

when feasible. In connection with this mission, APHIS' Veterinary Services (VS) program provides vital animal disease training to State, Tribal, international, university, and industry personnel.

Individuals who wish to attend animal disease-related training must submit a Nomination Request Form (VS Form 1–5) to VS to help the program coordinate courses and select participants. VS develops rosters with course participants' names and contact information to notify them of future training courses and to encourage contact among participants throughout their careers.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of Burden: The public burden for this collection of information is estimated to average 0.33 hours per response.

Respondents: State, Tribal, international, university, and industry personnel.

Estimated Annual Number of Respondents: 350.

Estimated Annual Number of Responses per Respondent: 1.

Estimated Annual Number of Responses: 350.

Estimated Total Annual Burden on Respondents: 116 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 15th day of November 2018.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410–34–P

DEPARTMENT OF AGRICULTURE

National Agricultural Statistics Service

Notice of Intent To Request To Conduct a New Information Collection

AGENCY: National Agricultural Statistics Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 this notice announces the intention of the National Agricultural Statistics Service (NASS) to seek approval to conduct a new information collection to gather economic data from a sample of homeowners, golf courses, sod producers, turfgrass service providers, and commercial businesses with turfgrass in New Jersey.

DATES: Comments on this notice must be received by January 22, 2019 to be assured of consideration.

ADDRESSES: You may submit comments, identified by docket number 0535–NEW, by any of the following methods:

- *Email:* ombofficer@nass.usda.gov.

Include docket number above in the subject line of the message.

- *E-fax:* (855) 838–6382.

- *Mail:* Mail any paper, disk, or CD–ROM submissions to: David Hancock, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW, Washington, DC 20250–2024.

- *Hand Delivery/Courier:* Hand deliver to: David Hancock, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW, Washington, DC 20250–2024.

FOR FURTHER INFORMATION CONTACT:

Kevin L. Barnes, Associate Administrator, National Agricultural Statistics Service, U.S. Department of Agriculture, (202) 720–4333. Copies of this information collection and related instructions can be obtained without charge from David Hancock, NASS—OMB Clearance Officer, at (202) 690–2388 or at ombofficer@nass.usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Turfgrass Economic Survey.
OMB Control Number: 0535–NEW.

Type of Request: Intent to seek approval to conduct a new information collection for a period of three years.

Abstract: The primary objective of the National Agricultural Statistics Service (NASS) is to collect, prepare and issue State and national estimates of crop and livestock production, prices, and disposition; as well as economic statistics, environmental statistics related to agriculture and also to conduct the Census of Agriculture.

The Turfgrass Economic Survey program will collect economic information from a sample of homeowners, golf courses, sod producers, turfgrass service providers, and commercial businesses with turfgrass in New Jersey. The results of the data collection will track the turfgrass industry's contribution to the New Jersey economy. All questionnaires included in this information collection will be voluntary. This project is conducted as a cooperative effort with Rutgers University. Funding for this survey is being provided by Rutgers University.

Authority: These data will be collected under authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104–113, 44 U.S.C. 3501, *et seq.*) and Office of Management and Budget regulations at 5 CFR part 1320.

NASS also complies with OMB Implementation Guidance, "Implementation Guidance for Title V of the E-Government Act, Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA)," **Federal Register**, Vol. 72, No. 115, June 15, 2007, p. 33362.

Estimate of Burden: Public reporting burden for this information collection is based on similar surveys with expected response time of 45 minutes. The estimated sample size will be approximately 1,400. The frequency of data collection for the different surveys is annual. Estimated number of responses per respondent is 1. Publicity materials and instruction sheets will account for approximately 5 minutes of additional burden per respondent. Respondents who refuse to complete a survey will be allotted 2 minutes of burden per attempt to collect the data.

Respondents: Homeowners, golf courses, sod producers, turfgrass service

providers, and commercial businesses with turfgrass in New Jersey.

Estimated Number of Respondents: 1,400.

Estimated Total Annual Burden on Respondents: 1,200 hours.

Comments: Comments are invited on:

(a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological, or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, November 08, 2018

Kevin L. Barnes,

Associate Administrator.

BILLING CODE 3410-20-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-75-2018]

Foreign-Trade Zone (FTZ) 87—Lake Charles, Louisiana, Notification of Proposed Production Activity, Driftwood LNG, LLC (Liquified Natural Gas Processing), Sulphur, Louisiana

The Lake Charles Harbor and Terminal District, grantee of FTZ 87, submitted a notification of proposed production activity to the FTZ Board on behalf of Driftwood LNG, LLC (Driftwood LNG), located in Sulphur, Louisiana. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on November 16, 2018.

The Driftwood LNG facility is located within Subzone 87G. The facility (currently proposed for construction) will be used for liquified natural gas processing. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status material and specific finished products described in the submitted notification and

subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Driftwood LNG from customs duty payments on the foreign-status gaseous natural gas (duty-free) used in export production. On its domestic sales, for the foreign-status gaseous natural gas, Driftwood LNG would be able to choose the duty rates during customs entry procedures that apply to: Liquified natural gas and stabilized condensate by-product (duty rates are duty-free and 10 cents/barrel, respectively). Driftwood LNG would be able to avoid duty on the foreign-status material which becomes scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The request indicates that gaseous natural gas is subject to special duties under Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is January 2, 2019.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Diane Finver at Diane.Finver@trade.gov or (202) 482-1367.

Dated: November 16, 2018.

Elizabeth Whiteman,

Acting Executive Secretary.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-74-2018]

Foreign-Trade Zone (FTZ) 18—San Jose, California; Notification of Proposed Production Activity; Bloom Energy Corporation (Commercial Fuel Cells and Related Subassemblies), Sunnyvale and Mountain View, California

The City of San Jose, California, grantee of FTZ 18, submitted a notification of proposed production activity to the FTZ Board on behalf of Bloom Energy Corporation (Bloom), located at sites in Sunnyvale and Mountain View, California. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on November 15, 2018.

The Bloom facility is located within Subzone 18I. The facility is used for the production of commercial fuel cells and related subassemblies. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Bloom from customs duty payments on the foreign-status components used in export production. On its domestic sales, for the foreign-status materials/components noted below, Bloom would be able to choose the duty rates during customs entry procedures that apply to: Piping manifolds; water distribution modules; fuel processing units; fuel cell power modules (DC generators); nickel iron alloy fuel cell power module enclosures (housings); power inverters; and, energy storage and distribution modules (duty rates range from duty-free to 3.8%). Bloom would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: Glass powder; ceramic substrates; plastic labels; plastic containers with sleeves; plastic enclosure bags; plastic cable ties; rubber grommets; adhesives; cardboard boxes; textile paper filters; zirconia alumina shaping stones; ceramic heat plating; glass fiber insulation jackets; nickel alloy wire probes; alloy steel adapters; stainless steel tubing; stainless steel coated tubing; stainless steel
