

Public Comment

Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than five days after the date for filing case briefs.⁶ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.⁷

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance. All documents must be filed electronically using ACCESS, which is available to registered users at <http://access.trade.gov>. An electronically filed request must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time, within 30 days after the date of publication of this notice.⁸ Requests should contain: (1) The party's name, address and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs.

Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, no later than 120 days after the date of publication of this notice, unless extended, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1) and (2).

Assessment Rates

Upon issuance of the final results, Commerce shall determine and U.S. Customs and Border Protection (CBP) shall assess antidumping duties on all appropriate entries covered by this revised POR. If Sidenor's weighted-average dumping margin continues to be above *de minimis* in the final results of this review, we will calculate importer-specific assessment rates based on the ratio of the total amount of antidumping duties calculated for each importer's examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1).⁹ If Sidenor's

weighted-average dumping margin is zero or *de minimis* in the final results of this review, we will instruct CBP not to assess duties on any of its entries in accordance with the *Final Modification for Reviews*.¹⁰

For entries of subject merchandise during the POR produced by Sidenor for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company or companies involved in the transaction.

We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

In the *Revocation Notice*, Commerce stated that it would issue instructions to CBP to terminate the suspension of liquidation and to discontinue the collection of cash deposits on entries of subject merchandise, entered or withdrawn from warehouse, on or after August 9, 2017.¹¹ On October 19, 2018, Commerce issued liquidation instructions to CBP.¹² Furthermore, because the antidumping duty order on SSB from Spain has been revoked as a result of the *Revocation Notice*, Commerce will not issue cash deposit instructions at the conclusion of this administrative review.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h)(1) and 351.221(b)(4).

Fresh Garlic From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2016–2017

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that exporters of fresh garlic from the People's Republic of China (China) sold merchandise in the United States at prices below normal value (NV) during the period of review (POR), November 1, 2016, through October 31, 2017. We invite interested parties to comment on these preliminary results.

DATES: Applicable December 10, 2018.

⁸ See 19 CFR 351.310(c).

⁹ In these preliminary results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Duty Proceedings; Final Modification*, 77 FR 8101

DC 20230; telephone: (202) 482-6251 or (202) 482-4956.

SUPPLEMENTARY INFORMATION:

Background

On January 11, 2018, Commerce initiated the twenty-third administrative review of fresh garlic from China with respect to 53 companies and invited interested parties to comment.¹ Commerce exercised its discretion to toll all deadlines affected by the closure of the Federal Government from January 20 through January 22, 2018. As a result, all deadlines in this segment of the proceeding have been extended by three days.²

Scope of the Order

The merchandise covered by the order includes all grades of garlic, whole or separated into constituent cloves. Fresh garlic that are subject to the order are currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) 0703.20.0010, 0703.20.0020, and 0703.20.0090. Although the HTSUS numbers are provided for convenience and customs purposes, the written product description remains dispositive. For a full description of the scope of this order, please see “Scope of the Order” in the accompanying Preliminary Decision Memorandum.³

Partial Rescission of Administrative Review

On January 11, 2018, Commerce initiated a review of 53 companies in this administrative review.⁴ The mandatory respondents are Shandong Jinxiang Zhengyang Import & Export Co., Ltd. (Zhengyang) and Qingdao Sea-line International Trading Co. Ltd. (Sea-line). Between March 27, 2018, and April 12, 2018, review requests were timely withdrawn for twelve companies.⁵ Commerce is, therefore, partially rescinding this administrative review with respect to the companies listed in Appendix I, in accordance with 19 CFR 351.213(d)(1).

² See Memorandum, “Deadlines Affected by the Shutdown of the Federal Government,” dated January 23, 2018 (Tolling Memorandum).

³ See Memorandum, “Decision Memorandum for the Preliminary Results and Final Rescission, In Part, of the 2016–2017 Antidumping Duty Administrative Review: Fresh Garlic from the People’s Republic of China” (November 30, 2018) (Preliminary Decision Memorandum).

⁴ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 83 FR 1329 (January 11, 2018).

⁵ See Preliminary Decision Memorandum at 3.

Methodology

Commerce is conducting these reviews in accordance with sections 751(a)(1)(B) and 751(a)(2)(B) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.214. Export prices were calculated in accordance with section 772(a) of the Act. Because China is a non-market economy (NME) within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum, which is hereby adopted by this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and is available to all parties in the Central Records Unit, room B8024 of the main Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Determination of No Shipments

As discussed at “Preliminary Determination of No Shipments” in the accompanying Preliminary Decision Memorandum, the QTF-Entity⁶ and Jining Shengtai Fruits and Vegetables Co., Ltd. (Shengtai) filed “no shipment” certifications stating that they had no entries into the United States of subject merchandise during the POR. Accordingly, we requested that U.S. Customs and Border Protection (CBP) conduct a query of potential shipments made by the QTF-Entity and Shengtai. Based on the company certifications and our analysis of CBP information, we preliminarily determine that the companies listed in Appendix III did not have any shipments of subject merchandise during the POR. In addition, we find that it is appropriate

⁶ The QTF-Entity includes Qingdao Lianghe International Trade Co., Ltd. (Lianghe); Qingdao Xintianfeng Foods Co., Ltd. (QXF); Qingdao Tiantaixing Foods Co., Ltd. (QTF); Qingdao Tianhefeng Foods Co., Ltd. (QTHF); Qingdao Beixing Trading Co., Ltd. (QBT); Hebei Golden Bird Trading Co., Ltd.; and Huamei Consulting. See Memorandum, “23rd Administrative Review of the Antidumping Duty Order on Fresh Garlic from the People’s Republic of China: Status of the QTF-Entity,” dated October 22, 2018 at Attachment.

to complete the administrative review with respect to these companies and intend to issue appropriate instructions to CBP based on the final results of the administrative review.⁷

Verification

As provided in section 19 CFR 351.307, we intend to verify information relied upon in the final results of the review.

