SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Overview of this information collection:

1. *Type of Information Collection* (check justification or form 83):

Extension of a currently approved collection.

2. *The Title of the Form/Collection:* Applications for Special Deputation.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:*

Form number (if applicable): USM-3A and USM-3C.

Component: U.S. Marshals Service, U.S. Department of Justice.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:*

Primary: Federal government and State/local government.

Abstract: The collection of information for these forms is authorized by 28 U.S.C. 562. The USMS is authorized to deputize selected persons to perform the functions of a Special Deputy U.S. Marshal whenever the law enforcement needs of the USMS so require and as designated by the Associate Attorney General pursuant to 28 CFR 0.19(a)(3). USMS Special Deputation files serve as a centralized record of the special deputations

granted by the USMS to assist in tracking, controlling and monitoring the Special Deputation Program.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* It is estimated that 6,000 respondents will complete a 15 minute form (Form USM-3A) and 5,500 respondents will complete a 10 minute form (Form USM-3C).

6. *An estimate of the total public burden (in hours) associated with the collection:* The estimated public burden associated with this collection is 2,417 hours. It is estimated that applicants will take 15 minutes to complete a Form USM-3A and 10 minutes to complete a Form USM-3C. In order to calculate the public burden for Form USM-3A, USMS multiplied 15 by 6,000 and divided by 60 (the number of minutes in an hour), which equals 1,500 total annual burden hours. In order to calculate the public burden for Form USM-3C, USMS multiplied 10 by 5,500 and divided by 60 (the number of minutes in an hour), which equals 917 total annual burden hours. In sum there are an estimated 2,417 total annual public burden hours associated with this collection.
