SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Title of Collection: Assessing Evidence of Effectiveness in Adult Education.

OMB Control Number: 1850–NEW.

Type of Review: A new information collection.

Respondents/Affected Public: Private Sector.

Total Estimated Number of Annual Responses: 60.

Total Estimated Number of Annual Burden Hours: 27.

Abstract: Title II of the Workforce Innovation and Opportunity Act (WIOA) of 2014 mandates a National Assessment of Adult Education. As part of the assessment, ED is conducting a feasibility study to determine whether specific adult education approaches could be rigorously evaluated at this time. If such approaches are identified, ED may elect to conduct effectiveness studies in a subsequent phase of the national assessment.

The feasibility study, which is the focus of this clearance package, will draw on interviews with directors of WIOA-funded adult education programs that currently implement, or that could implement, one of a number of approaches that ED has prioritized. If any of the proposed studies proceed, revised clearance packages will be submitted for data collections not covered under this request.

[Project No. 1250–000]

City of Pasadena, California; Notice of Authorization for Continued Project Operation

On December 29, 2016, City of Pasadena, California, licensee for the Azusa Hydroelectric Project, filed an Application for an Exemption from Licensing pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. The Azusa Hydroelectric Project is located on the Azusa Conduit in Los Angeles County, California.

The license for Project No. 1250 was issued for a period ending December 31,

2018. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year-to-year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 1250 is issued to the licensee for a period effective January 1, 2019 through December 31, 2019, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before December 31, 2019, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that the licensee, City of Pasadena, California, is authorized to continue operation of the Azusa Hydroelectric Project, until such time as the Commission acts on its Surrender of License and application for (conduit) Exemption from Licensing.

Dated: December 12, 2018.

Kimberly D. Bose,
Secretary.
