SUPPLEMENTARY INFORMATION: Effective September 30, 2018, the NRC and the WYDEQ (collectively referred to as the Agencies) entered into a MOU for the purpose of establishing a regulatory process for the completion of decommissioning of five uranium mill tailing sites and the termination of the associated uranium mill licenses located within the State of Wyoming. This MOU pertains to the Agencies' roles in the decommissioning and eventual termination of the license for the following five uranium mill sites:

1. Anadarko Bear Creek located in Converse County, Wyoming (NRC License No. SUA-1310, Docket No. 040-08452)
2. Pathfinder Lucky Mc located in Fremont County, Wyoming (NRC License No. SUA-672, Docket No. 040-02259)
3. Western Nuclear Split Rock located approximately 2 miles from Jeffrey City, Wyoming (NRC License SUA-56, Docket No. 040-01162)
4. Umetco Minerals Corporation Gas Hills East located in Natrona, County Wyoming (NRC License No. SUA-648, Docket No. 040-00299)
5. ExxonMobil Highlands located approximately 25 miles north of Douglas, Wyoming (NRC License No. SUA-1139, Docket No. 040-08102)

The five licenses were transferred to the State of Wyoming on September 30, 2018, when the NRC discontinued, and the State of Wyoming assumed, regulatory authority over the management and disposal of byproduct material as defined in 11e.(2) of the Atomic Energy Act of 1954, as amended (the Act), and a subcategory of source material or ores involved in the extraction or concentration of uranium or thorium milling in the State in accordance with the agreement authorized by Section 274b. of the Act (83 FR 48905; September 28, 2018). The MOU documents completed NRC actions related to the decommissioning process for each of the sites and

delineates specific actions, on a site-by-site basis, that the NRC and the State of Wyoming will take to verify completion of the decommissioning and license termination for these sites. The MOU stipulates that any decision made by the NRC for the five uranium mill sites prior to the discontinuation of the NRC's regulatory authority in Wyoming will be appropriately recognized by the NRC as meeting all applicable standards and requirements when reviewing the Completion Review Report. A Completion Review Report is required to be submitted by the State of Wyoming to the NRC, prior to license termination of a uranium mill site, for review and approval to adequately ensure public health and safety. Upon termination of each license, the site may be transferred, customarily, to the U.S. Department of Energy for long-term care and surveillance.

The NRC and WYDEQ will cooperate fully with each other to carry out this MOU and its intent of ensuring protection of public health, safety, and the environment in accordance with all governing laws and regulations.

Dated at Rockville, Maryland, this 15th day of November, 2018.

For the Nuclear Regulatory Commission.

Director, Division of Materials Safety, Security, State, and Tribal Programs, Office of Nuclear Material Safety and Safeguards.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-84604; File No. SR-CboeBZX-2018-077]

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Filing of a Proposed Rule Change To List and Trade Shares of the JPMorgan Inflation Managed Bond ETF of the J.P. Morgan Exchange-Traded Fund Trust Under Rule 14.11(i), Managed Fund Shares

November 15, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 2, 2018, Cboe BZX Exchange, Inc. (“Exchange” or “BZX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to list and trade shares of the JPMorgan Inflation Managed Bond ETF (the “Fund”) of the J.P. Morgan Exchange-Traded Fund Trust (the “Trust” or the “Issuer”) under Rule 14.11(i) (“Managed Fund Shares”). The shares of the Fund are referred to herein as the “Shares.”

The text of the proposed rule change is also available on the Exchange’s website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary,

and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade the Shares under Rule 14.11(i), which governs the listing and trading of Managed Fund Shares on the Exchange.³ The Fund will be an actively managed exchange-traded fund that seeks to maximize inflation protected total return. The Exchange submits this proposal in order to allow the Fund to hold Inflation Swaps and Other Derivatives, as each is defined below, in a manner that may not comply with Rule 14.11(i)(4)(C)(iv)(a),⁴ Rule 14.11(i)(4)(C)(iv)(b),⁵ and/or Rule

14.11(i)(4)(C)(v),⁶ as further described below.⁷ Otherwise, the Fund will comply with all other listing requirements on an initial and continued listing basis under Rule 14.11(i).

