,626 (99.94%) of 4,629 a.m. radio stations have revenue of \$38.5 million or less. Accordingly, based on this data, the Bureaus conclude that the majority of Auction 100 eligible bidders would likely meet the SBA's definition of a small business concern.

55. *Description of Projected Reporting, Recordkeeping, and Other Compliance Requirements for Small Entities.* In the Auction 100 Comment Public Notice, the Bureaus propose no new reporting, recordkeeping, or other compliance requirements for small entities or other auction applicants. The Commission designed the auction application process itself to minimize reporting and compliance requirements for applicants, including small business applicants. In the first part of the Commission's two-phased auction application process, parties desiring to participate in an auction file streamlined, short-form applications in which they certify under penalty of perjury as to their qualifications. Eligibility to participate in bidding is based on an applicant's short-form application and certifications, as well as its upfront payment. In the second phase of the process, there are additional compliance requirements for winning bidders. Thus, a small business that fails to become a winning bidder does not need to file a long-form application and provide the additional showings and more detailed demonstrations required of a winning bidder.

56. *Steps Taken To Minimize the Significant Economic Impact on Small Entities, and Significant Alternatives Considered.* The RFA requires an agency to describe any significant, specifically small business, alternatives that it has considered in reaching its proposed approach, which may include the following four alternatives (among others): (1) The establishment of differing compliance or reporting requirements or timetables that take into account the resources available to small entities; (2) the clarification, consolidation, or simplification of compliance and reporting requirements under the rule for such small entities; (3) the use of performance rather than design standards; and (4) an exemption from coverage of the rule, or any part thereof, for such small entities, 5 U.S.C. 603(c)(1)–(4).

57. The Bureaus intend that the proposals of the Auction 100 Comment Public Notice to facilitate participation in Auction 100 will result in both operational and administrative cost

savings for small entities and other auction participants. In light of the numerous resources that will be available from the Commission at no cost, the processes and procedures proposed in the Auction 100 Comment Public Notice should result in minimal economic impact on small entities. For example, prior to the auction, the Commission will hold a mock auction to allow eligible bidders the opportunity to familiarize themselves with both the bidding processes and systems that will be used in Auction 100. During the auction, participants will be able to access and participate in bidding via the internet using a web-based system, or telephonically, providing two cost-effective methods of participation and avoiding the cost of travel for in-person participation. Further, small entities as well as other auction participants will be able to avail themselves of telephone hotlines for assistance with auction processes and procedures as well as technical support hotlines to assist with issues such as access to or navigation within the electronic FCC Form 175 and use of the FCC's auction system. In addition, all auction participants, including small business entities, will have access to various other sources of information and databases through the Commission that will aid in both their understanding of and participation in the process. These mechanisms are made available to facilitate participation in Auction 100 by all eligible bidders and may result in significant cost savings for small business entities who utilize these mechanisms. These steps, coupled with the advance description of the bidding procedures in Auction 100, should ensure that the auction will be administered efficiently and fairly, thus providing certainty for small entities as well as other auction participants.

58. These proposed procedures for the conduct of Auction 100 constitute the more specific implementation of the competitive bidding rules contemplated by 47 CFR parts 1 and 73 and the underlying rulemaking orders, including the Broadcast First Report and Order and relevant competitive bidding orders, and are fully consistent therewith.

59. *Federal Rules That May Duplicate, Overlap or Conflict With the Proposed Rules.* None.

C. Ex Parte Rules

60. This proceeding has been designated as a permit-but-disclose proceeding in accordance with the Commission's *ex parte* rules. While additional information is provided in the Auction 100 Comment Public Notice on the relevant reporting requirements,

participants in Auction 100 should familiarize themselves with the Commission's *ex parte* rules.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[MB Docket No. 18–320; RM–11817; DA 18–1070]

Television Broadcasting Services; Morehead and Richmond, Kentucky

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: At the request of ION Media Lexington License, Inc. (ION), licensee of television station WUPX–TV, channel 21, Morehead, Kentucky (WUPX), the Commission is proposing to amend the DTV Table of Allotments to change WUPX's community of license from Morehead to Richmond, Kentucky. ION asserts that the proposed reallocation is consistent with the Commission's second allotment priority by providing Richmond with its first local transmission service. ION also asserts that the proposed reallocation will not deprive Morehead of its sole broadcast station because it will continue to be served by station WKMR(TV), licensed to Kentucky Authority for Educational TV, on channel *15 at Morehead. ION is not currently proposing to change WUPX's licensed facilities as part of its proposed reallocation.

DATES: Comments must be filed on or before November 26, 2018 and reply comments on or before December 4, 2018.

ADDRESSES: Federal Communications Commission, Office of the Secretary, 445 12th Street SW, Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve counsel for petitioner as follows: ION Media Networks, Inc., c/o Terri McGalliard, 601 Clearwater Park Road, West Palm Beach, Florida 33401.

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Coastal Migratory Pelagics Resources in the Gulf of Mexico and Atlantic Region; Amendment 31

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments.

SUMMARY: NMFS proposes to implement management measures described in Amendment 31 to the Fishery Management Plan (FMP) for Coastal Migratory Pelagics (CMP) of the Gulf of Mexico (Gulf) and Atlantic Region (Amendment 31), as prepared by the Gulf of Mexico (Gulf Council) and South Atlantic Fishery Management Councils (South Atlantic Council) (Councils). This proposed rule would remove Atlantic migratory group cobia (Atlantic cobia) from Federal management under the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). At the same time, this proposed rule would implement comparable regulations under the Atlantic Coastal Fisheries Cooperative Management Act (Atlantic Coastal Act) to replace the existing Magnuson-Stevens Act based regulations in Atlantic Federal waters. The purpose of Amendment 31 is to facilitate improved coordination of Atlantic cobia in state and Federal waters, thereby more effectively constraining harvest and preventing overfishing and decreasing adverse socio-economic effects to fishermen.

DATES: Written comments must be received by December 10, 2018.

ADDRESSES: You may submit comments on the proposed temporary rule,

identified by “NOAA–NMFS–2018–0114,” by either of the following methods:

- **Electronic submission:** Submit all electronic public comments via the Federal e-Rulemaking Portal: <http://www.regulations.gov>. Go to www.regulations.gov/#/docketDetail;D=NOAA-NMFS-2018-0114 click the “Comment Now!” icon, complete the required fields, and enter or attach your comments.

- **Mail:** Submit written comments to Karla Gore, NMFS Southeast Regional Office, 263 13th Avenue South, St. Petersburg, FL 33701.

- **Instructions:** Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter “N/A” in required fields if you wish to remain anonymous).

Electronic copies Amendment 31 may be obtained from the Southeast Regional Office website at <https://www.fisheries.noaa.gov/action/coastal-migratory-pelagics-amendment-31-management-atlantic-migratory-group-cobia>. Amendment 31 includes an environmental assessment, a fishery impact statement, a regulatory impact review, and a Regulatory Flexibility Act (RFA) analysis.

SUPPLEMENTARY INFORMATION: The coastal migratory pelagics fishery in the Atlantic region is managed under the FMP and includes cobia, along with king and Spanish mackerel. The FMP was prepared by the Councils and is implemented by NMFS through regulations at 50 CFR part 622 under authority of the Magnuson-Stevens Act.

Background

Through the CMP FMP, cobia is managed in two distinct migratory groups. The first is the Gulf migratory group of cobia that ranges both in the Gulf from Texas through Florida as well as in the Atlantic off the east coast of Florida (Gulf cobia). The second is the Atlantic migratory group of cobia that is managed from Georgia through New
