The State Coordinator's Announcement is sent electronically at the beginning of each survey period to solicit assistance in identifying state agencies which may perform or fund R&D activities.

Form SRD-1. This form contains item descriptions and definitions of the research and development items collected by the Census Bureau on behalf of the NCSES. It is used primarily as a worksheet and instruction guide by the state agencies providing research and development expenditure data in their respective states. All states supply their data by electronic means.

II. Method of Collection

The Census Bureau mails the 50 State governors, the mayor of DC, and the governor of Puerto Rico a letter requesting that they appoint a state coordinator for the survey. They are asked to respond within 30 days. The Census Bureau then emails the state coordinators a spreadsheet asking them to identify state agencies that may be active R&D performers. State coordinators are asked to respond within 30 days. The Census Bureau subsequently emails each state agency identified by the respective state coordinators a pdf version of the survey form, which contains embedded data checks and auto-summing functionality. Agencies are asked to complete and email back this pdf version of the form. Alternatively, agencies can download the pdf form from the Census Bureau's Help Site or contact the Census Bureau to request an spreadsheet version of the form with similar data checks and auto-summing.
