

(CBP) to continue to suspend liquidation of all imports of the merchandise subject to the investigation from the China-wide entity, that were entered or withdrawn from warehouse, for consumption on or after June 8, 2018, 90 days prior to publication of the *Preliminary Determination* notice in the **Federal Register**, and require a cash deposit for such entries as noted below.

Further, pursuant to section 735(c)(1)(B)(ii) of the Act, Commerce will instruct CBP to collect a cash deposit as follows: (1) The rate for the exporters listed in the chart above will be the rate we have determined in this final determination; (2) for all Chinese exporters of subject merchandise which have not received their own rate, the cash-deposit rate will be the China-wide rate; and (3) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash-deposit rate will be the rate applicable to the Chinese exporter/producer combination that supplied that non-Chinese exporter. These suspension of liquidation instructions will remain in effect until further notice.

International Trade Commission Notification

In accordance with section 735(d) of the Act, we will notify the U.S. International Trade Commission (ITC) of the final affirmative determination of sales at LTFV. Because the final determination in this proceeding is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of rubber bands from China no later than 45 days after this final determination. If the ITC determines that material injury, or threat of material injury, does not exist, the proceeding will be terminated, and all cash deposits will be refunded. If the ITC determines that such injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

Notification Regarding Administrative Protective Orders

This notice serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely

notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This determination is issued and published in accordance with sections 735(d) and 777(i)(1) of the Act, and 19 CFR 351.210(c).

Dated: November 13, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix

Scope of the Investigation

The products subject to this investigation are bands made of vulcanized rubber, with a flat length, as actually measured end-to-end by the band lying flat, no less than 1/2 inch and no greater than 10 inches; with a width, which measures the dimension perpendicular to the length, actually of at least 3/64 inch and no greater than 2 inches; and a wall thickness actually from 0.020 inch to 0.125 inch. Vulcanized rubber has been chemically processed into a more durable material by the addition of sulfur or other equivalent curatives or accelerators. Subject products are included regardless of color or inclusion of printed material on the rubber band's surface, including but not limited to, rubber bands with printing on them, such as a product name, advertising, or slogan, and printed material (*e.g.*, a tag) fastened to the rubber band by an adhesive or another temporary type of connection. The scope includes vulcanized rubber bands which are contained or otherwise exist in various forms and packages, such as, without limitation, vulcanized rubber bands included within a desk accessory set or other type of set or package, and vulcanized rubber band balls. The scope excludes products that consist of an elastomer loop and durable tag all-in-one, and bands that are being used at the time of import to fasten an imported product.

Excluded from the scope of this investigation are vulcanized rubber bands of various sizes with arrow shaped rubber protrusions from the outer diameter that exceeds at the anchor point a wall thickness of 0.125 inches and where the protrusion is used to loop around, secure and lock in place.

Excluded from the scope of this investigation are yarn/fabric-covered vulcanized rubber hair bands, regardless of size.

Merchandise covered by this investigation is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheading 4016.99.3510. Merchandise covered by the scope may also enter under HTSUS subheading 4016.99.6050. While the HTSUS subheadings are provided for convenience and customs

purposes, the written description of the scope of the investigation is dispositive.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; West Coast Fisheries Participation Survey

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before January 22, 2019.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW, Washington, DC 20230 (or via the internet at pracomments@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Karma Norman, Northwest Fisheries Science Center, 2725 Montlake Blvd. East, Seattle, WA 98112–2097, by telephone: 206–302–2418 (or via the internet at karma.norman@noaa.gov).

SUPPLEMENTARY INFORMATION:

I. Abstract

This is a request for a revision of a currently approved information collection.

Fishing livelihoods are both centrally dependent on marine ecosystems and part of the set of forces acting on other components of these ecosystems, including the ecosystem's resident fish and marine species. Alongside social factors like economics and management actions, biophysical dynamics within the ecosystems, including fisheries population fluctuations, shape fishing livelihoods. However, the decisions fishermen make regarding which fisheries to access and when to access them are not fully understood, particularly within the holistic food web frameworks offered up by ecosystem-

based approaches to research and management. Moreover, a full understanding and predictive capacity for these movements of fishermen across fisheries in the context of ecological and social variability presents a significant gap in management-oriented knowledge. Managing fisheries in a way that enhances their social and economic value, mitigates risks to ecosystems and livelihoods, and facilitates sustainable adaptation, requires this fundamental knowledge.

