DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM–2018–0054]

Outer Continental Shelf (OCS), Alaska Region (AK), Beaufort Sea Program Area, Proposed 2019 Beaufort Sea Oil and Gas Lease Sale

AGENCY: Bureau of Ocean Energy
Management, Interior

ACTION: Notice of Intent to Prepare an
Environmental Impact Statement,
announce the area identified for leasing,
and hold public scoping meetings.

SUMMARY: Consistent with the
regulations implementing the National
Environmental Policy Act (NEPA), the
Bureau of Ocean Energy Management
(BOEM) is announcing its intent to
prepare an Environmental Impact
Statement (EIS) for the proposed 2019
Beaufort Sea Lease Sale in the Beaufort
Sea Planning Area. The EIS will focus
on the potential effects of leasing,
exploration, development, and
production of oil and natural gas in the
proposed lease sale area. In addition to
the no action alternative (*i.e.*, not
holding the lease sale), other
alternatives will be considered.
Consistent with the regulations
implementing the Outer Continental
Shelf Lands Act (OCSLA), BOEM is also
announcing the area recommended for
leasing.

DATES: *Comments:* All interested
parties, including Federal, State, Tribal,
and local governments, and the general
public, may submit written comments
by December 17, 2018 on the scope of

the 2019 Beaufort Sea Lease Sale EIS, significant issues, reasonable alternatives, potential mitigation measures, and the types of oil and gas activities of interest in the proposed lease sale area.

Comments may be made on-line. Navigate to <http://www.regulations.gov> and search for Docket BOEM–2018–0054, or “Oil and Gas Lease Sales: Alaska Outer Continental Shelf; 2019 Beaufort Sea Lease Sale”, and click on the “Comment Now!” button. Enter your information and comment, and then click “Submit.” Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

ADDRESSES: Scoping Meetings: Pursuant to the regulations implementing the procedural provisions of NEPA, BOEM will hold public scoping meetings. The purpose of these meetings is to solicit comments on the scope of the 2019 Beaufort Sea Lease Sale EIS. All meetings will start at 7:00 p.m. and conclude at 9:00 p.m., and are scheduled as follows:

- December 3, 2018, Barrow High School, Utqiagvik, Alaska;
- December 4, 2018, Kisik Community Center, Nuiqsut, Alaska;
- December 5, 2018, Community Center, Kaktovik, Alaska; and
- December 6, 2018, Dena’ina Civic and Convention Center, Anchorage, Alaska.

FOR FURTHER INFORMATION CONTACT: For information on the 2019 Beaufort Sea Lease Sale EIS, the submission of comments, or BOEM’s policies associated with this notice, please contact Sharon Randall, Chief of Environmental Analysis Section, BOEM, Alaska OCS Region, 3801 Centerpoint Drive, Suite 500, Anchorage, AK 99503, (907) 334–5200.

SUPPLEMENTARY INFORMATION: On January 4, 2018, the Secretary of the Interior released the 2019–2024 National OCS Oil and Gas Leasing Draft Proposed Program. The Draft Proposed Program includes the proposed 2019 Beaufort Sea Lease Sale.

The proposed lease sale area includes all available OCS blocks in the Beaufort Sea Planning Area. The Beaufort Sea Planning Area is located offshore of the State of Alaska and consists of 11,876

whole and partial lease blocks covering roughly 26.2 million hectares (approximately 65 million acres) of the Beaufort Sea. To view the specifics of the area recommended for leasing, go to: <https://www.boem.gov/beaufort2019>.

This Notice of Intent is not an announcement to hold a lease sale, but is a continuation of the information gathering process and is published early in the environmental review process in furtherance of the goals of NEPA. The comments received during scoping will help inform the content of the 2019 Beaufort Sea Lease Sale EIS. If, after completion of the EIS, the Department of the Interior’s Assistant Secretary for Land and Minerals Management chooses to hold the proposed lease sale, that decision and the details related to the lease sale (including the lease sale area and any mitigation) will be announced in a Record of Decision and Final Notice of Sale.

Scoping Process: This Notice of Intent also serves to announce the scoping process for identifying key issues to be addressed in the 2019 Beaufort Sea Lease Sale EIS. Throughout the scoping process, Federal, State, Tribal and local governments, and the general public have the opportunity to provide input to BOEM in determining significant resources, issues, impacting factors, reasonable alternatives, and potential mitigation measures to be analyzed in the EIS.

BOEM has developed and also seeks public input on the following draft alternatives:

- **Offshore Whaling Areas Alternative:** This alternative is proposed to minimize conflicts between subsistence whaling practices and oil and gas activities.
- **Environmentally Important Areas Alternative:** This alternative is proposed to reduce impacts to several known environmentally important areas (Barrow Canyon, Harrison Bay/Colville River Delta, the Bolder Patch, and Kaktovik).
- **Deepwater Exclusion Alternative:** This alternative is proposed to focus the environmental analyses while offering leases in areas with the highest known resource potential.

