exemption under 49 CFR 1150.31 to acquire from Rockdale, Sandow & Southern Railroad Company (RSSR) a railroad line extending from milepost 0.0 at a point of connection with Union Pacific Railroad Company (UP) at Marjorie, Tex., to milepost 6.0 at Sandow, Tex., a total of approximately 6 miles, along with appurtenant land and ancillary trackage (the Line).

AESI states that, as a result of this transaction, it will assume the associated common carrier obligations under federal law, including the obligation to provide rail service. However, AESI states that the Line is currently inactive and it is uncertain at what future point demand for rail service over the Line could again materialize to warrant restored rail operations.

AESI certifies that, as a consequence of the proposed transaction, its projected annual revenues will not result in its becoming a Class II or a Class I rail carrier and its projected annual revenues will not exceed $5 million. AESI also certifies that the proposed transaction does not involve any interchange commitments as defined in 49 CFR 1150.33(h).

The earliest this transaction may be consummated is December 28, 2018, the effective date of the exemption (30 days after the verified notice was filed). AESI states that it intends to consummate the transaction on, or very shortly after, the effective date.

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions to stay must be filed by December 21, 2018 (at least seven days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 36257, must be filed with the Surface Transportation Board, 395 E Street SW, Washington, DC 20423–0001. In addition, a copy of each pleading must be served on AESI's counsel, Robert A. Wimbish, Fletcher & Sippel LLC, 29 North Wacker Drive, Suite 800, Chicago, IL 60606.

According to AESI, no environmental or historic documentation or report is required pursuant to 49 CFR 1105.6(c) and 1105.8(b).

Board decisions and notices are available on our website at www.stb.gov.

By the Board, Scott M. Zimmerman, Acting Director, Office of Proceedings.

Kenyatta Clay,
Clearance Clerk.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: Recording of Aircraft Conveyances and Security Documents

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on October 9, 2018. The collection involves return to the Civil Aviation Aircraft Registry of information relating to the release of a lien that has been recorded with the Registry. Regulations provide for establishing and maintaining a system for the recording of security conveyances affecting title to, or interest in U.S. civil aircraft, as well as certain specifically identified engines, propellers, or spare parts locations, and for recording of releases relating to those conveyances. Federal Aviation Regulations establish procedures for implementation. Regulations describe what information must be contained in a security conveyance in order for it to be recorded with FAA. The convention on the International Recognition signatory, prevents, by treaty, the export of an aircraft and cancellation of its nationality marks if there is an outstanding lien recorded. The Civil Aviation Registry must have consent or release of lien from the lienholder prior to confirmation/cancellation for export.

DATES: Written comments should be submitted by January 14, 2019.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the attention of the Desk Officer, Department of Transportation/FAA, and sent via electronic mail to oira_submission@omb.eop.gov, or faxed to (202) 395–6074, or mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street NW, Washington, DC 20503.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA’s performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB’s clearance of this information collection.

FOR FURTHER INFORMATION CONTACT: Barbara Hall at (940) 594–5913, or by email at: Barbara.L.Hall@faa.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 2120–0043.

Title: Recording of Aircraft Conveyances and Security Documents.

Form Numbers: None.

Type of Review: Renewal of an information collection.

Background: The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on October 9, 2018 (83 FR 50740). Since the single form (AC Form 8050–41, Notice of Recordation) of the collection is sent to the lienholder when the Registry records the lien on aircraft, propeller(s), engine(s) and/or spare parts location(s) as a part of another collection this form is now removed. When the lien is satisfied, the lienholder completes part II of the form AC Form 8050–41 and returns it to the Registry as official notification of the release of the lien. The lienholder may send the same information in any format without the form if desired. The collection involves return to the Civil Aviation Aircraft Registry of information relating to the release of a lien that has been recorded with the Registry. Title 49, U.S.C. Section 44108 provides for establishing and maintaining a system for the recording of security conveyances affecting title to, or interest in U.S. civil aircraft, as well as certain specifically identified engines, propellers, or spare parts locations, and for recording of releases relating to those conveyances. Federal Aviation Regulations part 49 (14 CFR 49) establishes procedures for implementation of 49 U.S.C. 44108. Part
DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

Hazardous Materials: Notice of Applications for Special Permits

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: Notice of actions on special permit applications.

SUMMARY: In accordance with the procedures governing the application for, and the processing of, special permits from the Department of Transportation’s Hazardous Material Regulations, notice is hereby given that the Office of Hazardous Materials Safety has received the application described herein.

DATES: Comments must be received on or before January 14, 2019.

ADDRESSES: Record Center, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, Washington, DC 20590. Comments should refer to the application number and be submitted in triplicate. If confirmation of receipt of comments is desired, include a self-addressed stamped postcard showing the special permit number.

SUPPLEMENTARY INFORMATION: Copies of the applications are available for inspection in the Records Center, East Building, PHH–30, 1200 New Jersey Avenue Southeast, Washington, DC or at http://regulations.gov.

This notice of receipt of applications for special permit is published in accordance with part 107 of the Federal hazardous materials transportation law (49 U.S.C. 5117(b); 49 CFR 1.53(b)).

Issued in Washington, DC, on December 7, 2018.

Donald P. Burger,
Chief, General Approvals and Permits Branch.

Part 107 of the Department of Transportation’s Hazardous Material Regulations (49 CFR part 107) establish procedures governing the application for, and the processing of, special permits from the DOT for hazardous materials transportation law (49 U.S.C. 5117(b); 49 CFR 1.53(b)).
