While much of the information the tribe prepares for a Secretarial election (e.g., list of members eligible to vote) would be required if the tribe instead conducted its own tribal election, the Secretary's rules establish specifics on what a tribal request or petition for election must contain. These specifics are necessary to ensure the integrity of Secretarial elections and allow Bureau of Indian Affairs (BIA) and tribal personnel the ability to consistently administer elections.

Notice of Withdrawal Extension Application, United States Air Force, Public Land Order No. 7419, and Opportunity for Public Meeting; Nevada

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The Department of the Air Force (DAF), Nellis Air Force Base (AFB) has filed an application with the Department of the Interior to extend the duration of Public Land Order (PLO) No. 7419 for an additional 20-year term for the same military purpose and location. PLO No. 7419 withdrew 2,252 acres of public land from settlement, sale, location, or entry under the general land laws, including the United States mining laws, but not the mineral leasing laws. PLO No. 7419 was issued for the United States Air Force to provide safety buffers from potentially hazardous areas, to protect populated areas, and to comply with ammunition and explosives safety standards. This Notice gives the public an opportunity to comment on the withdrawal extension application and to request a public meeting. This Notice also amends PLO No. 7419's legal land description to reflect an amended land survey plat completed in 2016.

DATES: All persons who wish to submit comments, suggestions, objections, or request a public meeting in connection with the withdrawal extension application may do so in writing until February 19, 2019.

ADDRESSES: Comments on this withdrawal extension application and public meeting opportunity should be sent to the District Manager, Bureau of Land Management (BLM), Southern Nevada District Office, 4701 North Torrey Pines Drive, Las Vegas, NV 89130-2301.

SUPPLEMENTARY INFORMATION: The DAF, Nellis AFB, has filed an application with the Department of the Interior to extend the duration of PLO No. 7419 for an additional 20-year term. The PLO withdrew approximately 2,252 acres of public lands from settlement, sale, location or entry under the general land laws, including the United States mining laws, but not from leasing under the mineral leasing laws, subject to valid existing rights. The purpose of the withdrawal is for military use at Nellis AFB to provide safety buffers from potentially hazardous areas, to protect populated areas, and to facilitate DAF

compliance with the Department of Defense (DOD) Directive No. 6055.09E regarding ammunition and explosives safety standards. The safety buffer zone includes security patrol roads and a security checkpoint. PLO No. 7419 will expire on December 8, 2019, unless it is extended.

As required by Section 204(b)(1) of the Federal Land Policy and Management Act of 1976 (FLPMA), 43 U.S.C. 1714(b)(1), and BLM regulations at 43 CFR part 2300, the BLM is publishing Notice of the DAF, Nellis AFB Application.

This Notice amends the legal land description and acreage in PLO No. 7419, as noted on an amended plat accepted by the Nevada BLM Chief, Cadastral Survey on October 17, 2016. The lands withdrawn by PLO No. 7419 are described as follows:

SUPPLEMENTARY INFORMATION: In the Draft Joint EIS/BLM RMP and BIA IRMP, the BLM and BIA analyze the environmental consequences of four alternatives under consideration for managing Federal lands and minerals within the Oklahoma-Kansas-Texas planning area. The BLM Oklahoma Field Office administers approximately 15,100 acres of public lands, including approximately 11,800 acres at the Cross Bar Management Area near Amarillo, Texas; about 3,300 acres of small tracts scattered across the planning area; and Federal lands along the 116-mile stretch of the Red River between the North Fork of the Red River and the 98th Meridian (Red River area). No exact acreages of Federal lands along the Red River are available at this time, because the full 116-mile stretch of land has not been surveyed. The Oklahoma Field Office also administers approximately 4,810,900 acres of subsurface Federal mineral estate across the planning area, including approximately 3,991,100 acres underlying surface estate managed by other Federal agencies, such as U.S. Fish and Wildlife Service, U.S. Forest Service, and National Park Service, and approximately 408,000 acres of split-estate, where Federal minerals underlie private surface estate. The RMP only pertains to Federal lands and has no effect on the boundary of the Federal lands.

The BIA decision area includes approximately 394,200 surface acres and 2,033,500 mineral estate acres for the BIA Eastern Oklahoma Regional Office. Approximately 1,474,500 acres of the BIA Eastern Oklahoma Regional Office jurisdictional area is limited to
