(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Inspection

At the applicable time specified in figure 1 to paragraphs (g) and (h) of this AD:

Perform an inspection to verify the serial number of the left and right MLG side brace actuator assembly P/N 40310–103, in accordance with paragraphs 2.A. and 2.B. of the Accomplishment Instructions of Bombardier Service Bulletin 100–32–30, dated December 18, 2017; or perform an inspection to verify the serial number of the left and right MLG side brace actuator assembly P/N 2–8554–2, in accordance with paragraphs 2.A. and 2.B. of the Accomplishment Instructions of Bombardier Service Bulletin 350–32–006, dated December 18, 2017; as applicable.

(h) Replacement

If, during the inspection specified in paragraph (g) of this AD, the serial number of the part installed is listed in table 1 of paragraph 2.B. of the Accomplishment Instructions of Bombardier Service Bulletin 100–32–30, dated December 18, 2017; or table 1 of paragraph 2.B. of the Accomplishment Instructions of Bombardier Service Bulletin 350–32–006, dated December 18, 2017; as applicable: at the applicable time specified in figure 1 to paragraphs (g) and (h) of this AD replace the split ball bearing P/N 104467672, in accordance with paragraph 2.C. of the Accomplishment Instructions of Bombardier Service Bulletin 100–32–30, dated December 18, 2017; or paragraph 2.C. of the Accomplishment Instructions of Bombardier Service Bulletin 350–32–006, dated December 18, 2017, as applicable. If the serial number of the installed part is not listed in table 1 of paragraph 2.B. of the Accomplishment Instructions of Bombardier Service Bulletin 100–32–30, dated December 18, 2017; or table 1 of paragraph 2.B. of the Accomplishment Instructions of Bombardier Service Bulletin 350–32–006, dated December 18, 2017; as applicable, no further action is required by this paragraph.

(i) Parts Installation Limitation

As of the effective date of this AD, no person may install on any Bombardier, Inc., Model BD–100–1A10 airplane, any MLG side brace actuator assembly on with a serial number specified in paragraph (k) of this AD.

(j) Other FAA AD Provisions

The following provisions also apply to this AD:

(1) Alternative Methods of Compliance (AMOCs): The Manager, New York ACO Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the certification office, send it to ATTN: Program Manager, Continuing Operational Safety, FAA, New York ACO Branch, 1600 Stewart Avenue, Suite 410, Westbury, NY 11590; telephone 516–228–7323; fax 516–794–5531; email 9-avs-nyaco-cos@faa.gov. (3) For service information identified in this AD, contact Bombardier, Inc., 400 Côte-Vertu Road West, Dorval, Quebec H4S 1Y9, Canada; telephone 514–855–5000; fax 514–855–7401; email thd.cfr@aero.bombardier.com; internet http://www.bombardier.com. You may view this service information at the FAA, Transport Standards Branch, 2200 South 216th St., Des Moines, WA. For information on the availability of this material at the FAA, call 206–231–3195.

Issued in Des Moines, Washington, on November 15, 2018.

DEPARTMENT OF ENERGY
Federal Energy Regulatory Commission

18 CFR Part 33

[Docket No. RM19–4–000]

Implementation of Amended Section 203(a)(1)(B) of the Federal Power Act

AGENCY: Federal Energy Regulatory Commission, Department of Energy.

ACTION: Notice of proposed rulemaking.

SUMMARY: Pursuant to “An Act to amend section 203 of the Federal Power Act” (Act), the Federal Energy Regulatory Commission (Commission) proposes to revise its regulations relating to mergers or consolidations by a public utility.
Specifically, the Commission proposes to revise its regulations to establish that a public utility must seek authorization under amended section 203(a)(1)(B) of the Federal Power Act to merge or consolidate, directly or indirectly, its facilities subject to the jurisdiction of the Commission, or any part thereof, with the facilities of any other person, or any part thereof, that are subject to the jurisdiction of the Commission and have a value in excess of $1 million and such public utility is not required to secure Commission authorization under amended section 203(a)(1)(B).

DATES: Comments are due December 31, 2018.