Maps and more details on each of these draft alternatives can be found at: <https://www.boem.gov/beaufort2019>.

These draft alternatives are based on previous OCS Oil and Gas Leasing Program and response to stakeholder comments made during the development of the 2019–2024 Draft Proposed Program (published January 8, 2018 (83 FR 829)). BOEM is proceeding in a manner that allows for maximum

flexibility in adapting these preliminary alternatives to future Program decisions.

BOEM will consider additional alternatives, exclusion and/or mitigation suggestions identified during scoping meetings and the comment period initiated by this notice of intent in the preparation of the EIS.

BOEM will use the NEPA commenting process to satisfy the public comment requirements of section 106 of the National Historic Preservation Act (16 U.S.C. 470f), as provided for in 36 CFR 800.2(d)(3).

Cooperating Agencies: BOEM invites qualified government entities such as other Federal agencies, State, Tribal, and local governments, to consider becoming cooperating agencies for the preparation of the 2019 Beaufort Sea Lease Sale EIS. Following the guidelines at 40 CFR 1501.6 and 1508.5 from the Council on Environmental Quality (CEQ), qualified agencies and governments are those with “jurisdiction by law or special expertise.” Potential cooperating agencies should consider their authority and capacity to assume the responsibilities of a cooperating agency and remember that an agency’s role in the environmental analysis neither enlarges nor diminishes the final decision-making authority of any other agency involved in the NEPA process. Upon request, BOEM will provide potential cooperating agencies with a written summary of guidelines for cooperating agencies, including time schedules and critical action dates, milestones, responsibilities, scope and detail of cooperating agencies’ contributions, and availability of predecisional information. BOEM anticipates this summary will form the basis for a Memorandum of Understanding between BOEM and any cooperating agency. BOEM, as the lead agency, will not provide financial assistance to cooperating agencies. In addition to becoming a cooperating agency, other opportunities will exist to provide information and comments to BOEM during the public comment period for the EIS. For additional information about cooperating agencies, please contact Sharon Randall, Chief of Environmental Analysis Section, BOEM (907–334–5200).

Authority: This notice of intent is published pursuant to the regulations at 40 CFR 1501.7 implementing the provisions of NEPA.

Dated: November 7, 2018.

Walter D. Cruickshank,

Acting Director, Bureau of Ocean Energy Management.

OFFICE OF MANAGEMENT AND BUDGET

Draft Federal Grants Management Data Standards for Feedback

AGENCY: Office of Management and Budget.

ACTION: Notice.

SUMMARY: In March 2018, the Office of Management and Budget launched the President's Management Agenda (PMA). The PMA established a Cross-Agency Priority (CAP) goal titled: "Results-Oriented Accountability for Grants". This notice is meant to notify the public of the opportunity to provide input on proposed grants management common data standards that have been created in support of the Results-Oriented Accountability for Grants CAP goal.

DATES: Comments must be received on or before January 15, 2019.

ADDRESSES: Interested parties should provide comments at the following link: www.grantsfeedback.cfo.gov. All comments received may be posted without change, including any personal information provided. Do not submit confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public.

FOR FURTHER INFORMATION CONTACT: Jeannette M. Mandycz, Office of Federal Financial Management, OMB, Jeannette.M.Mandycz@omb.eop.gov, or 202-395-5009.

SUPPLEMENTARY INFORMATION: In March 2018, OMB launched the President's Management Agenda (PMA). The PMA lays out a long-term vision for modernizing the Federal Government in key areas that will improve the ability of agencies to deliver mission outcomes, provide excellent service, and effectively steward taxpayer dollars on behalf of the American people. The PMA established a Cross-Agency Priority (CAP) goal titled "Results-Oriented Accountability for Grants" with the intent to rebalance grants compliance efforts with a focus on results for the American taxpayer; standardizing grant reporting data, and improving data collection in ways that will increase efficiency, promote evaluation, reduce reporting burden, and benefit the American taxpayer.

Additional details regarding the CAP goal can be found at: https://www.performance.gov/CAP/CAP_goal_8.html.

In order to bring grants management into the digital age and allow recipients to focus more time on performing work that delivers results, there is a need to develop and implement core grants management data standards and modernize grants management information technology solutions. In support of this goal, a draft of core grants management data standards have been developed and are now available for your review. Once finalized, the core grants management data standards will contribute to a future state where grants data are interoperable, there are fewer internal and public-facing grants management systems, and Federal awarding agencies and recipients can leverage data to successfully implement a risk-based, data-driven approach to managing Federal grants. A draft of the proposed grants management common data standards are available for your review and input at www.grantsfeedback.cfo.gov. The comment period will be open until January 15, 2019.

Timothy F. Soltis,

Deputy Controller.