The Fund will be an actively managed fund. The Shares will be offered by the Trust, which was established as a Delaware statutory trust. J.P. Morgan Investment Management, Inc. is the investment adviser (the “Adviser”) and the administrator (“Administrator”) to the Fund. JPMorgan Chase Bank, N.A. is the custodian and transfer agent (“Custodian” and “Transfer Agent,” respectively) for the Trust. JPMorgan Distribution Services, Inc. serves as the distributor (“Distributor”) for the Trust. The Trust is registered with the Commission as an open-end investment company and has filed a registration statement on behalf of the Fund on Form N-1A (“Registration Statement”) with the Commission.⁸

of the portfolio (including gross notional exposures).” The Exchange is proposing that the Fund would meet neither the 65% nor the 30% requirements of Rule 14.11(i)(4)(C)(iv)(b). Specifically, the Exchange is proposing that the Fund be exempt from this requirement as it relates to the Fund’s holdings in listed derivatives, which include U.S. Treasury futures, Eurodollar futures, options on U.S. Treasuries and Treasury futures, credit default swaps, and certain Inflation Swaps and interest rate swaps, as further described below, which could constitute as much as 100% of the weight of the portfolio (including gross notional exposures) based on a single underlying reference asset.

⁶ Rule 14.11(i)(4)(C)(v) provides that “the portfolio may, on both an initial and continuing basis, hold OTC derivatives, including forwards, options, and swaps on commodities, currencies and financial instruments (e.g., stocks, fixed income, interest rates, and volatility) or a basket or index of any of the foregoing, however the aggregate gross notional value of OTC derivatives shall not exceed 20% of the weight of the portfolio (including gross notional exposures).” The Exchange is proposing that the Fund be exempt from this requirement as it relates to the Fund’s holdings in OTC derivatives, which could constitute as much as 75% of the weight of the portfolio (including gross notional exposures).

⁷ The Adviser, as defined below, notes that the Fund may by virtue of its holdings be issued certain equity instruments (“Equity Holdings”) that may not meet the requirements of Rule 14.11(i)(4)(C)(i). The Fund will not purchase such instruments and will dispose of such holdings as the Adviser determines is in the best interest of the Fund’s shareholders. Such holdings will not constitute more than 10% of the Fund’s net assets. The Adviser expects that the Fund will generally acquire such instruments through issuances that it receives by virtue of its other holdings, such as corporate actions or convertible securities.

⁸ See Registration Statement on Form N-1A for the Trust, dated July 31, 2018 (File Nos. 333-191837 and 811-22903). The descriptions of the Fund and the Shares contained herein are based, in part, on information in the Registration Statement. The Commission has issued an order granting certain exemptive relief to the Trust under the Investment Company Act of 1940 (15 U.S.C. 80a-1) (“1940 Act”) (the “Exemptive Order”).

³ The Commission originally approved BZX Rule 14.11(i) in Securities Exchange Act Release No. 65225 (August 30, 2011), 76 FR 55148 (September 6, 2011) (SR-BATS-2011-018) and subsequently approved generic listing standards for Managed Fund Shares under Rule 14.11(i) in Securities Exchange Act Release No. 78396 (July 22, 2016), 81 FR 49698 (July 28, 2016) (SR-BATS-2015-100).

⁴ Rule 14.11(i)(4)(C)(iv)(a) provides that “there shall be no limitation to the percentage of the portfolio invested in such holdings; provided, however, that in the aggregate, at least 90% of the weight of such holdings invested in futures, exchange-traded options, and listed swaps shall, on both an initial and continuing basis, consist of futures, options, and swaps for which the Exchange may obtain information via the Intermarket Surveillance Group (“ISG”) from other members or affiliates of the ISG or for which the principal market is a market with which the Exchange has a comprehensive surveillance sharing agreement, calculated using the aggregate gross notional value of such holdings.” The Exchange is proposing that the Fund be exempt from this requirement only as it relates to the Fund’s holdings in certain credit default swaps, interest rate swaps, and Inflation Swaps, as further described below.

⁵ Rule 14.11(i)(4)(C)(iv)(b) provides that “the aggregate gross notional value of listed derivatives based on any five or fewer underlying reference assets shall not exceed 65% of the weight of the portfolio (including gross notional exposures), and the aggregate gross notional value of listed derivatives based on any single underlying reference asset shall not exceed 30% of the weight
