

for targeted sampling. It also would permit BLS to target only the units meeting the specific set of characteristics desired allowing BLS to delve into specific areas of economic interest without burdening establishments which do not meet the specific targeted features. The QBS is designed to encourage a fast response and minimize respondent burden. In this manner, BLS can provide information that is needed quickly and is not collected elsewhere.

Through the second operations test, the BLS will continue to evaluate the following goals: To develop and evaluate a QBS system, to understand the extent to which ARS respondents have access to different types of information in order to provide parameters for future QBS, and to estimate response rates. In addition, the second test will afford further analysis of more refined sampling methodology and efforts to improve response rates, and will allow the development of a detailed cost model for use in potential future production.

### III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

## DEPARTMENT OF LABOR

### Office of Workers' Compensation Programs

#### Division of Longshore and Harbor Workers' Compensation; Proposed Extension of Existing Collection; Comment Request

**ACTION:** Notice.

**SUMMARY:** The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Division of Longshore and Harbor Workers' Compensation is soliciting comments concerning the proposed collection: Carrier's Report of Issuance of Policy (LS-570). A copy of the proposed information collection request can be obtained by contacting the office listed below in the **ADDRESSES** section of this Notice.

**DATES:** Written comments must be submitted to the office listed in the **ADDRESSES** section below on or before February 26, 2019.

**ADDRESSES:** You may submit comments by mail, delivery service, or by hand to Ms. Yoon Ferguson, U.S. Department of Labor, 200 Constitution Ave. NW, Room S-3323, Washington, DC 20210; by fax (202) 354-9647; or email to [ferguson.yoon@dol.gov](mailto:ferguson.yoon@dol.gov). Please use only one method of transmission for comments (mail/delivery, fax, or email).

Please note that comments submitted after the comment period will not be considered.

### SUPPLEMENTARY INFORMATION:

#### I. Background

Authorized insurance carriers are required to report the issuance of policies and endorsements under the Longshore and Harbor Workers' Compensation Act and its extensions, the Defense Base Act, Outer Continental Shelf Lands Act and Non-Appropriated Fund Instrumentalities Act, to the Department of Labor's Office of Workers' Compensation Programs (OWCP). 20 CFR 703.116. Carriers use the form LS-570 for this purpose. Filing the form LS-570 with OWCP's Division of Longshore and Harbor Workers' Compensation binds the carrier to full liability for the named employer's obligations under the Act or its extensions. 20 CFR 703.118. This information collection is currently approved for use through May 31, 2019.

#### II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- enhance the quality, utility and clarity of the information to be collected; and
- minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

#### III. Current Actions

The Department of Labor seeks the approval of the extension of this currently approved information collection. The information is necessary (i) to ensure compliance by employers, (ii) to bind the carrier to the liabilities of the employer under 20 CFR 703.118 and (iii) so that the districts can identify the correct carrier for claims to ensure prompt payment of compensation to injured workers.

*Type of Review:* Extension.

[Notice (18-101)]

### Notice of Intent To Grant Partially Exclusive Patent License

**AGENCY:** National Aeronautics and Space Administration.

**ACTION:** Notice of intent to grant partially exclusive patent license.

**SUMMARY:** NASA hereby gives notice of its intent to grant a partially exclusive patent license in the United States to practice the inventions described and claimed in U.S. Patent Application Serial No. 15/635,011 entitled, "Ammonia Capture and Recovery System and Method for Removing Ammonia from a Wastewater Stream," KSC-13681-CIP, to Aquatecture, LLC, having its principal place of business in Los Angeles, CA. Aquatecture, LLC has requested a partially exclusivity patent license.

**DATES:** The prospective partially exclusive patent license may be granted unless, NASA receives written objections, including evidence and argument, no later than January 14, 2019 that establish that the grant of the license would not be consistent with the requirements regarding the licensing of federally owned inventions as set forth in the Bayh-Dole Act and implementing regulations. Competing applications

completed and received by NASA *no later than* January 14, 2019 will also be treated as objections to the grant of the contemplated partially exclusive license. Objections submitted in response to this notice will not be made available to the public for inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act.

**ADDRESSES:** Objections relating to the prospective license may be submitted to Patent Counsel, Office of the Chief Counsel, Mail Code CC-A, NASA John F. Kennedy Space Center, Kennedy Space Center, FL 32899. Telephone: 321-867-2076; Facsimile: 321-867-1817; email: [KSC-Patent-Counsel@mail.nasa.gov](mailto:KSC-Patent-Counsel@mail.nasa.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

This is a request for authorization to collect information under the NASA Federal Acquisition Regulation Supplement (NFS) Clause, 1852.223-70, Safety and Health Measures and Mishap Reporting, formerly entitled "Safety and Health." While the clause is proposed to be revised to eliminate some information collected requirements, two distinct information collection requirements will remain (1) notification of a Type A, B, C, or D Mishap, or a close call as defined in NASA Procedural Requirements (NPR) 8621.1 Mishap and Close Call Reporting, Investigating and Recordkeeping, and (2) quarterly reports specifying lost-time frequency rate, number of lost-time injuries, exposure, and accident/incident dollar losses.

##### II. Methods of Collection

Electronic.

##### III. Data

Title: Safety and Health Measures and Mishap Reporting.

OMB Number: 2700-0160.

Type of review: Renewal.

NSF clause 1852.223-70, Safety and health measures and mishap reporting. Under this clause, NASA contractors are to immediately notify the contracting officer when a mishap (Type A, B, C, D or Close Call) occurs. The data the contractors provide to NASA includes incident location, date and time of incident, number of fatalities if known, number of hospitalized employees if known, type of injury if known, type of damage if known, contact person, contact person phone, number, and brief description of the incident.

NASA estimates that the notification of a mishap will take a contractor approximately 4 hours, counting initial notifications, supervisory notifications, and contracting officer notifications.