ADDRESSES: Comments, identified by docket number, may be filed electronically at http://www.ferc.gov in acceptable native applications and print-to-PDF, but not in scanned or picture format. For those unable to file electronically, comments may be filed by mail or hand-delivery to: Federal Energy Regulatory Commission, Secretary of the Commission, 888 First Street NE, Washington, DC 20426. The Comment Procedures Section of this document contains more detailed filing procedures.

SUPPLEMENTARY INFORMATION:

I. Background

1. On September 28, 2018, “An Act to amend section 203 of the Federal Power Act” (Act) was signed into law. Section 1 of the Act amended section 203(a)(1)(B) to provide that no public utility shall, without first having secured an order of the Commission authorizing it to do so, merge or consolidate, directly or indirectly, its facilities subject to the jurisdiction of the Commission, or any part thereof, with the facilities of any other person, or any part thereof, that are subject to the jurisdiction of the Commission and have a value in excess of $10 million, by any means whatsoever. Section 3 of the Act provides that the amendment to section 203(a)(1)(B) shall take effect 180 days after the date of enactment of the Act. The primary effect of this amendment is to establish a $10 million threshold on transactions that will be subject to the Commission’s review and authorization under section 203(a)(1)(B).

2. In section 2 of the Act, Congress amended section 203(a) to add section (a)(7) to require notification for certain transactions. Section 203(a)(7) provides that, not later than 180 days after the date of the enactment of section 203(a)(7), the Commission shall promulgate a rule requiring any public utility that is seeking to merge or consolidate, directly or indirectly, its facilities subject to the jurisdiction of the Commission, or any part thereof, with those of any other person, to notify the Commission of such transactions not later than 30 days after the date on which the transaction is consummated if: (1) The facilities, or any part thereof, to be acquired are of a value in excess of $1 million; and (2) such public utility is not required to secure a Commission order under amended section 203(a)(1)(B). The Commission’s proposed implementation of the above changes is discussed below.

II. Discussion

3. The Commission proposes two changes to part 33 of its regulations to bring them into conformance with the Act. First, the Commission proposes to revise § 33.1(a)(1)(ii) to provide that part 33 will apply to any public utility seeking authorization under section 203 to merge or consolidate, directly or indirectly, its facilities subject to the jurisdiction of the Commission, or any part thereof, with the facilities of any other person, or any part thereof, that are subject to the jurisdiction of the Commission and have a value in excess of $1 million, by any means whatever.¹

4. Second, the Commission proposes to require public utilities whose transactions are subject to section 203(a)(7) to file notification of such transactions with the Commission. Specifically, the Commission proposes that any public utility that is seeking to merge or consolidate, directly or indirectly, its facilities subject to the jurisdiction of the Commission, or any part thereof, with those of any other person must notify the Commission of such transaction not later than 30 days after the date on which the transaction is consummated if: (1) The facilities, or any part thereof, to be acquired are of a value in excess of $1 million; and (2) such public utility is not required to secure an order of the Commission under section 203(a)(1)(B).

5. In this notification filing, the Commission proposes that public utilities subject to section 203(a)(7) file the following information: (1) The exact name of the public utility and its principal business address; and (2) a narrative description of the transaction, including the identity of all parties involved in the transaction and all jurisdictional facilities associated with or affected by the transaction, the location of such jurisdictional facilities involved in the transaction, the date on which the transaction was consummated, the consideration for the transaction, and the effect of the transaction on the ownership or control of such jurisdictional facilities.

6. New section 203(a)(7)(B) requires that, “[i]n establishing any notification requirement under subparagraph (A), the Commission shall, to the maximum extent practicable, minimize the paperwork burden resulting from the collection of information.” We believe that the information to be included in the proposed notification filing represents a substantial reduction in paperwork from the full filing requirements under part 33. Public utilities subject to section 203(a)(7) were previously required to submit complete applications with all relevant information required by part 33. The information to be included in the proposed notification filing represents only a small fraction of the information contemplated in part 33.

