

In addition to compliance with NEPA, NHPA Section 106, and ESA Section 7, all Federal actions will be in compliance with applicable requirements of the Surface Mining Control and Reclamation Act of 1977 (30 U.S.C. 1021–1328), the Clean Water Act (33 U.S.C. 1251–1387), the Clean Air Act (42 U.S.C. 7401–7671q), and Executive Orders relating to environmental justice, tribal consultation, and other applicable laws and regulations.

## II. Background on the Rosebud Mine

Coal has been mined at Colstrip, MT for more than 90 years. The Northern Pacific Railway established the city of Colstrip and its associated mine in the 1920s to access coal from the Fort Union Formation. Coal mining began in 1924, providing fuel for the railway's steam locomotive trains. During the initial 34 years of mining, 44 million tons of coal were mined. By 1958, diesel-powered locomotives replaced steam engines and mining ceased in the Colstrip area.

In 1959, the Montana Power Company purchased rights to the Rosebud Mine in the city of Colstrip with plans to build power generation facilities. The Rosebud Mine operation began production in 1968. In 2001, Westmoreland purchased the Rosebud Mine; its subsidiary, Western Energy, continues to operate the mine today. Although the Rosebud Mine has shipped coal by rail as recently as 2010, all coal currently produced by the mine is consumed locally at the Colstrip and Rosebud Power Plants.

## III. Background on the Western Energy Proposed Permit Area F

Western Energy proposes to conduct surface coal mining and reclamation operations within the 6,746-acre proposed permit Area F of the Rosebud Mine. The project area would be adjacent to the western boundary of Area C, 12 miles west of Colstrip. Western Energy proposes to conduct surface coal mining operations on an approximately 2,159-acre portion of the project area, with a total disturbance footprint, including soil storage, scoria pits, and haul roads, of approximately 4,260 acres. The project area would, in conjunction with the mining of any reserves remaining within existing permit areas A, B, and C of the Rosebud Mine, supply low-sulfur coal to the Colstrip Power Plant (Units 3 and 4) at a rate of between 7.7 and 9.95 million tons annually. In addition, coal from the Rosebud Mine with higher sulfur content would be supplied to the Rosebud Power Plant at a rate of approximately 300,000 tons annually.

Approval of the proposed permit Area F is expected to require several other agency actions, including:

- Findings and recommendations by BLM with respect to Western Energy's Resource Recovery and Protection Plan and other requirements of Western Energy's lease.
- Approval by DEQ of Western Energy's Montana Air Quality Permit #1570–07 to allow expansion of the geographic extent of the mine to include the proposed permit Area F; and
- Approval by DEQ of a new MPDES permit.

## IV. Alternatives

Alternatives carried forward in the Final EIS include the No Action Alternative (Alternative 1), the Proposed Action Alternative (Alternative 2), and the Proposed Action Plus Additional Environmental Protection Measures Alternative (Alternative 3). Several other alternatives were considered but dismissed from further consideration.

## V. Revisions to the Draft EIS

In accordance with the CEQ's regulations for implementing NEPA and the DOI's NEPA regulations, OSMRE solicited public comments on the Draft EIS. OSMRE responses to comments are included in Appendix F of the FEIS. The agencies considered comments received from the public on the Draft EIS and incorporated them, as appropriate, into the FEIS. The changes between the Draft EIS and Final EIS are a result of responding to comments received during the public comment period and generally consist of revisions to the text to clarify the analysis of resource-specific potential impacts under each alternative. No new analyses were completed and no new or additional data were used to support the existing analyses.

In addition, the FEIS includes updates based on evolving regulatory guidance and completion of the NHPA Section 106 and ESA Section 7 consultation processes.

## INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–602 and 731–TA–1412 (Final)]

### Steel Wheels From China; Scheduling of the Final Phase of Countervailing Duty and Antidumping Duty Investigations

**AGENCY:** United States International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** The Commission hereby gives notice of the scheduling of the final phase of antidumping and countervailing duty investigation Nos. 701–TA–602 and 731–TA–1412 (Final) pursuant to the Tariff Act of 1930 (“the Act”) to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports of steel wheels from China, provided for in subheadings 8708.70.45, 8708.70.60, and 8716.90.50 of the Harmonized Tariff Schedule of the United States, preliminarily determined by the Department of Commerce (“Commerce”) to be subsidized and sold at less-than-fair-value.

