Entergy Services, LLC; Notice of Filing

Take notice that on December 17, 2018, Entergy Services, LLC submitted a Compliance Refund Report providing the final calculation of refunds due from Entergy Arkansas, Inc. to other Entergy Operating Companies, pursuant to the Federal Energy Regulatory Commission's October 18, 2018 Order.¹

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. [Docket No. CP19-11-000]

Sabine Pass LNG, L.P.; Notice of Schedule for Environmental Review of the SPLNG Third Berth Expansion Project

On October 29, 2018, Sabine Pass LNG, L.P. (SPLNG) filed an application in Docket No. CP19-11-000 requesting authorization pursuant to section 3(a) of the Natural Gas Act to construct and operate certain liquefied natural gas (LNG) facilities in Sabine Pass, Louisiana. The proposed project is known as the SPLNG Third Birth Expansion Project (Project) and would include an expansion of the existing Sabine Pass LNG facility (Terminal), located in Cameron Parish, Louisiana on the Sabine Pass Channel.

On November 7, 2018, the Federal Energy Regulatory Commission (FERC or Commission) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on the request for a federal authorization within 90 days of the date of issuance of the Commission staff's Environmental Assessment (EA) for the Project. This instant notice identifies the FERC staff's planned schedule for completion of the EA for the Project. The forecasted schedule for the EA is based upon SPLNG providing complete and timely responses to any data requests. In addition, the schedule assumes that the cooperating agencies will provide input on their areas of responsibility on a timely basis.

Schedule for Environmental Review

Issuance of EA: (August 23, 2019).
90-day Federal Authorization Decision Deadline: (November 21, 2019).

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

Project Description

The proposed expansion of the Terminal consists of the addition of a third marine berth (Third Berth) and supporting facilities. The Third Berth would be used to load LNG carriers for export and would be sized to accommodate vessels with a capacity of 125,000 cubic meters (m³) to 180,000 m³. The supporting facilities would
