SUPPLEMENTARY INFORMATION:

I. Background

The Institute of Museum and Library Services is the primary source of federal support for the nation's libraries and museums. We advance, support, and empower America's museums, libraries, and related organizations through grant making, research, and policy development. Our vision is a nation where museums and libraries work together to transform the lives of individuals and communities. To learn more, visit www.imls.gov.

II. Current Actions

Native American Basic Grants support existing library operations and maintain core library services, particularly as they relate to the following goals in the Museum and Library Services Act (20 U.S.C. 9141). Indian tribes are eligible to apply for funding under the Native American Library Services Enhancement Grant program. Entities such as libraries, schools, tribal colleges, or departments of education are not eligible applicants, although they may be involved in the administration of this program and their staff may serve as

project directors in partnership with an eligible applicant.

For purposes of funding under this program, "Indian tribe" means any tribe, band, nation, or other organized group or community, including any Alaska native village, regional corporation, or village corporation (as defined in, or established pursuant to, the Alaska Native Claims Settlement Act (43 U.S.C. 1601 *et seq.*)), which is recognized by the Secretary of the Interior as eligible for the special programs and services provided by the United States to Indians because of their status as Indians. A list of eligible entities is available from the Bureau of Indian Affairs. To be eligible for this program you must be able to document an existing library that meets, at a minimum, three basic criteria: (1) Regularly scheduled hours, (2) staff, and (3) materials available for library users.

This action is to create the form and instructions for the Final Performance Report Form for the grant program for the next three years.
