

in the request—one that extends beyond the public’s right to know about government activity generally. The existence of numerous articles published on a given subject can be helpful in establishing the requirement that there be an “urgency to inform” the public on the topic. As a matter of administrative discretion, IMLS may waive the formal certification requirement.

(4) IMLS must notify the requester within 10 calendar days of the receipt of a request for expedited processing of its decision whether to grant or deny expedited processing. If expedited processing is granted, the request must be given priority, placed in the processing track for expedited requests, and must be processed as soon as practicable. If a request for expedited processing is denied, IMLS must act on any appeal of that decision expeditiously.

■ 13. Amend § 1184.5 by:

- a. Redesignating paragraphs (c), (d), and (e) as paragraphs (d), (e), and (f);
 - b. Adding a new paragraph (c); and
 - c. In newly redesignated paragraph (f):
- i. Removing “FOIA Officer” and adding in its place “FOIA Public Liaison;” and
 - ii. Adding a sentence at the end of the paragraph.

The additions read as follows:

§ 1184.5 How will my request be processed?

* * * * *

(c) *Estimated dates of completion and interim responses.* Upon request, IMLS will provide an estimated date by which the agency expects to provide a response to the requester. If a request involves a voluminous amount of material, or searches in multiple locations, IMLS may provide interim responses, releasing the records on a rolling basis.

* * * * *

(f) * * * In addition, IMLS will provide information about the mediation services provided by the Office of Government Information Services of the National Archives and Records Administration.

■ 14. Amend § 1184.6 by:

- a. Revising paragraph (a); and
- b. In paragraph (b), removing the term “Office of Government Services (OGIS)” and adding in its place “Office of Government Information Services.”

The revision reads as follows:

§ 1184.6 How can I appeal a denial of my request?

(a) *Submission of an appeal.* If your FOIA request has been denied in whole or in part, or if the agency has not found

any records in response to your request, you may file an appeal no later than ninety (90) calendar days following the date of the notification of denial. Your appeal must include a description of the initial request, the reason for the appeal, and why you believe the agency’s response was incorrect. Your appeal must be in writing, signed, and filed with the IMLS Director, c/o Office of the General Counsel, 955 L’Enfant Plaza North SW, Suite 4000, Washington, DC 20024–2135. Appeals may also be sent via email to *foia@imls.gov*, or via facsimile to (202) 653–4625.

* * * * *

■ 15. Amend § 1184.7 by revising paragraphs (f)(3)(ii) and (g) to read as follows:

§ 1184.7 How will fees be charged?

* * * * *

(f) * * *

(3) * * *

(ii) When IMLS requests an advance payment, the time limits described in section (a)(6) of the FOIA will begin only after IMLS has received advanced full payment in full.

(g) *Failure to comply.* In the absence of unusual or exceptional circumstances, IMLS will not assess fees if the agency fails to comply with any time limit set forth in these regulations, unless the agency has determined that unusual circumstances apply and more than 5,000 pages are necessary to respond to the request.

* * * * *

■ 16. Amend § 1184.8 by revising the second sentence of paragraph (b) to read as follows:

§ 1184.8 How can I address concerns regarding my request?

* * * * *

(b) * * * If you seek information regarding OGIS and/or the services it offers, please contact OGIS directly at Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, MD 20740–6001, Email: *ogis@nara.gov*, Phone: (202) 741–5770 or toll free (877) 684–6448, Fax: (202) 741–5769. * * *

§ 1184.9 [Amended]

■ 16. Amend § 1184.9(b)(2) by adding a comma after “local”.

Regulatory Capital Treatment for High Volatility Commercial Real Estate (HVCRE) Exposures

AGENCY: Office of the Comptroller of the Currency, Treasury (OCC).

ACTION: Notice of proposed rulemaking; correction.

SUMMARY: This document corrects OCC’s Regulatory Flexibility Act certification for the proposed rule that was published in the *Federal Register* on September 28, 2018, entitled “Regulatory Capital Treatment for High Volatility Commercial Real Estate (HVCRE) Exposures.”

DATES: The proposed rule published on September 28, 2018 at 83 FR 48990 is corrected as of December 26, 2018. Comments must be received by January 25, 2019.

FOR FURTHER INFORMATION CONTACT: Carl Kaminski, Special Counsel, or Rima Kundnani, Attorney, (202) 649–5490 or, for persons who are deaf or hearing impaired, TTY, (202) 649–5597.

SUPPLEMENTARY INFORMATION:

I. Background

This document supplements the OCC’s Regulatory Flexibility Act (RFA) certification for the notice of proposed rulemaking entitled “Regulatory Capital Treatment for High Volatility Commercial Real Estate (HVCRE) Exposures” (proposed rule) published on September 28, 2018, *Federal Register* Document 2018–20875 (83 FR 48990), by the OCC, the Board of Governors of the Federal Reserve System, and the Federal Deposit Insurance Corporation. The sections of this correction document are effective as if they had been included in the **SUPPLEMENTARY INFORMATION** section of the proposed rule.