7. Further, the information the Commission proposes to require in the notification filing will allow the Commission to monitor the merger or consolidation of facilities subject to its jurisdiction. Although the transactions contemplated pursuant to section 203(a)(7) are unlikely to present concerns under the Commission’s public interest analysis and public utilities entering into these transactions are not required to secure an order of the Commission under amended section 203(a)(1)(B), the proposed changes to part 33 will apply to any public utility that is seeking to merge or consolidate, directly or indirectly, its facilities subject to the jurisdiction of the Commission, or any part thereof, with those of any other person.
Commission to collect information about the transaction should a question arise related to the underlying facilities and the Commission’s oversight under the Federal Power Act.

8. We propose that the notification filing should be filed in the first docket for section 203 filings of the fiscal year (FY). For example, all notification filings made in FY2019 would be filed in Docket No. EC19–1–000; all notification filings for FY2020 would be filed in Docket No. EC20–1–000, etc. We believe that this approach would allow the Commission to track the transactions that fall under section 203(a)(7).

9. Lastly, the Commission clarifies that, except for mergers or consolidations that are valued at $10 million or less, the Commission will not change its interpretation of the transactions that are subject to the jurisdiction of the Commission under the “merge or consolidate” clause of section 203(a)(1)(B). That is, the Commission interprets the amendment by Congress to section 203(a)(1)(B) as establishing a $10 million threshold, but not removing the Commission’s jurisdiction to review transactions with a higher value that involve a public utility’s acquisition of facilities from non-public utilities if those facilities will be subject to the Commission’s jurisdiction after the transaction is consummated.3

III. Information Collection Statement

10. The collection of information contained in this Notice of Proposed Rulemaking is subject to review by the Office of Management and Budget (OMB) under section 3507(d) of the Paperwork Reduction Act (PRA).4 The PRA requires each federal agency to seek and obtain OMB approval before undertaking a collection of information directed to 10 or more persons or contained in a rule of general applicability. OMB’s regulations5 require approval of certain information collection requirements imposed by agency rules. Upon approval of a collection of information, OMB will assign an OMB control number and an expiration date. Respondents subject to the filing requirements of an agency rule will not be penalized for failing to respond to the collection of information unless the collection of information displays a valid OMB control number. The Commission solicits comments on the Commission’s need for the specific information it proposes to collect, whether the information will have practical utility, the accuracy of the burden estimates, ways to enhance the quality, utility, and clarity of the information to be collected or retained, and any suggested methods for minimizing respondents’ burden, including the use of automated information techniques.

11. The revisions to the Commission’s regulations proposed in this NOPR would bring the regulations in conformance with the amendments to section 203 enacted by Congress. The first revision would implement Congress’ amendment to section 203(a)(1)(B), which provides that a public utility must seek authorization to merge or consolidate, directly or indirectly, its facilities subject to the jurisdiction of the Commission, or any part thereof, with the facilities of any other person, or any part thereof, that are subject to the jurisdiction of the Commission and have a value in excess of $10 million, by any means whatsoever. In addition, the Commission proposes to add § 33.12 to its regulations to implement the directive in new section 203(a)(7) that the Commission require a notification filing for mergers or consolidations by a public utility if the facilities to be acquired have a value in excess of $1 million and such public utility is not required to secure Commission authorization under amended section 203(a)(1)(B). The Commission anticipates that the revisions, once effective, would reduce regulatory burdens. The Commission will submit the proposed reporting requirements to OMB for its review and approval under section 3507(d) of the PRA.6

12. While the Commission expects that the regulatory revisions proposed herein will reduce the burdens on affected entities, the Commission nonetheless solicits public comments regarding the accuracy of the burden and cost estimates below.

13. Internal review: The Commission has reviewed the proposed changes and has determined that the changes are necessary.

14. Burden Estimate7: The estimated burden and cost for the requirements contained in this NOPR follow.

Title: FERC–519, Application under Federal Power Act Section 203.

OMB Control No.: 1902–0082.

Action: Proposed amendment to 18 CFR part 33.

