National Institute of Standards and Technology

Proposed Voluntary Product Standard 2-10, Performance Standard for Wood-Based Structural-Use Panels

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice and request for comments.

SUMMARY: The National Institute of Standards and Technology (NIST) is soliciting public comment on a proposed revision to Voluntary Product Standard (PS) 2-10, Performance Standard for Wood-Based Structural-Use Panels. The standard, prepared by the Standing Committee for PS 2, establishes requirements for those who choose to adhere to the standard, for the structural criteria to assess the acceptability of wood-based structural-use panels for construction sheathing and single-floor applications. It also provides a basis for common understanding among the producers, distributors, and the users of these products. Interested parties are invited to review the proposed standard and submit comments to NIST.

DATES: Written comments regarding the proposed revision to PS 2-10 should be submitted to the Standards Services Division, NIST, no later than December 14, 2018.

ADDRESSES: An electronic copy (an Adobe Acrobat File) of the proposed revision to the standard, PS 2-10, can be obtained at the following website: <https://www.nist.gov/standardsgov/voluntary-product-standards-program>. This site also includes an electronic copy of PS 2-10 (the existing standard) and a summary of the significant changes. Written comments on the proposed revision should be submitted to David F. Alderman, Standards Coordination Office, NIST, 100 Bureau Drive, Stop 2100, Gaithersburg, MD

SUPPLEMENTARY INFORMATION: The proposed revision of the standard has been developed and is being processed in accordance with Department of Commerce provisions in 15 CFR part 10, *Procedures for the Development of Voluntary Product Standards*, as amended (published June 20, 1986). The Standing Committee for PS 2 is responsible for maintaining, revising, and interpreting the standard, and is comprised of producers, distributors, users, and others with an interest in the standard. Committee members voted on the revision, which was approved unanimously. The Committee then submitted a report to NIST along with the voting results and the draft revised standard. NIST has determined that the revised standard should be issued for public comment.

Voluntary Product Standard PS 2-10 establishes structural criteria for assessing the acceptability of wood-based structural-use panels for construction sheathing and single-floor application and provides a basis for common understanding among the producers, distributors, and the users of these products. After conducting a review of the current standard, PS 2-10, the Standing Committee for PS 2 determined that updates were needed to reflect current industry practices and developed the proposed revision to the standard through meetings to review the standard and propose needed changes.

The proposed revision includes the following changes: Change of title, editorial corrections, new and revised definitions, updated references, and changes to Section 5 Requirements. A complete list of proposed changes can be found at <https://www.nist.gov/standardsgov/voluntary-product-standards-program>. All public comments will be reviewed and considered.

Attachments will be accepted in plain text, Microsoft Word, or Adobe PDF formats. Comments containing references, studies, research, and other empirical data that are not widely published should include copies or electronic links of the referenced materials.

All submissions, including attachments and other supporting materials, will become part of the public

record and subject to public disclosure. NIST reserves the right to publish comments publicly, unedited and in their entirety. Sensitive personal information, such as account numbers or Social Security numbers, or names of other individuals, should not be included. Submissions will not be edited to remove any identifying or contact information. Do not submit confidential business information, or otherwise sensitive or protected information. Comments that contain profanity, vulgarity, threats, or other inappropriate language or content will not be considered.

Written comments should be submitted in accordance with the **DATES** and **ADDRESSES** sections of this notice. The Standing Committee for PS 2 and NIST will consider all responsive comments received and may revise the standard accordingly.

Authority: 15 U.S.C. 272.

SUPPLEMENTARY INFORMATION: Under the PRA, 44 U.S.C. 3501 *et seq.*, Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of Information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3 and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed collection of information listed below.

Title: Rules Relating to Review of National Futures Association Decisions in Disciplinary, Membership Denial, Registration, and Member Responsibility Actions (OMB Control No. 3038-0043). This is a request for extension of a currently approved information collection.

Abstract: 17 CFR part 171 require a registered futures association to provide fair and orderly procedures for membership and disciplinary actions. The Commission's review of decisions of registered futures associations in disciplinary, membership denial, registration, and member responsibility actions is governed by Section 17(h)(2) of the Commodity Exchange Act, 7 U.S.C. 21(h)(2). The rules establish procedures and standards for Commission review of such actions, and the reporting requirements included in

the procedural rules are either directly required by Section 17 of the Commodity Exchange Act or are necessary to the type of appellate review role Congress intended the Commission to undertake when it adopted that provision. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for the CFTC's regulations were published on December 30, 1981. See 46 FR 63035 (Dec. 30, 1981).

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

All comments must be submitted in English, or if not, accompanied by an English translation. Comments will be posted as received to <http://www.cftc.gov>. You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission's regulations.¹

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <http://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the ICR will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other

¹ 17 CFR 145.9.

applicable laws, and may be accessible under the Freedom of Information Act.

Burden Statement: The respondent burden for this collection is estimated to average 1 hour per response. This estimate includes the time needed to transmit decisions of disciplinary, membership denial, registration, and member responsibility actions to the Commission for review. The total estimated burden of 3 hours is determined by the following:

Respondents/Affected Entities: Individuals or entities filing appeals from disciplinary and membership decisions by National Futures Association.

Estimated number of respondents per year: 1.

Estimated number of responses: 3.

Estimated total annual burden on respondents: 3 hours (1 hour/each response × 3).
