

The Magnuson-Stevens Act provides the statutory basis for this final rule. No duplicative, overlapping, or conflicting Federal rules have been identified. In addition, no new reporting, recordkeeping, or other compliance requirements are introduced by this final rule.

The Chief Counsel for Regulation of the Department of Commerce certified to the Chief Counsel for Advocacy of the Small Business Administration during the proposed rule stage that this rule would not have a significant adverse economic impact on a substantial number of small entities. The factual basis for this determination was published in the proposed rule and is not repeated here. No significant issues were raised by public comments related to the economic impacts on small businesses, and no changes to this final rule were made in response to public comments. As a result, a final regulatory flexibility analysis was not required and none was prepared.

This final rule contains collection-of-information requirements subject to the Paperwork Reduction Act (PRA) that OMB has approved under control number 0648–0205. Public reporting burdens for renewal applications in the Southeast Region Permit Family of Forms are estimated to vary between 30 and 55 minutes, depending on the applicable form. The estimated reporting burdens are based on an individual response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This final rule does not change existing collection-of-information requirements or estimated reporting burdens. Send comments regarding the burden estimates, or any other aspect of this data collection, including suggestions for reducing the burden to Adam Bailey, NMFS Southeast Regional Office (see **ADDRESSES**), by email to OIRA_Submission@omb.eop.gov, or fax to 202–395–5806.

Notwithstanding any other provision of the law, no person is required to respond to, and no person will be subject to penalty for failure to comply with, a collection of information subject to the requirements of the PRA, unless that collection of information displays a currently valid OMB control number. All currently approved collections of information may be viewed at http://www.cio.noaa.gov/services_programs/prasubs.html.

[Docket No. 170816769–8162–02]

RIN 0648–XG672

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod by Non-American Fisheries Act Crab Vessels Operating as Catcher Vessels Using Pot Gear in the Western Regulatory Area of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific cod by non-American Fisheries Act (AFA) crab vessels that are subject to sideboard limits, and operating as catcher vessels (CVs) using pot gear, in the Western Regulatory Area of the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the 2018 Pacific cod sideboard limit established for non-AFA crab vessels that are operating as CVs using pot gear in the Western Regulatory Area of the GOA.

DATES: Effective 1200 hours, Alaska local time (A.l.t.), December 10, 2018, through 2400 hours, A.l.t., December 31, 2018.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679. Regulations governing sideboard protections for GOA groundfish fisheries appear at subpart B of 50 CFR part 680.

The 2018 Pacific cod sideboard limit established for non-AFA crab vessels, and that are operating as CVs using pot

gear in the Western Regulatory Area of the GOA, is 564 metric tons (mt), as established by the final 2018 and 2019 harvest specifications for groundfish of the GOA (83 FR 8768, March 1, 2018).

In accordance with § 680.22(e)(2)(i), the Administrator, Alaska Region, NMFS (Regional Administrator) has determined that the 2018 Pacific cod sideboard limit established for non-AFA crab vessels that are operating as CVs using pot gear in the Western Regulatory Area of the GOA will soon be reached. Therefore, the Regional Administrator is establishing a sideboard directed fishing allowance of 560 mt, and is setting aside the remaining 4 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 680.22(e)(3), the Regional Administrator finds that this sideboard directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific cod by non-AFA crab vessels that are

operating as CVs using pot gear in the Western Regulatory Area of the GOA.

After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the sideboard directed fishing closure of Pacific cod for non-AFA crab vessels that are subject to sideboard

limits, and that are operating as CVs using pot gear in the Western Regulatory Area of the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of December 6, 2018.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 680.22 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: December 10, 2018.

Karen H. Abrams,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
