SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–84773; File No. SR–NYSEArca–2018–89]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the Pilot Period for the Exchange’s Retail Liquidity Program Until June 30, 2019

December 10, 2018.

Pursuant to Section 19(b)(1) 1 of the Securities Exchange Act of 1934 (“Act”) 2 and Rule 19b–4 thereunder, 3 notice is hereby given that, on November 30, 2018, NYSE Arca, Inc. (“Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the pilot period for the Exchange’s Retail Liquidity Program (the “Retail Liquidity Program” or the “Program”), which is currently scheduled to expire on December 31, 2018, until June 30, 2019. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

III. Commission’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to extend the pilot period for the Retail Liquidity Program, currently scheduled to expire on December 31, 2018, 4 until June 30, 2019.

Background

In July 2012, the Commission approved the Retail Liquidity Program on a pilot basis.5 The Program is designed to attract retail order flow to the Exchange, and allows such order flow to receive potential price improvement. The Program is currently limited to trades occurring at prices equal to or greater than $1.00 per share. Under the Program, Retail Liquidity Providers (“RLPs”) are able to provide potential price improvement in the form of a non-displayed order that is priced better than the Exchange’s best protected bid or offer (“PBBO”), called a Retail Price Improvement Order (“RPI”). When there is an RPI in a particular security, the Exchange disseminates an indicator, known as the Retail Liquidity Identifier, indicating that such interest exists. Retail Member Organizations (“RMOs”) can submit a Retail Order to the Exchange, which would interact, to the extent possible, with available contra-side RPs.

The Retail Liquidity Program was approved by the Commission on a pilot basis. Pursuant to NYSE Arca Rule 7.44–E(m), the pilot period for the Program is scheduled to end on December 31, 2018.

Proposal To Extend the Operation of the Program

The Exchange established the Retail Liquidity Program in an attempt to attract retail order flow to the Exchange by potentially providing price improvement to such order flow. The Exchange believes that the Program promotes competition for retail order flow by allowing Exchange members to submit RPIs to interact with Retail Orders. Such competition has the ability to promote efficiency by facilitating the price discovery process and generating additional investor interest in trading securities, thereby promoting capital formation. The Exchange believes that

extending the pilot is appropriate because it will allow the Exchange and the Commission additional time to analyze data regarding the Program that the Exchange has committed to provide. As such, the Exchange believes that it is appropriate to extend the current operation of the Program. Through this filing, the Exchange seeks to amend NYSE Arca Rule 7.44–E(m) and extend the current pilot period of the Program until June 30, 2019.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b)(5) of the Act, in general, and furthers the objectives of Section 6(b)(5) of the Act, in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Exchange believes that extending the pilot period for the Retail Liquidity Program is consistent with these principles because the Program is reasonably designed to attract retail order flow to the exchange environment, while helping to ensure that retail investors benefit from the better price that liquidity providers are willing to give their orders. Additionally, as previously stated, the competition promoted by the Program may facilitate the price discovery process and potentially generate additional investor interest in trading securities. The extension of the pilot period will allow the Commission and the Exchange to continue to monitor the Program for its potential effects on public price discovery, and on the broader market structure.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change simply extends an established pilot program for an additional six months, thus allowing the Retail Liquidity Program to enhance competition for retail order flow and contribute to the public price discovery process.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act and Rule 19b–4(f)(6) thereunder. Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b–4(f)(6)(iii) thereunder.

A proposed rule change filed under Rule 19b–4(f)(6) normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b4(f)(6)(iii), the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B) of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Extension:
Rule 17Ad–2(c), (d), and (h)
Notice is hereby given that pursuant
to the Paperwork Reduction Act of 1995
(“PRA”) [44 U.S.C. 3501 et seq.], the
Securities and Exchange Commission
(“Commission”) is soliciting comments
on the existing collection of information
provided for in Rule 17Ad–2(c), (d), and
(h). (17 CFR 240.17Ad–2(c), (d), and
(h)), under the Securities Exchange Act
of 1934 (15 U.S.C. 78a et seq.). The
Commission plans to submit this
existing collection of information to the
Office of Management and Budget
(“OMB”) for extension and approval.

Rule 17Ad–2(e),(d), and (h)
enumerates the requirements with
which transfer agents must comply to
inform the Commission or the
appropriate regulator of a transfer
agent’s failure to meet the minimum
performance standards set by the
Commission rule by filing a notice.

The Commission receives
approximately 3 notices a year pursuant
to Rule 17Ad–2(c), (d), and (h). The
estimated annual time burden of these
filings on respondents is minimal in
view of: (a) The readily available nature
of most of the information required to be
included in the notice (since that
information must be compiled and
retained pursuant to other Commission
rules); and (b) the summary fashion in
which such information must be
presented in the notice (most notices are
one page or less in length). In light of
the above, and based on the experience
of the staff regarding the notices, the
Commission staff estimates that, on
average, most notices require
approximately one-half hour to prepare.
Thus, the Commission staff estimates
that the industry-wide total time burden
is approximately 1.5 hours.

Written comments are invited on: (a)
Whether the proposed collection of
information is necessary for the proper
performance of the functions of the
Commission, including whether the
information shall have practical utility;
(b) the accuracy of the Commission’s
estimates of the burden of the proposed
collection of information; (c) ways to
enhance the quality, utility, and clarity
of the information collected; and (d)
ways to minimize the burden of the
collection of information on
respondents, including through the use
of automated collection techniques or
other forms of information technology.
Consideration will be given to
comments and suggestions submitted in
writing within 60 days of this
publication.

An agency may not conduct or
sponsor, and a person is not required to
respond to, a collection of information
under the PRA unless it displays a
currently valid OMB control number.

Please direct your written comments
to: Charles Riddle, Acting Director/Chief
Information Officer, Securities and
Exchange Commission, c/o Candace
Korner, 100 F Street NE, Washington,
