

highway safety plan.<sup>7</sup> INFRA projects will be required to incorporate appropriate elements that respond to priority areas identified in that plan and are likely to yield safety benefits. Second, INFRA projects will incorporate appropriate safety-related activities that the Federal Highway Administration (FHWA) has identified as “proven safety countermeasures” due to their history of demonstrated effectiveness.<sup>8</sup>

After selecting INFRA recipients, the Department will work with those recipients on a project-by-project basis to determine the specific safety requirements that are appropriate for each award.

#### b. Other Administrative and Policy Requirements

All INFRA awards will be administered pursuant to the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards found in 2 CFR part 200, as adopted by USDOT at 2 CFR part 1201. A project carried out under the INFRA program will be treated as if the project is located on a Federal-aid highway. All INFRA projects are subject to the Buy America requirement at 23 U.S.C. 313. Additionally, applicable Federal laws, rules and regulations of the relevant operating administration administering the project will apply to the projects that receive INFRA grants, including planning requirements, Stakeholder Agreements, and other requirements under the Department’s other highway, transit, rail, and port grant programs. For an illustrative list of the applicable laws, rules, regulations, executive orders, policies, guidelines, and requirements as they relate to an INFRA grant, please see [http://www.ops.fhwa.dot.gov/Freight/infrastructure/nsfhp/fy2016\\_gr\\_exhbt\\_c/index.htm](http://www.ops.fhwa.dot.gov/Freight/infrastructure/nsfhp/fy2016_gr_exhbt_c/index.htm).

The applicability of Federal requirements to a project may be affected by the scope of the NEPA reviews for that project. For example, under 23 U.S.C. 313(g), Buy America requirements apply to all contracts that are eligible for assistance under title 23, United States Code, and are carried out within the scope of the NEPA finding, determination, or decision regardless of the funding source of such contracts if at least one contract is funded with Title 23 funds.

### 3. Reporting

#### a. Progress Reporting on Grant Activity

Each applicant selected for an INFRA grant must submit the Federal Financial Report (SF-425) on the financial condition of the project and the project’s progress, as well as an Annual Budget Review and Program Plan to monitor the use of Federal funds and ensure accountability and financial transparency in the INFRA program.

#### b. Reporting of Matters Related to Integrity and Performance

If the total value of a selected applicant’s currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then the applicant during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)) about civil, criminal, or administrative proceedings described in paragraph 2 of this award term and condition. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 U.S.C. 2313). As required by section 3010 of Public Law 111-212, all information posted in the designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

Only information that is ultimately determined to be confidential under that procedure will be exempt from disclosure under FOIA.

**SUPPLEMENTARY INFORMATION:**

*Title:* Iranian Financial Sanctions Regulations Report on Closure by U.S. Financial Institutions of Correspondent Accounts and Payable-Through Accounts.

*OMB Number:* 1505-0243.

*Abstract:* Section 561.504(b) of the Iranian Financial Sanctions Regulations, 31 CFR part 561 (the IFSR), specifies that a U.S. financial institution that maintained a correspondent account or payable-through account for a foreign financial institution whose name is added to the Part 561 List<sup>1</sup> on OFAC's website ([www.treasury.gov/ofac](http://www.treasury.gov/ofac)) as subject to a prohibition on the maintaining of such accounts must file a report with OFAC that provides full details on the closing of each such account within 30 days of the closure of the account. This collection of information assists in verifying that U.S. financial institutions are complying with prohibitions on maintaining correspondent accounts or payable-through accounts for foreign financial institutions listed on the Part 561 List. The reports will be reviewed by the U.S. Department of the Treasury and may be used for compliance and enforcement purposes by the agency.

*Current Actions:* There are no changes being made to the notice at this time.

*Type of Review:* Extension of a currently approved collection.

*Affected Public:* U.S. financial institutions operating correspondent accounts or payable-through accounts for foreign financial institutions.

*Estimated Number of Respondents:* The likely respondents and record-keepers affected by this collection of information in section 561.504(b) are U.S. financial institutions operating correspondent accounts or payable-through accounts for foreign financial institutions. Since the date this reporting requirement was added to the IFSR (February 27, 2012) through June 18, 2015, OFAC added the names of two foreign financial institutions to the Part 561 List, of which one remains. No foreign financial institution was added

<sup>1</sup> On March 1, 2018, OFAC created a new list, titled the List of Foreign Financial Institutions Subject to Correspondent Account or Payable-Through Account Sanctions (the "CAPTA List"). The CAPTA List will include foreign financial institutions subject to correspondent or payable-through account sanctions pursuant to sanctions authorities including the Ukraine Freedom Support Act of 2014, as amended by the Countering America's Adversaries Through Sanctions Act, and the North Korea Sanctions Regulations, 31 CFR part 510, as well as the specific strict conditions or prohibitions to which the foreign financial institutions are subject. It eventually will be expanded to include foreign financial institutions subject to correspondent or payable-through account sanctions pursuant to additional authorities, including the Iranian Financial Sanctions Regulations, 31 CFR part 561, which are currently identified on OFAC's Part 561 List. At that time, by separate action, OFAC will move the name of the foreign financial institution on the Part 561 List, along with the relevant prohibition or strict condition(s) to which the foreign financial institution is subject, to the CAPTA List. This will not impact the relevant reporting requirement.

to the Part 561 List during the current reporting period (through December 15, 2018), and the number of respondents to this collection has been zero. For future notices, OFAC will continue to report retrospectively on the number of respondents during the reporting period.

*Estimated Time per Respondent:* 2 hours per response.

*Estimated Total Annual Burden Hours:* While no responses are expected, an estimate of 1 response (2 hours) is being included to account for the possibility that someone could have to provide a notification in the future.

**Request for Comments**

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Approved: December 17, 2018.
