DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2018-0112]

Petition for Waiver of Compliance

Under part 211 of Title 49 Code of Federal Regulations (CFR), this document provides the public notice that on December 4, 2018, the Indiana Harbor Belt Railroad (IHBR) and RJ Corman Railpower petitioned the Federal Railroad Administration (FRA) for approval of modifications and substantive changes to an FRA-approved locomotive crashworthiness design standard as required under 49 CFR 229.207(c). FRA assigned the petition Docket Number FRA-2018-0112.

Specifically, Petitioners seek FRA's approval and concurrence with substantive changes to an FRA-approved locomotive crashworthiness design standard for the IHBR SW 1500 fleet. The SW fleet was originally manufactured from 1966 to 1968 and is undergoing modification to operate on both diesel and compressed natural gas in a "dual-fuel" configuration. Once modified and approved, these locomotives would operate in switching service at IHBR. Because the locomotive modifications include a lengthening of the frame and the replacement of the operator cab, these changes require FRA's approval and concurrence with 49 CFR 229.207(c) to be considered crashworthy.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE, W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- *Website:* <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- *Fax:* 202-493-2251.
- *Mail:* Docket Operations Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE, W12-140, Washington, DC 20590.
- *Hand Delivery:* 1200 New Jersey Avenue SE, Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by February 4, 2019 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.

Anyone can search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). Under 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes.
