Title of Collection: Streamlined Clearance Process for Discretionary Grants.

OMB Control Number: 1894-0001.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 1.

Total Estimated Number of Annual Burden Hours: 3.

Abstract: Section 3505(a)(2) of the PRA of 1995 provides the OMB Director authority to approve the streamlined clearance process proposed in this information collection request. This information collection request was originally approved by OMB in January of 1997. This information collection streamlines the clearance process for all discretionary grant information collections which do not fit the generic application process. The streamlined clearance process continues to reduce the clearance time for the U.S. Department of Education's (ED's) discretionary grant information collections by two months or 60 days. This is desirable for two major reasons: It would allow ED to provide better customer service to grant applicants and help meet ED's goal for timely awards of discretionary grants. § 3474.20(d) adds the requirement for grantees to

develop a dissemination plan for copyrighted work under open licensing. Information contained in the narrative of an application will be captured in the Evidence of Effectiveness Form.
