Port Access Route Study: Alaskan Arctic Coast

AGENCY: Coast Guard, DHS.

ACTION: Notice of study; request for comments.

SUMMARY: In order to provide safe access routes for the movement of vessel traffic along the Arctic Coast of the United States for vessels proceeding to or from ports or places of the United States and transiting within the United States Exclusive Economic Zone (EEZ), the Coast Guard is conducting an Alaskan Arctic Coast Port Access Route Study (AAPARS) to evaluate the need for establishing vessel routing measures. The information gathered during this AAPARS may result in the establishment of one or more vessel routing measures.
