(2) Delivery of annual privacy notice after you no longer meet requirements for exception. If you have been excepted from delivering an annual privacy notice pursuant to paragraph (d)(1) of this section and change your policies or practices in such a way that you no longer meet the requirements for that exception, you must comply with paragraph (d)(2)(i) or (ii) of this section, as applicable.

(i) Changes preceded by a revised privacy notice. If you no longer meet the requirements of paragraph (d)(1) of this section because you change your policies or practices in such a way that § 160.8 requires you to provide a revised privacy notice, you must provide an annual privacy notice in accordance with the timing requirements in paragraph (a) of this section, treating the revised privacy notice as an initial privacy notice.

(ii) Changes not preceded by a revised privacy notice. If you no longer meet the requirements of paragraph (d)(1) of this section because you change your policies or practices in such a way that § 160.8 does not require you to provide a revised privacy notice, you must provide an annual privacy notice within 100 days of the change in your policies or practices that causes you to no longer meet the requirements of paragraph (d)(1) of this section.

RIN 2506–AC45
Conforming the Acceptable Separation Distance (ASD) Standards for Residential Propane Tanks to Industry Standards

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Proposed rule.

SUMMARY: This proposed rule would modernize an existing regulation to reduce regulatory and cost burden on communities that may be restricted in their ability to site HUD-assisted projects, including those for low- and moderate-income housing, because of the presence of stationary aboveground liquefied petroleum gas (propane) storage tanks that may be nearby. Specifically, this proposed rule would allow the siting of HUD-assisted projects near stationary aboveground propane storage tanks with a capacity of 250 gallons or less if the storage tank complies with National Fire Protection Association (NFPA) Code 58 (Liquefied Petroleum Gas Code) (2017). HUD proposes to incorporate, by reference, NFPA 58, a voluntary consensus standard for public safety that establishes standards used by the propane industry and operators regarding storage, handling, transportation, and use of propane. To ensure the continued safety of residents in HUD-assisted projects and communities, HUD would rely upon NFPA codes and standards, with which many states already comply.

DATES: Comment Due Date: February 8, 2019.
