These deposit requirements, when imposed, shall remain in effect until further notice.

#### Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with the final results within five days of its public announcement, or if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). However, because Commerce has not calculated a weighted-average dumping margin for any respondent, there are no calculations to disclose.

#### Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

#### Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h) and 351.221(b)(5).

### Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Boost-Back and Landing of Falcon 9 Rockets

**AGENCY:** National Marine Fisheries  
 Service (NMFS), National Oceanic and  
 Atmospheric Administration (NOAA),  
 Commerce.

**ACTION:** Notice; proposed incidental  
 harassment authorization; request for  
 comments on proposed authorization  
 and possible renewal.

**SUMMARY:** NMFS has received a request  
 from Space Exploration Technology  
 Corporation (SpaceX) for authorization  
 to take marine mammals incidental to  
 boost-back and landing of Falcon 9  
 rockets at Vandenberg Air Force Base  
 (VAFB) in California, and at  
 contingency landing locations in the  
 Pacific Ocean. Pursuant to the Marine  
 Mammal Protection Act (MMPA), NMFS  
 is requesting comments on its proposal  
 to issue an incidental harassment

authorization (IHA) to incidentally take  
 marine mammals during the specified  
 activities. NMFS is also requesting  
 comments on a possible one-year  
 renewal that could be issued under  
 certain circumstances and if all  
 requirements are met, as described in  
*Request for Public Comments* at the end  
 of this notice. NMFS will consider  
 public comments prior to making any  
 final decision on the issuance of the  
 requested MMPA authorizations and  
 agency responses will be summarized in  
 the final notice of our decision.

**DATES:** Comments and information must  
 be received no later than December 17,  
 2018.

**ADDRESSES:** Comments should be  
 addressed to Jolie Harrison, Chief,  
 Permits and Conservation Division,  
 Office of Protected Resources, National  
 Marine Fisheries Service. Physical  
 comments should be sent to 1315 East-  
 West Highway, Silver Spring, MD 20910  
 and electronic comments should be sent

 period. Comments received  
 electronically, including all

### SUPPLEMENTARY INFORMATION:

#### Background

The MMPA prohibits the “take” of  
 marine mammals, with certain  
 exceptions. Sections 101(a)(5)(A) and

(D) of the MMPA (16 U.S.C. 1361 *et  
 seq.*) direct the Secretary of Commerce  
 (as delegated to NMFS) to allow, upon  
 request, the incidental, but not  
 intentional, taking of small numbers of  
 marine mammals by U.S. citizens who  
 engage in a specified activity (other than  
 commercial fishing) within a specified  
 geographical region if certain findings  
 are made and either regulations are  
 issued or, if the taking is limited to  
 harassment, a notice of a proposed  
 incidental take authorization may be  
 provided to the public for review.

Authorization for incidental takings  
 shall be granted if NMFS finds that the  
 taking will have a negligible impact on  
 the species or stock(s) and will not have  
 an unmitigable adverse impact on the  
 availability of the species or stock(s) for  
 taking for subsistence uses (where  
 relevant). Further, NMFS must prescribe  
 the permissible methods of taking and  
 other means of effecting the least  
 practicable adverse impact on the  
 affected species or stocks and their  
 habitat, paying particular attention to  
 rookeries, mating grounds, and areas of  
 similar significance, and on the  
 availability of such species or stocks for  
 taking for certain subsistence uses  
 (referred to in shorthand as  
 “mitigation”); and requirements  
 pertaining to the mitigation, monitoring  
 and reporting of such takings are set  
 forth.

### National Environmental Policy Act

To comply with the National  
 Environmental Policy Act of 1969  
 (NEPA; 42 U.S.C. 4321 *et seq.*) and  
 NOAA Administrative Order (NAO)  
 216–6A, NMFS must review our  
 proposed action (*i.e.*, the issuance of an  
 incidental harassment authorization)  
 with respect to potential impacts on the  
 human environment.

This action is consistent with  
 categories of activities identified in  
 Categorical Exclusion B4 (incidental  
 harassment authorizations with no  
 anticipated serious injury or mortality)  
 of the Companion Manual for NOAA  
 Administrative Order 216–6A, which do  
 not individually or cumulatively have  
 the potential for significant impacts on  
 the quality of the human environment  
 and for which we have not identified  
 any extraordinary circumstances that  
 would preclude this categorical  
 exclusion. Accordingly, NMFS has  
 preliminarily determined that the  
 issuance of the proposed IHA qualifies  
 to be categorically excluded from  
 further NEPA review.

We will review all comments  
 submitted in response to this notice  
 prior to concluding our NEPA process