Preliminary Determination of Separate Rates for Non-Selected Companies

In accordance with section 777A(c)(2)(B) of the Act, Commerce employed a limited examination methodology, as we determined that it would not be practicable to examine individually all companies for which a review request was made.⁸ There were six exporters of subject merchandise from China that have demonstrated their eligibility for a separate rate but were not selected for individual examination in this review. These six exporters are listed in Appendix II.

Neither the Act nor Commerce’s regulations address the establishment of the rate applied to individual companies not selected for examination where Commerce limited its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Commerce’s practice in cases involving limited selection based on exporters accounting for the largest volume of imports has been to look to section 735(c)(5) of the Act for guidance, which provides instructions for calculating the all-others rate in an investigation. Section 735(c)(5)(A) of the Act instructs Commerce to use rates established for individually investigated producers and exporters, excluding any rates that are zero, *de minimis*, or based entirely on facts available in investigations. In this review, we calculated weighted-average dumping margins for Zhengyang and Sea-line, and consistent with our practice, calculated an all-others rate for the companies to which it granted separate rate status, but which it did not individually examine.⁹

China-Wide Entity

Commerce’s policy regarding conditional review of the China-wide entity applies to this administrative

review.¹⁰ Under this policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested, and Commerce did not self-initiate, a review of the China-wide entity for this POR, the entity is not under review and the entity's rate (*i.e.*, \$4.71/kg) is not subject to change.¹¹ Aside from the no

shipments companies discussed below, and the companies for which the review is being rescinded, Commerce considers all other companies for which a review was requested, and which did not preliminarily qualify for a separate rate, to be part of the China-wide entity. For additional information, *see* the Preliminary Decision Memorandum.

Preliminary Results of Administrative Review

Commerce preliminarily determines that the following weighted-average dumping margins exist for the administrative review covering the period November 1, 2016, through October 31, 2017:

Exporter	Weighted-average margin (dollars per kilogram)
Shandong Jinxiang Zhengyang Import & Export Co., Ltd.	2.87
Qingdao Sea-Line International Trading Co., Ltd.	4.60
Chengwu County Yuanxiang Industry & Commerce Co., Ltd.	3.69
Jining Alpha Food Co., Ltd.	3.69
Qingdao Maycarrier Import & Export Co., Ltd.	3.69
Shandong Chenhe International Trading Co., Ltd.	3.69
Shandong Happy Foods Co., Ltd.	3.69
Weifang Hongqiao International Logistics Co., Ltd.	3.69

Disclosure, Public Comment and Opportunity To Request a Hearing

Commerce intends to disclose the calculations used in our analyses to parties in this review within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Case briefs or other written comments may be submitted by interested parties no later than seven days after the date on which the final verification report is issued in these proceedings and rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs.¹² Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.¹³ Any electronically filed document must be received successfully in its entirety by Commerce's electronic records system, ACCESS, by the date and time it is due.

Pursuant to 19 CFR 351.310, any interested party may request a hearing within 30 days of publication of this notice. Hearing requests should contain the following information: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations will be limited to issues raised in the case and

rebuttal briefs. If a party requests a hearing, Commerce will inform parties of the scheduled date for the hearing which will be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, at a time and location to be determined. Parties should confirm by telephone the date, time, and location of the hearing.

Commerce intends to issue the final results of these reviews, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review, in accordance with 19 CFR 351.212(b). For the companies for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(l)(i). Commerce intends to issue appropriate assessment instructions with respect to the companies for which this review is rescinded to CBP 15 days after the publication of this notice. For the

remaining companies subject to review, Commerce will direct CBP to assess rates based on the per-unit (*i.e.*, per kilogram) amount on each entry of the subject merchandise during the POR. Commerce intends to issue assessment instructions to CBP 15 days after the publication date of the final results of review.

Pursuant to Commerce's assessment practice in NME cases, for merchandise that was not reported in the U.S. sales databases submitted by an exporter individually examined during this review, but that entered under the case number of that exporter (*i.e.*, at the individually-examined exporter's cash deposit rate), Commerce will instruct CBP to liquidate such entries at the NME-wide rate. In addition, if Commerce determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (*i.e.*, at that exporter's rate) will be liquidated at the China-wide rate.¹⁴

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)

¹⁰ See *Antidumping Proceedings: Announcement of Change in Department Practice for Respondent Selection in Antidumping Duty Proceedings and Conditional Review of the Nonmarket Economy Entity in NME Antidumping Duty Proceedings*, 78 FR 65963 (November 4, 2013).

of the Act: (1) For the companies listed above, the cash deposit rate will be the rate established in these final results of review (except, if the rate is zero or *de minimis*, then zero cash deposit will be required for that company); (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all Chinese exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the China-wide rate of 4.71 U.S. dollars per kilogram; and (4) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.213(h) and 351.221(b)(4).
