

digital replacement translator (DRT) stations (referred to collectively as “LPTV/translator stations”) that were displaced by the incentive auction and repacking process (Special Displacement Window). The filing window was open from April 10, 2018, through June 1, 2018. The Commission received over 2,100 displacement applications during the Special Displacement Window.

Appendix A of document DA 18–1108 lists all displacement applications received in the Special Displacement Window that are mutually exclusive with other applications. Parties with applications in the mutually exclusive groups listed in Appendix A may resolve their mutual exclusivity by unilateral engineering amendment, legal settlement, or engineering settlement during a settlement period beginning today, October 30, 2018, and ending at 11:59 p.m. ET, January 10, 2019.

The applications listed in Appendix A are subject to the Commission’s competitive bidding procedures unless their mutual exclusivity is resolved. The Media Bureau will withhold further action on the mutually exclusive proposals listed in Appendix A pending submission of settlement agreements or engineering amendments to resolve mutual exclusivity prior to the close of the settlement period. Thereafter, the Wireless Telecommunications and Media Bureaus will announce an auction date and propose auction procedures for the remaining mutually exclusive applications.

Unilateral Engineering Amendments. Applicants may resolve their mutual exclusivity by filing an engineering amendment to their application. An amendment that does not implicate the application of another station may be filed by the station during the settlement period without coordination with any other entity. All such amendments must be submitted by filing an amended FCC Form 2100—Schedule C in the Media Bureau’s Licensing and Management System (LMS) by 11:59 p.m. ET on January 10, 2019. Engineering amendments submitted by applicants to unilaterally resolve their mutual exclusivity must be minor, as defined by the applicable rules, and must not create new mutual exclusivities or application conflicts.

Legal Settlements. Applicants may also resolve their mutual exclusivity through a legal settlement that provides for the dismissal of one or more of the application(s) in their mutually exclusive group. Such agreements must be submitted for Commission approval. Parties submitting a legal settlement for approval must ensure that their

agreements comply with the provisions of Section 311(c) of the Communications Act of 1934, as amended, and the pertinent requirements of Section 73.3525 of the Commission’s rules, including, inter alia, the settlement reimbursement restrictions. Parties filing a request for approval of settlement agreement must include a copy of their agreement and: (1) A statement outlining the reasons why such agreement is in the public interest; (2) a statement that each party’s application was not filed for the purpose of reaching or carrying out such agreement; (3) a certification that neither the dismissing applicant nor its principals has received any money or other consideration in excess of the legitimate and prudent expenses of the applicant; (4) a statement outlining the exact nature and amount of any consideration paid or promised; (5) an itemized accounting of the expenses for which it seeks reimbursement; and (6) the terms of any oral agreement relating to the dismissal or withdrawal of its application.

Requests for approval of settlement agreement and the above-outlined documents required by Section 73.3525 must be submitted in the form of an amendment to each party’s pending application in LMS by 11:59 p.m. ET on January 10, 2019.

Engineering Settlements. Applicants may also enter into a settlement agreement to resolve their mutual exclusivity by means of an engineering solution. As with unilateral engineering amendments, engineering amendments submitted in conjunction with a settlement must be minor, as defined by the applicable rules, and must not create new mutual exclusivities or application conflicts. Such settlements may include proposing channel sharing as means to resolve their mutual exclusivity. Engineering settlement agreements must also be filed with the Commission for approval and must include the documentation required by Section 73.3525 outlined above.

Requests for approval of engineering settlement agreements, accompanying documentation, and corresponding technical amendments must be submitted in the form of an amendment to each party’s pending application in LMS by 11:59 p.m. ET on January 10, 2019. In the case of channel sharing settlements, the proposed sharee station shall file to modify its current license, specifying the technical parameters in the proposed host station’s displacement application and request that its displacement application be dismissed upon grant of the channel sharing.

In the case of legal and engineering settlements, the parties should endeavor, wherever possible, to resolve their mutual exclusivity through minor engineering amendments, as defined by the applicable rules. However, applicants that are unable to resolve their mutual exclusivity through a minor engineering amendment may, as part of their legal or engineering settlement, amend their application(s) to propose a new available channel. The new channel proposal may not create a new mutual exclusivity or conflict with any other application previously-filed in the Special Displacement Window.

Federal Communications Commission.

Barbara Kreisman,

Chief, Video Division, Media Bureau.

FEDERAL RESERVE SYSTEM

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate

inspection at the Federal Reserve Bank indicated. The applications will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than December 14, 2018.

A. Federal Reserve Bank of Cleveland (Nadine Wallman, Vice President) 1455 East Sixth Street, Cleveland, Ohio 44101–2566. Comments can also be sent electronically to Comments.applications@clev.frb.org:

1. *Buckeye State Bancshares, Inc., Powell, Ohio*; to become a bank holding company by acquiring 100 percent of the outstanding voting shares of Buckeye State Bank, Powell, Ohio.

