AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of public hearing.

SUMMARY: On December 6, 2018, the Environmental Protection Agency (EPA) Acting Administrator signed a proposed rule titled “Review of Standards of Performance for Greenhouse Gas Emissions from New, Modified, and Reconstructed Stationary Sources: Electric Utility Generating Units.” The EPA is announcing that it will hold a public hearing on the proposed action. The hearing will provide interested parties the opportunity to present data, views, or arguments concerning the proposed action.

DATES: The EPA will hold a public hearing on Tuesday, January 8, 2019, in Washington, DC. Please refer to the **SUPPLEMENTARY INFORMATION** section for additional information on the public hearing.

ADDRESSES: The hearing will be held at the EPA WJC East Building, 1201 Constitution Avenue NW, Room 1153, Washington, DC 20004. The hearing will convene at 8:00 a.m. Eastern Standard Time (EST) and will conclude at 7:00 p.m. EST.

Because this hearing is being held at a U.S. government facility, individuals planning to attend the hearing should be prepared to show valid picture identification to the security staff to gain access to the meeting room. Please note that the REAL ID Act, passed by Congress in 2005, established new requirements for entering federal facilities. For purposes of the REAL ID Act, the EPA will accept government-issued IDs, including driver’s licenses from the District of Columbia and all states and territories. Acceptable alternative forms of identification include: Federal employee badges,

passports, enhanced driver's licenses, and military identification cards. For additional information on the status of your state regarding REAL ID, go to: <https://www.dhs.gov/real-id>. Any objects brought into the building need to fit through the security screening system, such as a purse, laptop bag, or small backpack. Demonstrations will not be allowed on federal property for security reasons.

FOR FURTHER INFORMATION CONTACT: The EPA will begin pre-registering speakers for the hearing upon publication of this document in the **Federal Register**. To register to speak at the hearing, please use the online registration form available at <https://www.epa.gov/stationary-sources-air-pollution/forms/public-hearing-proposed-nsps-greenhouse-gas-emissions-new> or contact Adrian Gates at (919) 541-4860 or at gates.adrian@epa.gov. The last day to pre-register to speak at the hearing will be January 2, 2019. By January 7, 2019, the EPA will post at <https://www.epa.gov/stationary-sources-air-pollution/forms/public-hearing-proposed-nsps-greenhouse-gas-emissions-new> a general agenda for the hearing that will list pre-registered speakers in approximate order. The EPA will make every effort to follow the schedule as closely as possible on the day of the hearing; however, please plan for the hearing to run either ahead of schedule or behind schedule. Additionally, requests to speak will be taken the day of the hearing at the hearing registration desk. The EPA will make every effort to accommodate all speakers who arrive and register, although preferences on speaking times may not be able to be fulfilled.

SUPPLEMENTARY INFORMATION: Each commenter will have 5 minutes to provide oral testimony. The EPA encourages commenters to provide the EPA with a copy of their oral testimony electronically (via email) or in hard copy form.

The EPA may ask clarifying questions during the oral presentations, but will not respond to the presentations at that time. Written statements and supporting information submitted during the comment period will be considered with the same weight as oral comments and supporting information presented at the public hearing. Commenters should notify Adrian Gates if they will need specific equipment or if there are other special needs related to providing comments at the hearing. Verbatim transcripts of the hearing and written statements will be included in the docket for the rulemaking.

Please note that any updates made to any aspect of the hearing will be posted online at <https://www.epa.gov/stationary-sources-air-pollution/forms/public-hearing-proposed-nsps-greenhouse-gas-emissions-new>. While the EPA expects the hearing to go forward as set forth above, please monitor our website or contact Adrian Gates at (919) 541-4860 or gates.adrian@epa.gov to determine if there are any updates. The EPA does not intend to publish a document in the **Federal Register** announcing updates.

The EPA will not provide audiovisual equipment. Commenters should notify Adrian Gates when they pre-register to speak if they will require the service of a translator or special accommodations such as audio description. We may not be able to arrange accommodations without advanced notice.

SUPPLEMENTARY INFORMATION:

I. Background

This rule proposes to revise the DFARS to implement section 821 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2018 (Pub. L. 115-91). Section 821 amends 41 U.S.C. 1908(d) to require that the inflation adjustments of statutory acquisition-related thresholds under 41 U.S.C. 1908 apply to existing contracts and subcontracts in effect on the date of the adjustment.

41 U.S.C. 1908, Inflation adjustment of acquisition-related dollar thresholds, requires an adjustment every five years of statutory acquisition-related thresholds for inflation using the Consumer Price Index for All Urban Consumers (CPI-U), except for the Construction Wage Rate Requirements statute (formerly known as the Davis-Bacon Act), Service Contract Labor Standards statute (formerly known as the Service Contract Act), and trade agreements thresholds. See Federal Acquisition Regulation (FAR) 1.109. The last DFARS case that raised the thresholds for inflation was 2014-D025, a final rule published in the **Federal Register** (80 FR 36903) on June 26, 2015, effective October 1, 2015. The next final rule to be published raising thresholds for inflation under 41 U.S.C. 1908 will be effective October 1, 2020.
