#### Agency Information Collection Activities: Proposed Collection; Comment Request

**AGENCY:** Centers for Medicare & Medicaid Services, HHS.

**ACTION:** Notice.

**SUMMARY:** The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (the PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information (including each proposed extension or reinstatement of an existing collection of information) and to allow 60 days for public comment on the proposed action. Interested persons are invited to send comments regarding our burden estimates or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

**DATES:** Comments must be received by January 28, 2019.

**ADDRESSES:** When commenting, please reference the document identifier or OMB control number. To be assured consideration, comments and recommendations must be submitted in any one of the following ways:

1. *Electronically.* You may send your comments electronically to <http://www.regulations.gov>. Follow the instructions for "Comment or Submission" or "More Search Options" to find the information collection document(s) that are accepting comments.

2. *By regular mail.* You may mail written comments to the following address: CMS, Office of Strategic Operations and Regulatory Affairs, Division of Regulations Development, Attention: Document Identifier/OMB Control Number \_\_\_\_, Room C4-26-05, 7500 Security Boulevard, Baltimore, Maryland 21244-1850.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, you may make your request using one of following:

1. Access CMS' website address at website address at <https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing.html>.

2. Email your request, including your address, phone number, OMB number, and CMS document identifier, to [Paperwork@cms.hhs.gov](mailto:Paperwork@cms.hhs.gov).

3. Call the Reports Clearance Office at (410) 786-1326.

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

CMS-179 Medicaid State Plan Base Plan Pages

CMS-10280 Home Health Change of Care Notice

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

#### Information Collection

1. *Type of Information Collection Request:* Reinstatement without change of a previously approved collection;  
*Title of Information Collection:* Medicaid State Plan Base Plan Pages;  
*Use:* State Medicaid agencies complete the plan pages while we review the information to determine if the state has met all of the requirements of the provisions the states choose to implement. If the requirements are met, we will approve the amendments to the state's Medicaid plan giving the state the authority to implement the flexibilities. For a state to receive Medicaid Title XIX funding, there must be an approved Title XIX state plan.

On October 1, 2018, we published a 60-day information collection request (83 FR 49389) which we are withdrawing—due to technical difficulties—as indicated in a partial withdrawal notice published elsewhere in today's **Federal Register**. While the October 1, 2018, notice was an extension, this replacement is being published as a reinstatement. Otherwise, there are no other changes.

*Form Number:* CMS–179 (OMB control number 0938–0193); *Frequency:* Occasionally; *Affected Public:* State, Local, and Tribal Governments; *Number of Respondents:* 56; *Total Annual Responses:* 1,120; *Total Annual Hours:* 22,400. (For policy questions regarding this collection contact Annette Pearson at 410–786–6958.)

## 2. Type of Information Collection

*Request:* Extension; *Title of Information Collection:* Home Health Change of Care Notice; *Use:* The purpose of the Home Health Change of Care Notice (HHCCN) is to notify original Medicare beneficiaries receiving home health care benefits of plan of care changes. Home health agencies (HHAs) are required to provide written notice to Original Medicare beneficiaries under various circumstances involving the reduction or termination of items and/or services consistent with Home Health Agencies Conditions of Participation (COPs).

The home health COP requirements are set forth in § 1891[42 U.S.C. 1395bbb] of the Social Security Act (the Act). The implementing regulations under 42 CFR 484.10(c) specify that Medicare patients receiving HHA services have rights. The patient has the right to be informed, in advance about the care to be furnished, and of any changes in the care to be furnished. The HHA must advise the patient in advance of the disciplines that will furnish care, and the frequency of visits proposed to be furnished. The HHA must advise the patient in advance of any change in the plan of care before the change is made.”

Notification is required for covered and non-covered services listed in the plan of care (POC). The beneficiary will use the information provided to decide whether or not to pursue alternative options to continue receiving the care noted on the HHCCN. *Form Number:* CMS–10280 (OMB control number: 0938–1196); *Frequency:* Yearly; *Affected Public:* Private Sector (Business or other for-profits, Not-for-Profit Institutions); *Number of Respondents:* 12,149; *Total Annual Responses:* 13,640,524; *Total Annual Hours:* 908,459. (For policy questions regarding this collection contact Jennifer McCormick at 410–786–2852.)

Dated: November 21, 2018.

### Agency Information Collection Activities: Proposed Collection; Comment Request

**ACTION:** Notice; partial withdrawal.

**SUMMARY:** On October 1, 2018 (83 FR 49389), the Centers for Medicare & Medicaid Services (CMS) published a notice entitled, “Agency Information Collection Activities: Proposed Collection; Comment Request.” That notice invited public comments on three separate information collection requests specific to document identifiers: CMS–10142, CMS–R–262, and CMS–179. Due to technical difficulties associated with CMS–179 (OMB control number: 0938–0193) titled “Medicaid State Plan Base Plan Pages,” through the publication of this document we are withdrawing CMS–179 from our October 1, 2018, information collection request. While the technical issues associated with CMS–179 have recently been resolved, because of the delay we are publishing a new 60-day information collection request elsewhere in today’s **Federal Register**. The November 30, 2018, comment due date for the remaining two collections [CMS–10142 (OMB control number: 0938–0944) titled, “Bid Pricing Tool (BPT) for Medicare Advantage (MA) Plans and Prescription Drug Plans (PDP)” and CMS–R–262 (OMB control number: 0938–0763), titled “Contract Year 2020 Plan Benefit Package (PBP) Software and Formulary Submission”] remains in effect without change.

Dated: November 21, 2018.

### Administration for Children and Families

### Statewide Data Indicators for Child and Family Services Reviews: Request for Public Comment

**AGENCY:** Children’s Bureau (CB), Administration for Children and Families (ACF), Administration on

Children, Youth and Families (ACYF), Department of Health and Human Services (HHS).

**ACTION:** Request for public comment on revised syntax used to calculate Statewide Data Indicators for Child and Family Services Reviews (CFSRs).

**SUMMARY:** In October 2014, the Administration for Children and Families (ACF) published a notice in the **Federal Register** (79 FR 61241) with the final plan to replace the statewide data indicators used to determine a state’s substantial conformity with titles IV–B and IV–E of the Social Security Act through the Child and Family Services Reviews (CFSRs). In May 2015, ACF published a notice in the **Federal Register** (80 FR 27263) to correct some of the calculations and language used in the October 2014 notice. After the May 2015 notice, additional technical errors in the syntax and formulation of the statewide data indicators were identified. Some of those errors were discovered by states and other interested parties that operationalized the indicators for continuous quality improvement. Based on the amount of time required to complete a comprehensive review of the syntax, make revisions and validate the accuracy of the calculations; the Children’s Bureau (CB) decided to suspend use of the indicators in determinations of substantial conformity during the third round of CFSRs. In October 2016, CB published CFSR Technical Bulletin #9 to inform states of the decision to limit use of the CFSR statewide data indicators and national performance to context information for round three of CFSRs. Since then, CB has thoroughly reviewed, revised, tested, and obtained independent review and validation of the syntax used to perform data quality checks and calculate state performance on the statewide data indicators. Before CB finalizes the revised syntax, and publishes revised performance results for all states and revised national standards, we invite state child welfare agencies, partner organizations, and the public to review, test, and provide comments on the revised syntax used to perform data quality checks and calculate observed performance on the statewide data indicators.

**DATES:** Comments are due by February 25, 2019.
