

discrimination between customers, issuers, brokers, or dealers. As noted above, the effect of the proposed rule change is to change the threshold for listed companies to benefit from the exemptions from the NYSE compensation committee requirements applicable to smaller reporting companies so that all companies that qualify for smaller reporting company status under the revised SEC definition will qualify for those exemptions. Listed smaller reporting companies must comply with all other applicable Exchange corporate governance requirements, including all other applicable compensation committee requirements. The Commission has already determined through its own rulemaking that the revised thresholds for smaller reporting company status proposed in this rule proposal are consistent with the goal of the Act to further the protection of investors and the public interest¹² and the Exchange believes that its own proposal is consistent with Section 6(b)(5) of the Act for the same reasons.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change will not impose any burden competition as its sole purpose is to change the threshold for listed companies to benefit from the exemptions from the NYSE compensation committee requirements applicable to smaller reporting companies so that all companies that qualify for smaller reporting company status under the revised SEC definition will qualify for those exemptions.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹³ and Rule 19b-4(f)(6) thereunder.¹⁴ Because the proposed rule change does not: (i) Significantly affect the protection of

investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁵ of the Act to determine whether the proposed rule change should be approved or disapproved.

Self-Regulatory Organizations; Nasdaq PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to New Derivative Securities Products

November 6, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 24, 2018, Nasdaq PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Phlx Rule 803 related to derivative

securities traded under unlisted trading privileges (“UTP”) to remove the requirement in Rule 803(o)(3) for the Exchange to file with the Commission a Form 19b-4(e) for each “new derivative securities product” as defined in Rule 19b-4(e) under the Act³ (“Derivative Security”) traded under UTP and renumber the remaining provisions of Rule 803(o) to maintain an organized rule structure. The Exchange has designated this rule change as “non-controversial” under Section 19(b)(3)(A) of the Act⁴ and provided the Commission with the notice required by Rule 19b-4(f)(6) thereunder.⁵

The text of the proposed rule change is available on the Exchange’s website at <http://nasdaqphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend Rule 803 related to derivative securities traded under UTP by removing the requirement in Rule 803(o)(3) for the Exchange to file with the Commission a Form 19b-4(e) for each Derivative Security, and renumbering the remaining rules of Rule 803(o) to maintain an organized rule structure, as described below.

Rule 803(o)(3) sets forth the requirement for Phlx to file with the Commission a Form 19b-4(e) with respect to each Derivative Security that is traded under UTP. However, Phlx believes that it should not be necessary to file a Form 19b-4(e) with the Commission if it begins trading a Derivative Security on a UTP basis, because Rule 19b-4(e)(1) under the Act

refers to the “listing and trading” of a “new derivative securities product.”

The Exchange believes that the requirements of that rule refers [sic] to when an exchange lists and trades a Derivative Security, and not when an exchange seeks only to trade such product on a UTP basis pursuant to Rule 12f-2 under the Act.⁶ Therefore, Phlx proposes to delete the requirement in current Rule 803(o)(3) for Phlx to file a Form 19b-4(e) with the Commission with respect to each Derivative Security it begins trading on a UTP basis. In addition, as a result of the deletion of current Rule 803(a)(1) Phlx proposes to renumber current Rule 803(o)(4), as Rule 803(o)(3).

2. Statutory Basis

Phlx believes that the proposed rule change is consistent with the provisions of Section 6(b)⁷ of the Act in general, and furthers the objectives of Section 6(b)(5) of the Act⁸ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Specifically, eliminating the requirement to file a Form 19b-4(e) for each Derivative Security the Exchange begins trading on a UTP basis removes an unnecessary regulatory requirement thereby providing for a more efficient process for adding Derivative Securities to trading on the Exchange on a UTP basis.

In addition, the Exchange notes that a substantially identical proposed rule change by NYSE National, Inc. (“NYSE National”) was recently approved by the Commission.⁹ In particular, the Commission noted in the approval order that it “believes that the filing of a Form 19b-4(e) is not required when an Exchange is trading a new derivative securities product on a UTP basis only”¹⁰ and also found that the NYSE National’s proposed rule change is “consistent with the requirements of Section 6(b)(5) of the Act.”¹¹

With respect to the renumbering of current Rule 803(o)(4) as Rule 803(o)(3), the Exchange believes that this change is consistent with the Act because they [sic] will allow the Exchange to

maintain a clear and organized rule structure, thus preventing investor confusion.

For these reasons, Phlx believes the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act.

B. Self-Regulatory Organization’s Statement on Burden on Competition

Phlx does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, removing the requirement to file a Form 19b-4(e) will serve to enhance competition by providing for the efficient addition of Derivative Securities for trading under UTP on Phlx. To the extent that a competitor marketplace believes that the proposed rule change places it at a competitive disadvantage, it may file with the Commission a proposed rule change to adopt the same or similar rule.

In addition, the proposal to renumber the current Rules [sic] 803(o)(4) as Rule 803(o)(3) does not impact competition in any respect since it merely maintains a clear and organized rule structure.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; or (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6) thereunder.¹³

The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. Waiving the 30-day delay would permit the Exchange to more efficiently add Derivative Securities to the

¹² 15 U.S.C. 78s(b)(3)(A).

¹³ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

Exchange under UTP without the unnecessary requirement to file a 19b-4(e) with the Commission. The Commission also notes that because Phlx is adopting a rule that is substantially identical to a similar NYSE National rule, the proposed change does not present any new or novel issues. Thus, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest and hereby waives the 30-day operative delay and designates the proposed rule change to be operative upon filing.¹⁴

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
