Exchange Act, and registration statements under the Securities Act as well as the Investment Company Act. The amendments also transferred from Forms 10–Q and 10–K to Form 8–K the requirement to disclose shareholder voting rights.

Prior RFA Analysis: A Final Regulatory Flexibility Act Analysis was prepared in accordance with 5 U.S.C. 604 in conjunction with the adoption of Release No. 33–9089 (Dec. 16, 2009). The Commission requested comment on the Initial Regulatory Flexibility Act Analysis included in the proposing release, Release No. 33–9052 (July 10, 2009), but received no comments specifically addressing it. Other comments received that addressed aspects of the proposed rule that could potentially affect small entities were considered in the proposing release, however.

Title: Custody of Funds or Securities of Clients by Investment Advisers.

Citation: 17 CFR 275.204–2, 17 CFR 275.206(4)–2, 17 CFR 279.1, and 17 CFR 279.8.

Description: The Commission adopted amendments to the custody and recordkeeping rules under the Investment Advisers Act of 1940 and related forms. The amendments were designed to provide additional safeguards under the Advisers Act when a registered adviser has custody of client funds or securities by requiring such an adviser, among other things: To undergo an annual surprise examination by an independent public accountant to verify client assets; to have the qualified custodian maintaining client funds and securities send account statements directly to the advisory clients; and unless client assets are maintained by an independent custodian (i.e., a custodian that is not the adviser itself or a related person), to obtain, or receive from a related person, a report of the internal controls relating to the custody of those assets from an independent public accountant that is registered with and subject to regular inspection by the Public Company Accounting Oversight Board. Finally, the amended custody rule and forms provide the Commission and the public with better information about the custodial practices of registered investment advisers.

Prior RFA Analysis: A Final Regulatory Flexibility Analysis was prepared in accordance with 5 U.S.C. 604 in conjunction with the Commission’s adoption of Release No. IA–2968 (Dec. 30, 2009). In the adopting release, the Commission considered comments received on the Initial

NPRM Notice of proposed rulemaking
§ Section

II. Background, Purpose, and Legal Basis

On October 17, 2018, Pyrotecnico, Inc., of New Castle, PA, notified the Coast Guard that it will be conducting a fireworks display from 11:55 p.m. on December 31, 2018 to 12:30 a.m. on January 1, 2019, sponsored by the City of Annapolis, MD. The fireworks are to be launched from a barge in Spa Creek, in Annapolis, MD. Additional details were received on November 5, 2018. Hazards from the fireworks display include accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. The Captain of the Port Maryland-National Capital Region (COTP) has determined that potential hazards associated with the fireworks to be used in this display would be a safety concern for anyone within 400 feet of the fireworks barge.

The purpose of this rulemaking is to ensure the safety of vessels on the navigable waters within 400 feet of the fireworks barge on Spa Creek before, during, and after the scheduled event. The Coast Guard proposes this rulemaking under authority in 33 U.S.C. 1231.

III. Discussion of Proposed Rule

The COTP proposes to establish a temporary safety zone in Spa Creek from 11 p.m. on December 31, 2018 through 1 a.m. on January 1, 2019. The safety zone would cover all navigable waters within 400 feet of the fireworks barge in Spa Creek within 400 feet of the fireworks barge in approximate position latitude 38°58′32.48″ N, longitude 076°28′37.55″ W, located at Annapolis, MD. The duration of the safety zone is intended to ensure the safety of vessels and those navigable waters before, during, and after the scheduled fireworks display.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and
Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, duration, and time-of-day of the safety zone. Although vessel traffic will not be able to safely transit around this safety zone, the impact would be for 2 hours during the evening when vessel traffic in Spa Creek is normally low. Moreover, the Coast Guard will issue a Broadcast Notice to Mariners via VHF–FM marine channel 16 about the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see ADDRESSES) explaining why you think it qualifies and how and to what degree this rule would economically affect it. Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, the relationship between the Federal government and Indian tribes, and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves a safety zone lasting two hours that would prohibit entry within a portion of Spa Creek. Normally such actions are categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. A preliminary Record of Environmental Consideration supporting this determination is available in the docket where indicated under ADDRESSES. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protestors. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at http://www.regulations.gov. If your material cannot be submitted using http://www.regulations.gov, contact the person in the FOR FURTHER INFORMATION CONTACT section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to http://
www.regulations.gov and will include any personal information you have provided. For more about privacy and the docket, visit http://www.regulations.gov/privacyNotice.