**DATES:** October 23, 2018.

**FOR FURTHER INFORMATION CONTACT:** Jordan Harriman (202–205–2610), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for these investigations may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

#### SUPPLEMENTARY INFORMATION:

**Scope.**— For purposes of these investigations, Commerce has defined the subject merchandise as “. . . certain on-the-road steel wheels, discs, and rims for tubeless tires, with a nominal rim diameter of 22.5 inches and 24.5 inches, regardless of width. Certain on-the-road steel wheels with a nominal wheel diameter of 22.5 inches and 24.5 inches are generally for Class 6, 7, and 8 commercial vehicles (as classified by the Federal Highway Administration

Gross Vehicle Weight Rating system), including tractors, semitrailers, dump trucks, garbage trucks, concrete mixers, and buses, and are the current standard wheel diameters for such applications. The standard widths of certain on-the-road steel wheels are 7.5 inches, 8.25 inches, and 9.0 inches, but all certain on-the-road steel wheels, regardless of width, are covered by the scope. While 22.5 inches and 24.5 inches are standard wheel sizes used by Class 6, 7, and 8 commercial vehicles, the scope covers sizes that may be adopted in the future for Class 6, 7, and 8 commercial vehicles. The scope includes certain on-the-road steel wheels with either a “hub-piloted” or “stud-piloted” mounting configuration, and includes rims and discs for such wheels, whether imported as an assembly or separately. The scope includes certain on-the-road steel wheels, discs, and rims, of carbon and/or alloy steel composition, whether clad or not clad, whether finished or not finished, and whether coated or uncoated. All on-the-road wheels sold in the United States are subject to the requirements of the National Highway Traffic Safety Administration and bear markings, such as the “DOT” symbol, indicating compliance with applicable motor vehicle standards. See 49 CFR 571.120. The scope includes certain on-the-road steel wheels imported with or without the required markings. Certain on-the-road steel wheels imported as an assembly with a tire mounted on the wheel and/or with a valve stem attached are included. However, if the certain on-the-road steel wheel is imported as an assembly with a tire mounted on the wheel and/or with a valve stem attached, the certain on-the-road steel wheel is covered by the scope, but the tire and/or valve stem is not covered by the scope. Excluded from the scope are: (1) Steel wheels for tube-type tires that require a removable side ring; (2) aluminum wheels; (3) wheels where steel represents less than fifty percent of the product by weight; and (4) steel wheels that do not meet National Highway Traffic Safety Administration requirements, other than the rim marking requirements found in 49 CFR 571.120S5.2.”

**Background.**—The final phase of these investigations is being scheduled pursuant to sections 705(b) and 731(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b) and 1673d(b)), as a result of affirmative preliminary determinations by the Commerce that certain benefits which constitute subsidies within the meaning of section 703 of the Act (19 U.S.C. 1671b) are being provided to

manufacturers, producers, or exporters in China of steel wheels, and that such products are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. 1673b). The investigations were requested in petitions filed on March 27, 2018, by Accuride Corporation, Evansville, Indiana, and Maxion Wheels Akron LLC, Akron, Ohio.

For further information concerning the conduct of this phase of the investigations, hearing procedures, and rules of general application, consult the Commission’s Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

**Participation in the investigations and public service list.**—Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of these investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11 of the Commission’s rules, no later than 21 days prior to the hearing date specified in this notice. A party that filed a notice of appearance during the preliminary phase of the investigations need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

**Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.**—Pursuant to section 207.7(a) of the Commission’s rules, the Secretary will make BPI gathered in the final phase of these investigations available to authorized applicants under the APO issued in the investigations, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the investigations. A party granted access to BPI in the preliminary phase of the investigations need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

**Staff report.**—The prehearing staff report in the final phase of these investigations will be placed in the nonpublic record on December 21, 2018, and a public version will be issued thereafter, pursuant to section 207.22 of the Commission’s rules.

