**Analysis of Comments Received**

All issues raised in the case and rebuttal briefs by parties to this administrative review are addressed in the IDM. A list of the issues that parties raised and to which we responded is attached to this notice as an Appendix. The IDM is a public document and is on-file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov> and in the Central Records Unit (CRU), room B8024 of the main Department of Commerce building. In addition, a complete version of the IDM can be accessed directly on the internet at <http://enforcement.trade.gov/frn/index.html>. The signed IDM and the electronic versions of the IDM are identical in content.

**Changes Since the Preliminary Results**

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, we have recalculated Oman Fasteners' weighted-average dumping

<sup>5</sup> The shaft length of certain steel nails with flat heads or parallel shoulders under the head shall be measured from under the head or shoulder to the tip of the point. The shaft length of all other certain steel nails shall be measured overall.

margin.<sup>7</sup> The AFA dumping margin for the collapsed entity (*i.e.*, OISI and ODS) remains unchanged from the *Preliminary Results*.<sup>8</sup>

### Final Results of the Review

As a result of this review, we determine that, for the period July 1, 2016, through June 30, 2017, the following dumping margins exist:

Producer and/or exporter	Weighted-average dumping margin (percent)
Oman Fasteners LLC .....	0.00
Overseas International Steel Industry LLC/Overseas Distribution Services Inc ...	154.33

### Duty Assessment

Commerce shall determine and Customs and Border Protection (CBP) shall assess antidumping duties on all appropriate entries.<sup>9</sup> For Oman Fasteners, because its weighted-average dumping margin is zero or *de minimis* (*i.e.*, less than 0.5 percent), Commerce has not calculated importer-specific antidumping duty assessment rates. Pursuant to 19 CFR 351.106(c)(2), we will instruct CBP to liquidate without regard to antidumping duties any entries for which the importer-specific assessment rate is zero or *de minimis*. Because we calculated a zero margin for Oman Fasteners in the final results of this review, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties. For entries of the subject merchandise from OISI and ODS, we will instruct CBP to assess antidumping duties at the AFA rate of 154.33 percent.

In accordance with Commerce's "automatic assessment" practice, for entries of subject merchandise during the POR produced by each respondent for which it did not know that its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-

<sup>8</sup> Commerce determined that OISI and ODS should be a collapsed entity in the previous administrative review. See *Certain Steel Nails from the Sultanate of Oman: Final Results of Antidumping Duty Administrative Review; 2014–2016*, 83 FR 4030 (January 29, 2018).

<sup>9</sup> In these final results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

others rate if there is no rate for the intermediate company(ies) involved in the transaction. We intend to issue assessment instructions directly to CBP 15 days after publication of the final results of this review.

### Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication of the final results of this administrative review, as provided by section 751(a)(2) of the Tariff Act of 1930, as amended (the Act): (1) The cash deposit rate for respondents noted above will be the rate established in the final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of the subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 9.10 percent, the all-others rate established in the antidumping investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of doubled antidumping duties.

### Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information

disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Dated: November 9, 2018.

*Deputy Assistant Secretary for Enforcement and Compliance.*
