

The proposed change to remove the account maintenance fee for trade assignment accounts from the Dealer Schedule would provide for the equitable allocation of fees among participants because removing this fee, which does not relate to a service provided by FICC, would improve the accuracy of the Dealer Schedule for all Clearing Members. FICC believes this proposed change is reasonable because, following implementation of the proposed change, the Dealer Schedule would only include fees that relate to existing services provided by FICC. Therefore, this proposed change is also consistent with Section 17A(b)(3)(D).²⁰

Rule 17Ad-22(e)(21) under the Act requires, in part, that FICC establish, implement, maintain and enforce written policies and procedures reasonably designed to be efficient and effective in meeting the requirements of its participants and the markets it serves.²¹ The proposed change to eliminate the Surcharge would eliminate a fee that is no longer necessary to discourage batch submission of trades, for the reasons described above. The proposed change to eliminate the late payment for EPN bills would also eliminate a fee that is no longer necessary to discourage late payment of such bills, for the reasons described above. Finally, the proposed change to remove the account maintenance fee for trade assignment accounts from the Dealer Schedule would remove a fee from the Dealer Schedule that does not relate to a service offered by FICC. Each of these proposed changes would simplify and update the Rules, thereby improving the clarity of the Rules and enhancing their transparency to participants. By removing fees that are no longer necessary or do not relate to FICC's services, and improving the clarity of the Rules, the proposed changes would allow FICC to more efficiently and effectively meet the requirements of its participants. Therefore, FICC believes this proposed rule change is also consistent with Rule 17Ad-22(e)(21).²²

(B) Clearing Agency's Statement on Burden on Competition

FICC does not believe that the proposed rule changes would have any impact, or impose any burden, on competition. The proposed changes would eliminate fees that are no longer necessary, for the reasons described above, and would remove a fee from the Clearing Rules that does not relate to a

service provided by FICC. Each of the proposed changes would apply equally to all participants such that no participants would be subject to the eliminated fees following the implementation of the proposed changes, and the Clearing Rules would no longer identify a fee that does not relate to an FICC service. Therefore, FICC does not believe these proposed changes would not have any impact on competition.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

FICC has not solicited or received any written comments relating to this proposal. FICC will notify the Commission of any written comments that it receives.

III. Date of Effectiveness of the Proposed Rule Change, and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act²³ and paragraph (f) of Rule 19b-4 thereunder.²⁴ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

“Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to revise its floor qualification examination. Specifically, the Exchange proposes to delete obsolete questions, change the format of certain questions from “true/false” to multiple choice, add several new questions, and revise certain questions, as described further below.

The text of the proposed rule change is available on the Exchange’s website at <http://nasdaqphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to improve the Exchange’s program for qualification of members by updating its floor qualification examination. The Exchange has employed a written floor qualification examination, which is required for persons seeking to act as members on the trading floor, for many years.³ The examination was last amended in 2012.⁴

³ See Rules 620(a) and 901(c). See also Rule 1061 applicable to Floor Brokers.

⁴ Securities Exchange Act Release No. 67508 [sic] (July 26 [sic], 2012), 77 FR 46141 (July 27, 2012 [sic]) (SR-Phlx-2012-96). See also Securities Exchange Act Release No. 63603 (December 22, 2010), 75 FR 82419 (December 30, 2010) (SR-Phlx-2010-180); Securities Exchange Act Release No. 33304 (December 9, 1993), 58 FR 65613 (December 15, 1993) (SR-Phlx-92-34).

At this time, the Exchange proposes to update the examination in a variety of ways. The examination would continue to be comprised of 100 questions. Those questions would be randomly and electronically selected from a question bank of 188 questions, an increase of 16 questions from the existing question bank. The floor qualification examination would continue to be administered by the Exchange’s membership department, and continue to require a passing score of 70 during a 75 minute testing period.

The Exchange proposes to delete 11 obsolete questions. Nine of the questions deleted test knowledge that is no longer applicable because of revisions to the PHLX rules. The other two questions deleted test knowledge no longer needed to trade on the Phlx floor. The Exchange also proposes to modify 55 questions by changing the format of those questions from “true/false” to multiple choice. The subject matter covered by each of those questions will not change. The Exchange further proposes to add 27 new questions. Twenty of the new questions generally test knowledge of the new Floor Broker Management System (“FBMS”). The remaining seven questions were added to expand the bank from which questions are selected. Finally, the Exchange notes that certain questions were revised to correct grammatical errors and standardize the answer format. With these changes, the total number of questions available for random and electronic selection will increase from 172 to 188.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act⁶ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. In addition, the Exchange believes that the proposed rule change is consistent with Section 6(c)(3)(B) of the Act,⁷ which authorizes exchanges to prescribe standards of training, experience and competence for persons associated with exchange members, and gives exchanges the authority to bar a natural person from becoming a member or a person associated with a member, if the person does not meet the standards of training,

⁶ 15 U.S.C. 78f(b)(5).

⁷ 15 U.S.C. 78f(c)(3)(B).

experience and competence prescribed in the rules of the exchange. The Exchange believes that revising its floor member qualification examination as proposed in this filing, including by deleting obsolete questions, changing the format of 55 questions from “true/false” to multiple choice, and adding questions, including those that relate to the new FMBS [sic], will better test the knowledge of prospective floor members, and thereby enhance the Exchange’s standards for training, experience and competence. In addition, the exchange is modifying the format of its “true/false” questions to multiple choice and making certain other changes, such as correcting grammatical errors and standardizing the answer format.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(1)⁹ thereunder, the Exchange has designated this proposal as one that constitutes a stated policy, practice or interpretation with respect to the meaning, administration, or enforcement of an existing rule of the SRO, and therefore has become effective.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing,

*A. Self-Regulatory Organization's
Statement of the Purpose of, and the
Statutory Basis for, the Proposed Rule
Change*

1. Purpose

The Exchange proposes to extend the pilot period for the Retail Liquidity Program, currently scheduled to expire on December 31, 2018,⁴ until June 30, 2019.

Background

In July 2012, the Commission approved the Retail Liquidity Program on a pilot basis.⁵ The Program is designed to attract retail order flow to the Exchange, and allows such order flow to receive potential price improvement. The Program is currently limited to trades occurring at prices equal to or greater than \$1.00 per share. Under the Program, Retail Liquidity Providers ("RLPs") are able to provide potential price improvement in the form of a non-displayed order that is priced better than the Exchange's best protected bid or offer ("PBBO"), called a Retail Price Improvement Order ("RPI"). When there is an RPI in a particular security, the Exchange disseminates an indicator, known as the Retail Liquidity Identifier, indicating that such interest exists. Retail Member Organizations ("RMOs") can submit a Retail Order to the Exchange, which would interact, to the extent possible, with available contra-side RPIs.

The Retail Liquidity Program was approved by the Commission on a pilot basis. Pursuant to NYSE Arca Rule 7.44-E(m), the pilot period for the Program is scheduled to end on December 31, 2018.

Proposal To Extend the Operation of the Program

The Exchange established the Retail Liquidity Program in an attempt to attract retail order flow to the Exchange by potentially providing price improvement to such order flow. The Exchange believes that the Program promotes competition for retail order flow by allowing Exchange members to submit RPIs to interact with Retail Orders. Such competition has the ability to promote efficiency by facilitating the price discovery process and generating additional investor interest in trading securities, thereby promoting capital formation. The Exchange believes that
