[Release No. 34-84893; File No. SR-NYSE-2018-63]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Its Price List To Extend for One Year a Fee Discount for the Partial Cabinet Solution Bundles Offered in Connection With the Exchange's Co-Location Services

December 20, 2018.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on December 12, 2018, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Exchange's Fee Schedules to extend a fee discount for the Partial Cabinet Solution bundles offered in connection with the Exchange's co-location services.⁴ The Exchange offers the four Partial Cabinet Solution bundles to attract smaller Users, such as those with minimal power or cabinet space demands, or those for which the attendant costs of having a dedicated cabinet and related connectivity are too burdensome.⁵

The Exchange offers Users⁶ that purchase a Partial Cabinet Solution bundle on or before December 31, 2018 a 50% reduction in the monthly recurring charges ("MRC") for the first 24 months.⁷ The Exchange proposes to extend the 50% fee reduction to those Users that purchase a Partial Cabinet Solution bundle on or before December 31, 2019.⁸ The Exchange does not propose to amend the length of the discount period.

The amended portions of the Fee Schedules would read as follows:

⁴ The Exchange initially filed rule changes relating to its co-location services with the Commission in 2010. See Securities Exchange Act Release No. 62960 (September 21, 2010), 75 FR 59310 (September 27, 2010) (SR-NYSE-2010-56). The Exchange operates a data center in Mahwah, New Jersey (the "data center") from which it provides co-location services to Users.

⁵ See Securities Exchange Act Release No. 77072 (February 5, 2016), 81 FR 7394 (February 11, 2016) (SR-NYSE-2015-53).

⁶ For purposes of the Exchange's co-location services, a "User" means any market participant that requests to receive co-location services directly from the Exchange. See Securities Exchange Act Release No. 76008 (September 29, 2015), 80 FR 60190 (October 5, 2015) (SR-NYSE-2015-40). As specified in the Price List, a User that incurs co-location fees for a particular co-location service pursuant thereto would not be subject to co-location fees for the same co-location service charged by the Exchange's affiliates NYSE American LLC ("NYSE American"), NYSE National, Inc. ("National"), and NYSE Arca, Inc. ("NYSE Arca" and, together with NYSE American and NYSE National, the "Affiliate SROs"). See Securities Exchange Act Release No. 70206 (August 15, 2013), 78 FR 51765 (August 21, 2013) (SR-NYSE-2013-59).

⁷ See Securities Exchange Act Release No. 79715 (December 30, 2016), 82 FR 1777 (January 6, 2017) (SR-NYSE-2016-91).

⁸ The Exchange previously extended the MRC reduction for one year. See Securities Exchange Act Release No. 82223 (December 6, 2017), 82 FR 58459 (December 12, 2017) (SR-NYSE-2017-62). As is the case with all Exchange colocation arrangements, (i) neither a User nor any of the User’s customers would be permitted to submit orders directly to the Exchange unless such User or customer is a member organization, a Sponsored Participant or an agent thereof (e.g., a service bureau providing order entry services); (ii) use of the colocation services proposed herein would be completely voluntary and available to all Users on a non-discriminatory basis;⁹ and (iii) a User would only incur one charge for the particular colocation service described herein, regardless of whether the User connects only to the Exchange or to the Exchange and one or both of its affiliates.¹⁰

⁹ As is currently the case, Users that receive colocation services from the Exchange will not receive any means of access to the Exchange’s trading and execution systems that is separate from, or superior to, that of other Users. In this regard, all orders sent to the Exchange enter the Exchange’s trading and execution systems through the same order gateway, regardless of whether the sender is co-located in the data center or not. In addition, co-located Users do not receive any market data or data service product that is not available to all Users, although Users that receive colocation services normally would expect reduced latencies in sending orders to, and receiving market data from, the Exchange.

¹⁰ See SR–NYSE–2013–59, *supra* note 6 at 51766. The Exchange’s affiliates have also submitted substantially the same proposed rule change to propose the changes described herein. See SR–NYSEAmer–2018–55 and SR–NYSEArca–2018–93, and SR–NYSENAT–2018–26.

