Responses per Respondent: 1.33.
Annual Responses: 1,200.
Average Burden per Response: 15 minutes.

Annual Burden Hours: 300.
Needs and Uses: The information collection requirement is necessary to obtain the selection (as applicable) of the Person Authorized to Direct Disposition (PADD) or the Person Authorized to Effect Disposition (PAED) of the remains of the decedent. These forms were directed by the Secretary of

Defense for transparency and standardization of the mortuary procedures as part of the Final Report of the Dover Port Mortuary Independent Review Subcommittee Implementation Plan and 180-day study. The applicable form(s) is included in the individual case file of the decedent. Currently, there is a lack of standardization across the Military Services as each Service currently utilizes different forms for these elections and they do not all capture the same information even on similar forms. Standardizing the information collected is essential in maintaining the transparency and integrity of the mortuary affairs process.

Affected Public: Individuals or households.

DEPARTMENT OF DEFENSE**Office of the Secretary****[Docket ID: DOD–2018–OS–0101]****Privacy Act of 1974; System of Records****AGENCY:** Office of the Secretary of Defense, DoD.**ACTION:** Notice of a modified system of records.

SUMMARY: The Office of the Secretary of Defense (OSD) proposes to modify a System of Records Notice (SORN), Regional Center Persons/Activity Management System (RCPAMS), DSCA 03. This system provides a solution for Regional Center staff to manage operational, logistical and cost details about people, events, enrollments and organizations, a tool for reporting on all data related to Regional Center events, a platform for sharing common processes, terminology and data elements to facilitate efficient communication between the Regional Centers, a single view of each person with whom any of the Regional Centers have a relationship, representing the current snapshot and historical record of events and biographical information, an interface to other systems with which the Regional Centers must exchange data for use by other users and organizations, and an enterprise-class Customer Relationship Management platform to manage two-way communication between Security Assistance Network (SAN) and RCPAMS related to events and their participants.

As a result of reviewing this system of records notice (SORN), this modification updates the following categories: System location, system manager(s), purpose; categories of individuals, categories of records, routine uses, record access procedures, notification procedures, including the reformatting to coincide with the new SORN template defined in the Office of Management and Budget Circular A–108, “Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act.”

DATES: Comments will be accepted on or before January 18, 2019. This proposed action will be effective the date following the end of the comment period unless comments are received which result in a contrary determination.
