

regulations are found at 24 CFR part 135.

The Section 3 Summary Report (Form HUD 60002) is used by recipients of HUD financial assistance (*i.e.*, public housing agencies, municipalities, and property owners) to report the number of jobs, training opportunities for eligible residents and the dollar amount contracting opportunities that have been generated from the expenditure of covered HUD financial assistance, as required at 24 CFR 135.90. Data collected on this form is used to assess the overall effectiveness of Section 3 and to make determinations of compliance with regulatory requirements.

The Section 3 Complaint Register (Form HUD 958) is used by individuals and business owners that meet the definition of a Section 3 resident or business concerns as set forth at 24 CFR part 135.5, or their representatives, to

file complaints alleging noncompliance with the regulatory requirements of Section 3 against recipients of covered HUD financial assistance or their contractors. Information collected on this form is used to inform the Department about recipients that potentially are not complying with 24 CFR part 135, and to initiate subsequent complaint investigations and compliance reviews.

Members of the Affected Public

A. *Section 3 Summary Report—Form HUD 60002:* Staff at public housing agencies, municipalities and HUD multi-family property owners.

B. *Section 3 Complaint Register—Form HUD 958:* Low and very low-income residents and business concerns as defined in 24 CFR part 135.5.

Usage of Information

A. *Section 3 Summary Report—Form HUD 60002:* The information will be

used by the Department to monitor program recipients' compliance with Section 3 requirements. HUD Headquarters will use the information to assess the results of the Department's efforts to meet the regulatory objectives; make compliance determinations; influence enforcement actions; and formulate policy decisions.

B. *Section 3 Complaint Register—Form HUD 958:* Information collected on this form will be used to inform the Department about recipients who may not be in compliance with 24 CFR part 135, and to initiate subsequent complaint investigations and compliance reviews.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response:

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
HUD-60002	5,000	2	10,000	8	80,000	\$22.71	\$1,816,800
HUD-958	20	1	20	1	20	10.00	200

The 2015 Burden had a total of 90,180 hours of burden by adding 10,000 responses per annum for Form HUD 60002 to 20 hours for Form HUD 958 and then multiplying by 9 hours of burden. This calculation is incorrect. For 2015 the burden should have been 80,020 hours total. The above calculation corrects the number of burden hours and reduces the annual burden.

Status of the proposed information collection: Revision of a currently approved collection.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of

information technology, *e.g.*, permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Agency Information Collection Activities; Request for Comments

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the U.S. Geological Survey (USGS) are proposing to renew an information collection.

We are soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the USGS; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the USGS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the USGS minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The Doug D. Nebert NSDI Champion of the Year Award honors a respected colleague, technical visionary, and recognized national leader in the establishment of spatial data infrastructures that significantly enhance the understanding of our physical and cultural world. The award is sponsored by the Federal Geographic Data Committee (FGDC) and its purpose is to recognize an individual or a team representing Federal, State, Tribal, regional, and (or) local government, academia, or non-profit and professional organization that has developed an outstanding, innovative, and operational tool, application, or service capability used by multiple organizations that furthers the vision of the National Spatial Data Infrastructure (NSDI).

National nominations are accepted from the public and private sector individuals, teams, organizations, and professional societies. Nomination packages include three sections: (A) Cover Sheet, (B) Summary Statement, and (C) Supplemental Materials. The cover sheet includes professional contact information. The Summary Statement is limited to two pages and describes the nominee's achievements in the development of an outstanding, innovative, and operational tool, application, or service capability that directly supports the spatial data infrastructures. Nominations may

include up to 10 pages of supplemental information such as resume, publications list, and/or letters of endorsement. The award consists of a citation and plaque, which are presented to the recipient at an appropriate public forum by the FGDC Chair. The name of the recipient is also inscribed on a permanent plaque, which are displayed by the FGDC.