II. Summary of Supplemental Language

The Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, requires an agency, in connection with a proposed rule, to prepare an Initial Regulatory Flexibility Analysis describing the impact of the rule on small entities (defined by the SBA for purposes of the RFA to include commercial banks and savings institutions with total assets of \$550 million or less and trust companies with

total assets of \$38.5 million or less) or to certify that the proposed rule would not have a significant economic impact on a substantial number of small entities.

In the OCC's portion of the **SUPPLEMENTARY INFORMATION** section titled "Regulatory Flexibility Act Analysis" of the proposed rule, "Regulatory Capital Treatment for High Volatility Commercial Real Estate (HVCRE) Exposures," the OCC stated that the proposal likely would impact a substantial number of small entities. However, the OCC determined that the impact of the proposal would not be economically significant. Therefore, the OCC certified, for the purpose of the RFA, that the proposed rule would not have a significant economic impact on a substantial number of OCC-supervised small entities.

The United States Small Business Administration, which monitors compliance with the RFA, has asked the OCC to provide additional detail to support its certification. Therefore, the OCC is revising the administrative record to include additional information.

Correction

In the third column on page 48996 and the first column on page 48997, revise the section following "B. Regulatory Flexibility Act Analysis" to read as follows:

"OCC: The Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, (RFA), requires an agency, in connection with a notice of proposed rulemaking, to prepare a Final Regulatory Flexibility Analysis describing the impact of the proposed rule on small entities (defined by the Small Business Administration (SBA) for purposes of the RFA to include banking entities with total assets of \$550 million or less) or to certify that the proposed rule would not have a significant economic impact on a substantial number of small entities.

As of June 30, 2018, the OCC supervised 886 small entities.¹ Currently, 211 small OCC-supervised institutions hold high volatility commercial real estate (HVCRE) exposures and thus will be directly impacted by the proposed rule. Therefore, the proposed rule potentially

affects a substantial number of small entities.

The proposed rule would impact two principal areas: (1) The impact associated with implementing revisions to the capital rule to make the definition of an HVCRE exposure consistent with the new statutory definition and, (2) the impact associated with the time required to update policies and procedures and to re-evaluate HVCRE loan portfolios.

As described in the **SUPPLEMENTARY INFORMATION** section in the preamble to this proposed rule, the OCC believes the change to the definition of HVCRE exposure would result in fewer loans being deemed HVCRE exposures. Therefore, the amount of capital required would decrease for impacted OCC-supervised entities.

Further, the OCC believes no currently reported non-HVCRE acquisition, development, or construction (ADC) exposures would be reclassified as HVCRE exposures, and thus there would be no additional compliance burden to OCC-supervised entities for the non-HVCRE component of their ADC portfolios. The proposed rule would not require OCC-supervised entities to amend previously filed reports as OCC-supervised entities adjust their estimates of existing HVCRE exposures. This would serve to minimize the compliance burden for OCC-supervised entities.

Compliance burdens that OCC-supervised entities may face could include: (1) Updating policies and procedures to classify newly issued HVCRE loans; and (2) time spent re-evaluating existing HVCRE exposures in order to determine if any are eligible to be reclassified and thus receive a lower risk-weight of 100 percent. Based on the OCC's supervisory experience, OCC staff estimates that it would take an OCC-supervised institution, on average, a one-time investment of one business week, or 40 hours, to update policies and procedures and to re-evaluate their HVCRE exposures for loans originated after January 1, 2015.

The OCC's threshold for a significant effect is whether cost increases associated with a proposed rule are greater than or equal to either 5 percent of a small bank's total annual salaries and benefits or 2.5 percent of a small bank's total non-interest expense. The estimated compliance costs of \$4,680 per institution (40 hours × \$117 per hour)² would not exceed either of these

thresholds for a significant impact on any of the 886 OCC-supervised small entities.

For this reason, the OCC certifies that the proposed rule would not have a significant economic impact on a substantial number of OCC-supervised small entities."

Airworthiness Directives; Sikorsky Aircraft Corporation Helicopters

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Supplemental notice of proposed rulemaking (SNPRM); reopening of comment period.

SUMMARY: We are revising an earlier proposal for Sikorsky Aircraft Corporation (Sikorsky) Model S-92A helicopters. This action revises the notice of proposed rulemaking (NPRM) by increasing the estimated costs of compliance and removing the daily inspection requirements. We are proposing this airworthiness directive (AD) to address the unsafe condition on these products. Since these actions would impose an additional economic burden over that proposed in the NPRM, we are reopening the comment period to allow the public the chance to comment on this change.

DATES: The comment period for the NPRM published in the **Federal Register** on July 15, 2016 (81 FR 46002), is reopened.

We must receive comments on this SNPRM by February 11, 2019.

ADDRESSES: You may send comments, using the procedures found in 14 CFR 11.43 and 11.45, by any of the following methods:

¹ The OCC calculated the number of small entities using the SBA's size thresholds for commercial banks and savings institutions, and trust companies, which are \$550 million and \$38.5 million, respectively. Consistent with the General Principles of Affiliation, 13 CFR 121.103(a), the OCC counted the assets of affiliated financial institutions when determining whether to classify a national bank or Federal savings association as a small entity.
