50 CFR Part 648

[Docket No. 170828822–70999–04]

RIN 0648–XG633

Fisheries of the Northeastern United States; Summer Flounder Fishery; Quota Transfer

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; quota transfer.

SUMMARY: NMFS announces that the State of Maryland is transferring a

portion of its 2018 commercial summer flounder quota to the Commonwealth of Massachusetts. This quota adjustment is necessary to comply with the Summer Flounder, Scup, and Black Sea Bass Fishery Management Plan quota transfer provisions. This announcement informs the public of the revised commercial quotas for Maryland and Massachusetts.

DATES: Effective November 23, 2018, through December 31, 2018.

FOR FURTHER INFORMATION CONTACT:

Cynthia Ferrio, Fishery Management Specialist, (978) 281–9180.

SUPPLEMENTARY INFORMATION:

Regulations governing the summer flounder fishery are found in 50 CFR 648.100 through 648.110. These regulations require annual specification of a commercial quota that is apportioned among the coastal states from Maine through North Carolina. The process to set the annual commercial quota and the percent allocated to each state is described in § 648.102, and the initial 2018 allocations were published on December 22, 2017 (82 FR 60682), and corrected January 30, 2018 (83 FR 4165).

The final rule implementing Amendment 5 to the Summer Flounder Fishery Management Plan, as published in the **Federal Register** on December 17, 1993 (58 FR 65936), provided a mechanism for transferring summer flounder commercial quota from one state to another. Two or more states, under mutual agreement and with the

concurrence of the NMFS Greater Atlantic Regional Administrator, can transfer or combine summer flounder commercial quota under § 648.102(c)(2). The Regional Administrator is required to consider the criteria in § 648.102(c)(2)(i)(A) through (C) in the evaluation of requests for quota transfers or combinations.

Maryland is transferring 3,169 lb (1,437 kg) of summer flounder commercial quota to Massachusetts through mutual agreement of the states. This transfer was requested to repay landings by a Maryland-permitted vessel that landed in Massachusetts under a safe harbor agreement. Based on the initial quotas published in the 2018 Summer Flounder, Scup, and Black Sea Bass Specifications and subsequent adjustments, the revised summer flounder quotas for calendar year 2018 are now: Maryland, 128,070 lb (58,092 kg); and Massachusetts, 413,361 lb (187,497 kg).

Classification

This action is taken under 50 CFR part 648 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: November 19, 2018.

Karen H. Abrams,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