2. Statutory Basis

The Exchange believes that the proposal is consistent with Section 6(b) of the Act,¹¹ in general, and furthers the objectives of Sections 6(b)(4)¹² and 6(b)(5)¹³ of the Act, in particular. The proposal is consistent with Section 6(b)(4) of the Act because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers. The Proposal is also consistent with Section 6(b)(5) of the Act because it is designed to promote just and equitable principles of trade, remove impediments to, and perfect the mechanisms of, a free and open market and a national market system and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes that the proposal provides for the equitable allocation of reasonable dues, fees, and other charges because it would extend the existing eligibility for a 50% MRC reduction for another year, providing smaller Users with minimal power or cabinet space demands with additional

time to purchase a Partial Cabinet Solution at a discounted rate. The Exchange believes that it is reasonable to continue to offer the fee reduction as an incentive to Users to utilize the service, including both new and past Users. As is currently the case, the purchase of any colocation service (including Partial Cabinet Solution bundles) is completely voluntary. All Users that order a bundle on or before December 31, 2019 would have their MRC reduced by 50% for the first 24 months.

The proposal would remove impediments to, and perfects the mechanisms of, a free and open market and a national market system because extending the 50% MRC reduction would continue to make it more cost effective for Users to utilize colocation by offering a cost effective, convenient way to create a colocation environment, through the choice of four Partial Cabinet Solution bundles with different cabinet footprints and network connections options. As mentioned above, the Exchange expects that such Users would include those with minimal power or cabinet space demands and Users for which the costs attendant with having a dedicated cabinet or greater network connection bandwidth are too burdensome.

¹¹ 15 U.S.C. 78f(b).

¹² 15 U.S.C. 78f(b)(4).

¹³ 15 U.S.C. 78f(b)(5).

The proposal would not unfairly discriminate between customers, issuers, brokers or dealers because it would apply to all Users equally. The Exchange would continue to offer the same four different Partial Cabinet Solution bundles with different cabinet footprints and network connections options. Users that require other sizes or combinations of cabinets, network connections and cross connects could still request them.

For the reasons above, the proposed changes do not unfairly discriminate between or among market participants that are otherwise capable of satisfying any applicable co-location fees, requirements, terms and conditions established from time to time by the Exchange.

Finally, the Exchange believes that it is subject to significant competitive forces, as described below in the Exchange's statement regarding the burden on competition.

For these reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule changes will not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of Section 6(b)(8) of the Act.¹⁴ The proposal changes will enhance competition by continuing to offer cost effective options for Users to create a colocation environment through four Partial Cabinet Solution bundles. Partial Cabinet Solution bundles allow Users to select their desired cabinet footprint and network connections at a reduced MRC for the first 24 months. Such Users may choose, in turn, to pass on such cost savings to their customers. In addition to the proposed services being completely voluntary, they are available to all Users on an equal basis (*i.e.* the same products and services are available to all Users, and the extension of the 50% reduction for the MRC for the Partial Cabinet Solution bundles, would apply to all Users).

The Exchange operates in a highly competitive market in which exchanges offer co-location services as a means to facilitate the trading and other market activities of those market participants who believe that co-location enhances the efficiency of their operations. Accordingly, fees charged for co-location services are constrained by the active competition for the order flow of, and other business from, such market participants. If a particular exchange

charges excessive fees for co-location services, affected market participants will opt to terminate their co-location arrangements with that exchange, and adopt a possible range of alternative strategies, including placing their servers in a physically proximate location outside the exchange's data center (which could be a competing exchange), or pursuing strategies less dependent upon the lower exchange-to-participant latency associated with co-location. Accordingly, the exchange charging excessive fees would stand to lose not only co-location revenues but also the liquidity of the formerly co-located trading firms, which could have additional follow-on effects on the market share and revenue of the affected exchange. In such an environment, the Exchange must continually review, and consider adjusting, its services and related fees and credits to remain competitive with other exchanges.

For the reasons described above, the Exchange believes that the proposed rule changes reflect this competitive environment.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)¹⁵ of the Act and subparagraph (f)(2) of Rule 19b-4¹⁶ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁷ of the Act to determine whether the proposed rule change should be approved or disapproved.
