SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-84812; File No. SR-NASDAQ-2018-079]

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing of Proposed Rule Change To Amend Nasdaq Rules 5705 and 5710 To Adopt a Disclosure Requirement for Certain Securities

December 13, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on November

29, 2018, The Nasdaq Stock Market LLC ("Nasdaq" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Nasdaq Rules 5705 and 5710 to adopt a disclosure requirement for certain securities that seek to provide a return based on a specified multiple or inverse multiple of an underlying index or reference asset. Nasdaq is also proposing to amend Nasdaq Rules 5705 and 5710 to include certain defined terms.

The text of the proposed rule change is available on the Exchange's website at <http://nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq rules allow the listing of securities that seek to exceed by a multiple the performance (leveraged) or exceed by a multiple the inverse of the performance (inverse) of an underlying index or reference asset. Some of these products are designed to track the daily performance of an underlying instrument and holding these products for longer than a day can result in investment returns that are significantly different than the target return. Nasdaq believes that some investors may not fully understand this risk and therefore proposes to amend Nasdaq Rules