Abstract: Pursuant to “An Act to amend section 203 of the Federal Power Act” (Act), the Commission proposes to revise part 33 of its regulations to establish that mergers or consolidations by a public utility of facilities subject to the jurisdiction of the Commission that have a value in excess of $10 million are subject to Commission authorization. In addition, the Commission proposes to

---

3 See Duke Power Co. v. FPC, 401 F.2d 930, 941 (DC Cir. 1968) (“We have no doubt that any acquisition from [a non-public utility] by a public utility of what would normally be a jurisdictional facility, such as a transmission line conducting interstate energy, would fall within the purview of the clause under consideration.”).

4 44 U.S.C. 3507(d).

5 5 CFR 1320.

6 44 U.S.C. 3507(d).

7 “Burden” is the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. For further explanation of what is included in the information collection burden, refer to 5 CFR 1320.3.

8 Commission staff estimates that approximately 26 section 203 filings will change from full section 203 filings to the notification filing described above, and will take one burden hour to complete. The number of respondents and responses is based on Commission staff’s estimate that 13 percent of the approximately 200 section 203 filings received will be affected by the NOPR, which represents a significant reduction in burden hours.
add § 33.12 to its regulations to establish a notification requirement for mergers or consolidations by a public utility if the facilities to be acquired have a value in excess of $1 million and such public utility is not required to secure Commission authorization under amended section 203(a)(1)(B). The Commission must authorize these transactions, both of which together require the filing requirements by contacting the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20503 [Attention: Desk Officer for the Federal Energy Regulatory Commission]. Due to security concerns, comments should be sent electronically to the following email address: oira_submission@omb.eop.gov. Please refer to FERC–520, OMB Control No. 1902–0083 in your submission.

IV. Environmental Analysis

19. The Commission is required to prepare an Environmental Assessment or an Environmental Impact Statement for any action that may have a significant adverse effect on the human environment. We conclude that neither an Environmental Assessment nor an Environmental Impact Statement is required for this NOPR under section 380.4(a) of the Commission’s regulations, which provides a categorical exemption for “approval of actions under section[] . . . 203 . . . of the Federal Power Act relating to . . . acquisition or disposition of property. . . .”10

V. Regulatory Flexibility Act Certification

20. The Regulatory Flexibility Act of 1980 (RFA) generally requires a description and analysis of proposed rules that will have significant economic impact on a substantial number of small entities. The Small Business Administration’s (SBA) Office of Size Standards develops the numerical definition of a small entity. These standards are provided in the SBA regulations at 13 CFR 121.201. The RFA does not mandate any particular outcome in a rulemaking. It only requires consideration of alternatives that are less burdensome to small entities and an agency explanation of why alternatives were rejected. 21. The SBA size standards for electric utilities is based on the number of employees, including affiliates, Under SBA’s standards, some transmission owners will fall under the following category and associated size threshold: electric bulk power transmission and control, at 500 employees.11

22. The Commission estimates that 26 respondents could file notification filings over the course of a year, with an estimated burden of 1 hour per response, at an estimated cost of $79.00 per respondent. The Commission believes that none of the filers will be small. Therefore, the Commission certifies that this proposed rule will not have a significant economic impact on small entities.

VI. Comment Procedures

23. The Commission invites interested persons to submit comments on the matters and issues proposed in this document to be adopted, including any related matters or alternative proposals that commenters may wish to discuss. Comments are due December 31, 2018. Comments must refer to Docket No. RM19–4–000, and must include the commenter’s name, the organization they represent, if applicable, and their address in their comments.

24. The Commission encourages comments to be filed electronically via the eFiling link on the Commission’s website at http://www.ferc.gov. The Commission accepts most standard word processing formats. Documents created electronically using word processing software should be filed in native applications or print-to-PDF format and not in a scanned format. Commenters filing electronically do not need to make a paper filing.

25. Commenters that are not able to file comments electronically must send an original of their comments to: Federal Energy Regulatory Commission, Secretary of the Commission, 888 First Street NE, Washington, DC 20503. All comments will be placed in the Commission’s public files and may be viewed, printed, or downloaded remotely as described in the Document Availability section below. Commenters on this proposal are not required to serve copies of their comments on other commenters.

VII. Document Availability

26. All comments will be placed in the Commission’s public files and may be viewed, printed, or downloaded remotely as described in the Document Availability section below. Commenters on this proposal are not required to serve copies of their comments on other commenters.

