SUPPLEMENTARY INFORMATION: Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains and associated funerary objects under the control of the Wisconsin Historical Society, Madison, WI. The human remains and associated funerary objects were removed from the Earl II Site, Vernon County, WI.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3) and 43 CFR 10.11(d). The determinations in this notice are the sole responsibility of the museum,

institution, or Federal agency that has control of the Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations in this notice.

Consultation

A detailed assessment of the human remains was made by the Wisconsin Historical Society professional staff in consultation with representatives of the Forest County Potawatomi Community, Wisconsin; Ho-Chunk Nation of Wisconsin; Lac du Flambeau Band of Lake Superior Chippewa Indians of the Lac du Flambeau Reservation of Wisconsin; Menominee Indian Tribe of Wisconsin; and the Upper Sioux Community, Minnesota, hereafter referred to as "The Consulted Tribes."

History and Description of the Remains

In 1960, human remains representing, at minimum, one individual were removed from the Earll II Site (47-VE-0050) in Vernon County, WI. The site was investigated by the Wisconsin Historical Society (WHS) in 1960, as part of the LaFarge Dam Project. During this project, the WHS excavated two of three mounds found at the site—the linear mound (Mound 2) and one of the oval mounds (Mound 1)—that were slated for destruction to make way for the relocation of State Highway 131. In Mound 2, WHS archeologists found a subfloor burial pit that contained human remains that were later determined to belong to a Native American adult of indeterminate sex. No known individuals were identified. The seven associated funerary objects are one group of stone flakes, one chert flake, one chert projectile point, one biface fragment, one chert projectile point fragment, one faunal tooth, and one ceramic sherd.

Determinations Made by the Wisconsin Historical Society

Officials of the Wisconsin Historical Society have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice are Native American based on Wisconsin Historical Society records, burial location, archeological context, oral histories, and skeletal analysis.
- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- Pursuant to 25 U.S.C. 3001(3)(A), the seven objects described in this notice are reasonably believed to have been placed with or near individual human remains at the time of death or

later as part of the death rite or ceremony.

- Pursuant to 25 U.S.C. 3001(2), a relationship of shared group identity cannot be reasonably traced between the Native American human remains associated funerary objects and any present-day Indian Tribe.

- According to final judgments of the Indian Claims Commission or the Court of Federal Claims, the land from which the Native American human remains were removed is the aboriginal land of the Ho-Chunk Nation of Wisconsin and the Winnebago Tribe of Nebraska.

- Treaties, Acts of Congress, or Executive Orders, indicate that the land from which the Native American human remains were removed is the aboriginal land of the Assiniboine and Sioux Tribes of the Fort Peck Indian Reservation, Montana; Cheyenne River Sioux Tribe of the Cheyenne River Reservation, South Dakota; Crow Creek Sioux Tribe of the Crow Creek Reservation, South Dakota; Flandreau Santee Sioux Tribe of South Dakota; Ho-Chunk Nation of Wisconsin; Lower Brule Sioux Tribe of the Lower Brule Reservation, South Dakota; Lower Sioux Indian Community in the State of Minnesota; Oglala Sioux Tribe (previously listed as the Oglala Sioux Tribe of the Pine Ridge Reservation, South Dakota); Prairie Island Indian Community in the State of Minnesota; Rosebud Sioux Tribe of the Rosebud Indian Reservation, South Dakota; Santee Sioux Nation, Nebraska; Shakopee Mdewakanton Sioux Community of Minnesota; Sisseton-Wahpeton Oyate of the Lake Traverse Reservation, South Dakota; Spirit Lake Tribe, North Dakota; Standing Rock Sioux Tribe of North & South Dakota; Upper Sioux Community, Minnesota; Winnebago Tribe of Nebraska; and the Yankton Sioux Tribe of South Dakota, hereafter referred to as "The Aboriginal Land Tribes."

- Pursuant to 43 CFR 10.11(c)(1), the disposition of the human remains may be to The Aboriginal Land Tribes.

Additional Requestors and Disposition

Representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to Jennifer Kolb, Wisconsin Historical Society, 816 State St., Madison, WI 53706, telephone (608) 264-6434, email Jennifer.Kolb@wisconsinhistory.org, by January 4, 2019. After that date, if no additional requestors have come forward, transfer

of control of the human remains and associated funerary objects to The Aboriginal Land Tribes may proceed.

The Wisconsin Historical Society is responsible for notifying The Aboriginal Land Tribes and The Consulted Tribes that this notice has been published.

Dated: November 7, 2018.