Board of Governors of the Federal Reserve System, November 13, 2018.

Yao-Chin Chao,

Assistant Secretary of the Board.

BILLING CODE P

GENERAL SERVICES ADMINISTRATION

[Notice–PBS–2018–11; Docket No. 2018–0002; Sequence No. 27]

Notice of Intent To Prepare a Supplemental Environmental Impact Statement for the Proposed U.S. Department of Homeland Security (DHS) Headquarters Consolidation at St. Elizabeths Master Plan Amendment #2

AGENCY: National Capital Region, Public Buildings Service U.S. General Services Administration (GSA).

ACTION: Notice of intent to prepare a Supplemental Environmental Impact Statement.

SUMMARY: GSA plans to prepare a Supplemental Environmental Impact Statement (SEIS) for the proposed

Master Plan Amendment to support the continued consolidation of the U.S. Department of Homeland Security (DHS) Headquarters at the St. Elizabeths West Campus, pursuant to the requirements of the National Environmental Policy Act (NEPA), Council on Environmental Quality regulations, and with Section 106 of the National Historic Preservation Act (NHPA) in accordance with 36 CFR part 800.8.

DATES: *Applicable:* Monday, November 5, 2018.

The public scoping meeting date is: Thursday, November 29, 2018, from 6:30 p.m. to 8:30 p.m., Eastern Daylight Time (EDT).

ADDRESSES: R.I.S.E Demonstration Center, 1730 Martin Luther King Jr. Avenue SE, Washington, DC, 20032.

FOR FURTHER INFORMATION CONTACT: Paul Gyamfi, GSA, National Capital Region, Office of Planning and Design Quality, at 202–690–9252. Please contact Mr. Gyamfi if special assistance is needed to attend and participate in the scoping meeting.

SUPPLEMENTARY INFORMATION: GSA intends to prepare a SEIS to analyze the potential impacts resulting from the proposed Master Plan Amendment #2 to support the DHS Headquarters consolidation at the St. Elizabeths West Campus.

Background

In 2008 and in 2012, GSA completed Environmental Impact Statements that analyzed the impacts from the development of 4.5 million square feet of secure office space, plus parking, in the District of Columbia to support the consolidated headquarters of the DHS on the St. Elizabeths East and West Campuses. GSA is preparing a SEIS to assess the impacts of development of the consolidated headquarters on the West Campus of St. Elizabeths. The proposed action is needed to improve efficiency, reflect the current condition of the historic buildings, reduce costs, and accelerate completion of the DHS consolidation. Previous St. Elizabeths Master Plans and Environmental Impact Statements are available for review at <http://stelizabethsdevelopment.com/nepa.html>.

Alternatives Under Consideration

GSA will analyze a range of alternatives (including the no action alternative) for the proposed Master

Plan Amendment #2 of the DHS Headquarters at St. Elizabeths. This Master Plan Amendment will focus on development options to efficiently house DHS and its operating components on the St Elizabeths West Campus.

Scoping Process

A scoping process will be conducted to aid in determining the alternatives to be considered and the scope of issues to be addressed, for identifying the significant issues related to the proposed Master Plan Amendment, in accordance with NEPA and NHPA.

Public Scoping Meeting

A public scoping meeting will be held on Thursday, November 29, 2018, from 6:30 p.m. to 8:30 p.m., EDT at the R.I.S.E Demonstration Center, 1730 Martin Luther King Jr. Avenue SE, Washington, DC 20032. The meeting will be an informal open house where meeting participants may receive information, and give comments. GSA is publishing notices in the *Washington Post*, *Afro-American*, and the *Washington Informer* newspapers announcing the meeting.

Written Comments

Interested parties are encouraged to provide written comments on the SEIS and Section 106 processes. The scoping period begins on November 19, 2018 and ends on December 19, 2018. Comments received during the scoping period will be considered in the analyses to be conducted for the SEIS. Written comments regarding the SEIS must be postmarked no later than December 19, 2018, and sent to the following address: Mr. Paul Gyamfi, Office of Planning and Design Quality, Public Buildings Service, National Capital Region, U.S. General Services Administration, 301 7th Street SW, Suite 4004, Washington, DC, 20407; or by email: Paul.Gyamfi@gsa.gov using the subject line: St. Elizabeths Master Plan Amendment #2. All emails must be received by 11:59 p.m. December 19, 2018.

Dated: November 7, 2018.

Kristi Tunstall Williams,

Deputy Director, Office of Planning and Design Quality, Public Buildings Service, National Capital Region, U.S. General Services Administration.
