In addition to providing ongoing scientific advice for fishery management decisions, the SSC functions as the Council's primary peer review panel for scientific information, as described by the Magnuson-Stevens Act section 302(g)(1)(e), and the National Standard 2 guidelines (78 FR 43066). The peer review process is also deemed to satisfy the requirements of the Information Quality Act, including the OMB Peer Review Bulletin guidelines.

The Charter Halibut Management Committee will review and recommend management measures for the charter halibut fisheries in International Pacific Halibut Commission (IPHC) areas 2C and 3A for implementation in 2019, and other business. The Enforcement Committee will review the Enforcement Committee Terms of Reference and Enforcement Precepts, and will receive a presentation of an anonymous survey results from Observers regarding observer safety/harassment.

The Cook Inlet Salmon Committee agenda will include the following issues:

- (1) Review and provide comments on specific, Council-identified issues
- (2) Develop options for fishery management measures for specific, Council-identified management needs
- (3) Provide perspectives on potential social and economic impacts of proposed fishery management measures

The Agendas are subject to change, and the latest versions will be posted at <http://www.npfmc.org/>