27. In addition to publishing the full text of this document in the Federal Register, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission’s Home Page (http://www.ferc.gov) and in the Commission’s Public Reference Room during normal business hours (8:30 a.m. to 5:00 p.m. [Hours: 8:30 a.m. to 5:00 p.m.]).

10 18 CFR 380.4(a)(16).

part thereof, with those of any other person, shall notify the Commission of such transaction not later than 30 days after the date on which the transaction is consummated if:

1. The facilities, or any part thereof, to be acquired are of a value in excess of $1 million; and

2. Such public utility is not required to secure an order of the Commission under section 203(a)(1)(B) of the Federal Power Act.

(b) Such notification shall consist of the following information:

1. The exact name of the public utility and its principal business address; and

2. A narrative description of the transaction, including the identity of all parties involved in the transaction and all jurisdictional facilities associated with or affected by the transaction, the location of such jurisdictional facilities involved in the transaction, the date on which the transaction was consummated, the consideration for the transaction, and the effect of the transaction on the ownership and control of such jurisdictional facilities.

§ 33.12 Notification requirement for certain transactions.

(a) Any public utility that is seeking to merge or consolidate, directly or indirectly, its facilities subject to the jurisdiction of the Commission, or any part thereof, with those of any other public utility that is subject to the jurisdiction of the Commission, shall notify the Commission of such transaction not later than 30 days after the date on which such transaction is consummated if:

1. The facilities, or any part thereof, to be acquired are of a value in excess of $1 million; and

2. Such public utility is not required to secure an order of the Commission under section 203(a)(1)(B) of the Federal Power Act.

(b) Such notification shall consist of the following information:

1. The exact name of the public utility and its principal business address; and

2. A narrative description of the transaction, including the identity of all parties involved in the transaction and all jurisdictional facilities associated with or affected by the transaction, the location of such jurisdictional facilities involved in the transaction, the date on which such transaction was consummated, the consideration for the transaction, and the effect of the transaction on the ownership and control of such jurisdictional facilities.

DEPARTMENT OF EDUCATION

34 CFR Part 200

RIN 1810–AB49

[Docket ID ED–2018–OESE–0079]

Title I—Improving the Academic Achievement of the Disadvantaged; Education of Migratory Children

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Department proposes to modify the current requirements related to the responsibilities of State educational agency (SEA) recipients of funds under title I, part C, of the Elementary and Secondary Education Act of 1965, as amended (ESEA), to conduct annual prospective re-interviews to confirm the eligibility of children under the Migrant Education Program (MEP). Based on input from MEP stakeholders, we propose to clarify who constitutes an independent re-interviewer, and to reduce the costs and burden of prospective re-interviews conducted by independent re-interviewers, while maintaining adequate quality control measures to safeguard the integrity of program eligibility determinations.

DATES: We must receive your comments on or before January 28, 2019.

ADDRESSES: Submit your comments through the Federal eRulemaking Portal or via postal mail, commercial delivery, or hand delivery. We will not accept comments submitted by fax or by email or those submitted after the comment period. To ensure that we do not receive duplicate copies, please submit your comments only once. In addition, please include the Docket ID at the top of your comments.

Postal Mail, Commercial Delivery, or Hand Delivery: The Department strongly encourages commenters to submit their comments electronically. However, if you mail or deliver your comments about these proposed regulations, address them to Patricia Meyertholen, U.S. Department of Education, 400 Maryland Avenue SW, Room 3E15, Washington, DC 20202.

Privacy Note: The Department’s policy is to make all comments received from members of the public available for public viewing in their entirety on the Federal eRulemaking Portal at www.regulations.gov. Therefore, commenters should be careful to include in their comments only information that they wish to make publicly available.

SUPPLEMENTARY INFORMATION:

Catalog of Federal Domestic Assistance (CFDA) Number: 84.011.

Invitation to Comment: We invite you to submit comments regarding these proposed regulations. To ensure that your comments have maximum effect in developing the final regulations, we urge you to identify clearly the specific section or sections of the proposed regulations that each of your comments addresses and to arrange your comments in the same order as the proposed regulations. We invite you to assist us in complying with the specific...