**Hearing.**—The Commission will hold a hearing in connection with the final phase of these investigations beginning at 9:30 a.m. on Tuesday, January 8, 2019, at the U.S. International Trade Commission Building. Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before January 3, 2019. A nonparty who has testimony that may aid the Commission’s deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should participate in a prehearing conference to be held on January 7, 2019, at the U.S. International Trade Commission Building, if deemed necessary. Oral testimony and written materials to be submitted at the public hearing are governed by sections 201.6(b)(2), 201.13(f), and 207.24 of the Commission’s rules. Parties must submit any request to present a portion of their hearing testimony *in camera* no later than 7 business days prior to the date of the hearing.

**Written submissions.**—Each party who is an interested party shall submit a prehearing brief to the Commission. Prehearing briefs must conform with the provisions of section 207.23 of the Commission’s rules; the deadline for filing is January 2, 2019. Parties may also file written testimony in connection with their presentation at the hearing, as provided in section 207.24 of the Commission’s rules, and posthearing briefs, which must conform with the provisions of section 207.25 of the Commission’s rules. The deadline for filing posthearing briefs is January 15, 2019. In addition, any person who has not entered an appearance as a party to the investigations may submit a written statement of information pertinent to the subject of the investigations, including statements of support or opposition to the petition, on or before January 15, 2019. On January 31, 2019, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before February 4, 2019, but such final comments must not contain new factual information and must otherwise comply with section 207.30 of the Commission’s rules. All written submissions must conform with the provisions of section 201.8 of the Commission’s rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission’s rules. The Commission’s *Handbook on E-Filing*, available on the

Commission's website at <https://edis.usitc.gov>, elaborates upon the Commission's rules with respect to electronic filing.

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

**Authority:** These investigations are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.21 of the Commission's rules.

By order of the Commission.

Issued: November 26, 2018.

#### SUPPLEMENTARY INFORMATION:

**Background.**—In March 2017, the Commission determined that an industry in the United States was not materially injured or threatened with material injury by reason of imports of TBTs from China that were sold in the United States at less than fair value and that were subsidized by the Government of China. *Truck and Bus Tires from China*, Inv. Nos. 701-TA-556 and 731-TA-1311 (Final), USITC Pub. 4673 (March 2017). Petitioner contested the Commission's determinations before the U.S. Court of International Trade ("CIT"). The CIT sustained certain challenged aspects of the Commission's negative determinations, but remanded for reconsideration of the Commission's analysis of price effects and likely price effects, and of the nature of the countervailable subsidies for purposes of the threat of material injury analysis. *United Steel, Paper and Forestry, Rubber, Mfg., Energy, Allied Indus. and Serv. Workers Int'l Union v. United States*, Slip Op. 18-151 (Ct. Int'l Trade, Nov. 1, 2018).

**Participation in the remand proceedings.**—Only those persons who were interested parties that participated in the investigations (*i.e.*, persons listed on the Commission Secretary's service list) and also parties to the appeal may participate in the remand proceedings. Such persons need not file any additional appearances with the Commission to participate in the remand proceedings, unless they are adding new individuals to the list of persons entitled to receive business proprietary information ("BPI") under administrative protective order. BPI referred to during the remand proceedings will be governed, as appropriate, by the administrative protective order issued in the investigations. The Secretary will maintain a service list containing the names and addresses of all persons or their representatives who are parties to

the remand proceedings, and the Secretary will maintain a separate list of those authorized to receive BPI under the administrative protective order during the remand proceedings.

**Written Submissions.**—The Commission is not reopening the record and will not accept the submission of new factual information for the record. The Commission will permit the parties to file comments concerning how the Commission could best comply with the Court's remand instructions.

The comments must be based solely on the information in the Commission's record. The Commission will reject submissions containing additional factual information or arguments pertaining to issues other than those on which the Court has remanded this matter. The deadline for filing comments is December 11, 2018. Comments must be limited to no more than ten (10) double-spaced and single-sided pages of textual material.

Parties are advised to consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subpart A (19 CFR part 207) for provisions of general applicability concerning written submissions to the Commission. All written submissions must conform to the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's *Handbook on E-Filing*, available on the Commission's website at <https://edis.usitc.gov>, elaborates upon the Commission's rules with respect to electronic filing.

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, will not be accepted unless good cause is shown for accepting such submissions or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigation must be served on all other parties to the investigation (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

By order of the Commission.
