

i. *FERC Contact*: Michael Spencer at (202) 502-6093 or email at michael.spencer@ferc.gov.

j. In a letter dated November 29, 2018, the Director of the Division of Hydropower Licensing approved Tallassee Shoals, LLC's request to use the Traditional Licensing Process.

k. With this notice, we are initiating informal consultation with the U.S. Fish and Wildlife Service and/or NOAA Fisheries under section 7 of the Endangered Species Act and the joint agency regulations thereunder at 50 CFR, Part 402; and NOAA Fisheries under section 305(b) of the Magnuson-Stevens Fishery Conservation and Management Act and implementing regulations at 50 CFR 600.920. We are also initiating consultation with the Georgia State Historic Preservation Officer, as required by section 106, National Historic Preservation Act, and the implementing regulations of the Advisory Council on Historic Preservation at 36 CFR 800.2.

l. Tallassee Shoals LLC filed a Pre-Application Document (PAD; including a proposed process plan and schedule) with the Commission, pursuant to 18 CFR 5.6 of the Commission's regulations.

m. A copy of the PAD is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website (<http://www.ferc.gov>), using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). A copy is also available for inspection and reproduction at the address in paragraph h.

n. The licensee states its unequivocal intent to submit an application for a new license for Project No. 3102. Pursuant to 18 CFR 16.8, 16.9, and 16.10 each application for a new license and any competing license applications must be filed with the Commission at least 24 months prior to the expiration of the existing license. All applications for license for this project must be filed by September 30, 2021.

o. Register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filing and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Dated: November 29, 2018.

Kimberly D. Bose,
Secretary.

Clean Air Act Operating Permit Program; Petition for Objection To State Operating Permit for the U.S. Department of Energy-Hanford Operations, Benton County, Washington

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final Order on Petition for objection to Clean Air Act title V operating permit.

SUMMARY: The Environmental Protection Agency (EPA) Administrator signed an Order, dated October 15, 2018, granting a petition dated September 1, 2016, filed by Bill Green of Richland, Washington. The Petition requested that the EPA object to a Clean Air Act (CAA) title V operating permit (Permit No. 00-05-006, Renewal 2, Revision B) issued by the Washington State Department of Ecology (Ecology) to the U.S. Department of Energy-Hanford Operations (DOE) for the Hanford site located in Benton County, Washington.

ADDRESSES: The EPA requests that you contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section to view copies of the final Order, the Petition, and other supporting information. You may view hard copies of these documents Monday through Friday, from 9 a.m. to 3 p.m., excluding federal holidays, at EPA Region 10, 1200 Sixth Avenue, Seattle, Washington. If you wish to examine these documents, you should make an appointment at least 24 hours before the visiting day. Additionally, the final Order and Petition are available electronically at: <http://www.epa.gov/title-v-operating-permits/title-v-petition-database>.

FOR FURTHER INFORMATION CONTACT: Kelly McFadden, EPA Region 10, (206) 553-1679, McFadden.Kelly@epa.gov.

SUPPLEMENTARY INFORMATION: The CAA affords the EPA a 45-day period to review and object to, as appropriate, a title V operating permit proposed by a state permitting authority under title V of the CAA. Section 505(b)(2) of the CAA authorizes any person to petition the EPA Administrator to object to a title V operating permit within 60 days after the expiration of the EPA's 45-day

review period if the EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or unless the grounds for the issue arose after this period.

The EPA received the Petition from Bill Green of Richland, Washington, dated September 1, 2016, requesting that the EPA object to the issuance of title V operating permit no. 00-05-006, Renewal 2, Revision B, issued by Ecology to DOE for the Hanford site in Benton County, Washington.

The Petition claims that Ecology did not, as required by 40 CFR 70.7(h)(2), make available during the public comment process all of the information that the permitting authority had deemed to be relevant by using it in the permitting process.

On October 15, 2018, the EPA Administrator issued an Order granting the Petition. The Order explains the basis for EPA's decision.

Sections 307(b) and 505(b)(2) of the CAA provide that a petitioner may ask for judicial review of those portions of an order that deny issues raised in a petition. Any petition for review shall be filed in the United States Court of Appeals for the appropriate circuit no later than February 4, 2019.

Dated: November 21, 2018.

Michelle L. Pirzadeh,

Acting Regional Administrator, EPA Region 10.