For this reason, the Northwest Fisheries Science Center (NWFSC) seeks to conduct fisheries participation analyses which involve repeated follow-up surveys of United States (U.S.) West Coast commercial fishing participants. A U.S. mail survey will be conducted, replicating the survey administered during 2017. The survey will be voluntary, and contacted individuals may decline to participate. Respondents will be asked to answer questions about their motivations for fishing and other factors that affect participation in the suite of West Coast commercial fisheries. Demographic and employment information will be collected so that responses can be organized based on a respondent typology. This survey is essential because data on smaller scale fishing practices, values, participation decisions and beliefs about fishing livelihoods are sparse; yet, they are critical to the development of usable fishery ecosystem models that account for non-pecuniary benefits of fishing, as well as the ways in which fishing practices shape individual and community well-being.

II. Method of Collection

Respondents will be contacted via mail for administration of the survey.

III. Data

OMB Control Number: 0648–0749.

Form Number(s): None.

Type of Review: Regular submission (revision of a currently approved information collection).

Affected Public: Individuals or households.

Estimated Number of Respondents: 3,000.

Estimated Time per Response: 20 minutes.

Estimated Total Annual Burden Hours: 1,000.

Estimated Total Annual Cost to Public: \$0 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance

of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: November 15, 2018.

Sarah Brabson,

NOAA PRA Clearance Officer.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648–XG535

Fisheries of the Exclusive Economic Zone Off Alaska; Application for an Exempted Fishing Permit

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application for exempted fishing permit.

SUMMARY: This notice announces the receipt of an application and the public comment period for an exempted fishing permit (EFP) from the Aleut Corporation. If granted, this permit would allow the applicant to test methods to minimize bycatch of Pacific ocean perch (POP) in the Aleutian Islands (AI) pollock fishery. The objective of the EFP is to develop an economically viable AI pollock fishery under current POP abundance levels. Testing will be conducted in the fishery's winter "A" season in 2019 and 2020. This experiment has the potential to promote the objectives of the Magnuson-Stevens Fishery Conservation and Management Act.

DATES: Comments on this EFP application must be submitted to NMFS on or before December 11, 2018. The North Pacific Fishery Management Council (Council) will consider the application at its meeting from

December 3, 2018, through December 11, 2018, in Anchorage, AK.

ADDRESSES: The Council meeting will be held at the Anchorage Hilton Hotel, 500 W 3rd Ave., Anchorage, AK 99501. The agenda for the Council meeting is available at <http://www.npfmc.org>. In addition to submitting public comments at the Council meeting, you may submit your comments, identified by NOAA–NMFS–2018–0117, by either of the following methods:

- *Federal e-Rulemaking Portal.* Go to www.regulations.gov/#!docketDetail;D=NOAA-NMFS-2018-0117, click the "Comment Now!" icon, complete the required fields, and enter or attach your comments.

- *Mail:* Submit written comments to Glenn Merrill, Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region NMFS, Attn: Ellen Sebastian. Mail comments to P.O. Box 21668, Juneau, AK 99802–1668.

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address) submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter "N/A" in the required fields if you wish to remain anonymous).

Electronic copies of the EFP application and the basis for a categorical exclusion under the National Environmental Policy Act are available from the Alaska Region, NMFS website at <http://alaskafisheries.noaa.gov/>.

FOR FURTHER INFORMATION CONTACT:

Megan Mackey, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the domestic groundfish fisheries in the Bering Sea and Aleutian Islands (BSAI) management area under the Fishery Management Plan for Groundfish of the BSAI Management Area (FMP), which the Council prepared under the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). Regulations governing the BSAI groundfish fisheries appear at 50 CFR parts 600 and 679. The FMP and the implementing regulations at § 600.745(b) and § 679.6 allow the NMFS Regional Administrator to authorize, for limited experimental purposes, fishing that would otherwise be prohibited. Procedures for issuing EFPs are contained in the implementing regulations.
